Fireworks on Shawme Pond - First Night Celebration 2015

Report of the BOARD OF SELECTMEN AND TOWN MANAGER

Two thousand and fifteen was an eventful year for the Board of Selectmen and Town Manager's Office, with infrastructure and planning continuing to play a prominent role throughout the year. The Board discussed their current priorities for large scale capital projects, including the relative merits, and likelihood of funding, some of the most important issues, including: public safety facilities, roads, beach erosion reconstruction, the Wing School, and future wastewater treatment facilities.

Regarding public safety facilities, the Board solicited considerable additional staff input based on research from professional consultants, and decided to focus on an option estimated to cost a minimum of \$15 million. This option would include: (i) one new fire/emergency medical services (EMS) substation at the corner of Quaker Meetinghouse Road and Cotuit Road; (ii) minimal improvements to the East Sandwich fire substation to make it temporarily inhabitable for permanent fire/EMS staff; and (iii) a new, vastly scaled-down Police Department headquarters at the corner of Quaker Meetinghouse Road and Cotuit Road. This plan reflects how the Board 'listened' to voters by pursuing at a *three-station* fire/EMS solution that includes coverage in downtown Sandwich in addition to south Sandwich and east Sandwich, and is also significantly less costly compared to the previous proposal which failed at the ballot. The Board anticipates asking voters for funding for this project, including the associated recurring increase in Fire Department staffing, at either the Annual or a Special Town Meeting in calendar year 2016.

In 2015 the Board selected a highly qualified architectural firm to conduct a facility assessment and feasibility study of the Henry T. Wing School in anticipation of the School Committee decommissioning the use of this building. As part of the study process, the Town received substantial community input and feedback about potential future uses of the building. Unfortunately, the realistic cost estimates prepared by professional, independent cost estimators for any future reuse of all, or portions, of this structure are substantial. As a result, the Board is focusing on three specific options: (1) demolish the entire structure and replant the site; (2) demolish the entire structure except for the 1927 auditorium/multi-purpose room portion; restore the 1927 auditorium/multi-purpose room portion with the addition of new public restrooms and replant the rest of the site; and (3) demolish the entire structure except for the whole 1927 portion; restore the 1927 portion, and construct a new gymnasium. A great deal of work by the Board, based on input from the community, will have to be done in the next few years to determine the feasibility of actually funding *any* of these options as the School Department ultimately transitions their current administrative offices out of the building and it eventually becomes vacant.

In 2015 the Board notably lifted a long-standing moratorium on accepting any new private roads as public ways, and formally adopted an updated Street Layout and Acceptance Policy. Since

this policy was adopted by the Board in May, 2015, the Town has received one complete petition from the abutters of a private road: Aviators Lane. Town staff, the Board of Selectmen and the Planning Board will work diligently to ensure that this petition is promptly evaluated with the goal of placing this question before voters at the Annual Town Meeting in May, 2016.

The Town also continued to devote an extraordinary amount of staff resources and funding toward making improvements at Town Neck Beach, which was weakened by years of erosion and battered by strong coastal storms. After years of effort, in 2015 the Town received formal notification by the federal Army Corps of Engineers that it received approval of a "Section 204 program" that would have authorized the federal government to contribute 65 percent of the total incremental cost to dispose of more than 150,000 cubic yards of sand material to be dredged from the Cape Cod Canal onto Town Neck Beach. Ultimately, due to unanticipated litigation from several private property owners in the area, the Town had to quickly shift its approach, which was subsequently upheld by a strongly worded, emergency court ruling. Then, with the support of a \$1 million grant from a previously appropriated state bond authorization, and an additional \$600,000 from Community Preservation Funds approved at a Special Town Meeting in November 2015, the Town was able to fund 100 percent of the cost to place the dredged sand material onto the public portions of Town Neck Beach, including the related planting of beach grass.

As of the writing of this Annual Town Report, the hopper dredge barge has arrived in the Canal, large sections of massive steel pipe have been placed on Town Neck Beach stretching into Cape Cod Bay, bulldozers and other heavy equipment are on-site, and sand is being pumped onto Town Neck beach. While there were many twists and turns in the road, the community is ecstatic that it is finally able to achieve its longstanding goal of partially rebuilding this critically important natural resource in Town.

In anticipation of the completion of the beach reconstruction project by the end of March 2016, the Board began the process to hire a professional architectural firm to complete a feasibility study for the construction of a new bathhouse/public restroom/concession building to be located at Town Neck Beach. This is one example of the Board implementing the recently adopted Beach Management Plan, and trying to responsibly plan for future capital investment in this high priority area of town.

The Town continued its commitment to historic preservation with the planning for the rehabilitation of two historic Town-owned buildings: the Deacon Eldred House located at 4 Water Street, and the Clark-Haddad Memorial Building located at 16 Dewey Avenue. With the use of Community Preservation Act Administrative Funds, the Board hired a highly qualified architectural firm that specializes in historic preservation to complete facility assessments and feasibility studies for the adaptive re-use of these two important structures. Based on these reports, the Board formally submitted a Community Preservation Committee application for funding

the complete historic preservation of the Clark-Haddad Memorial Building.

The Board also submitted a Community Preservation Committee application to fund long-needed repairs to the Lower Shawme Dam, Grist Mill foundation, fish ladder, and associated stone retaining walls. The work will include all the engineering, permits, and construction funding to pressure grout the Grist Mill walls and floor; repoint the upstream face dam stone walls; reconstruct the stone wall abutting the southern side of Town Hall; and replace the spillway, fish ladder and inside stone walls.

The Community Preservation Committee approved both of these applications submitted by the Board, and we anticipate their inclusion on the Annual Town Meeting Warrant in the spring of 2016.

After literally decades of work, the Board executed an updated lease with the Army Corps of Engineers for the East Boat Basin, more commonly known as the Sandwich Marina. This updated lease allowed the Town to construct a desperately needed new Harbormaster office and garage building that will also include year-round public restrooms. During 2015 the Town hired an architect and project manager, finalized the building's design, and went out to bid to hire a qualified contractor. As of the date of the writing of this report, the new septic system has been installed, the foundation has been excavated and poured, the steel framing has been erected, and the walls are being constructed. This facility, which is 100 percent funded from Sandwich Marina operating revenues (not property tax revenue), is being designed and constructed to be functional and durable for literally generations to come. We look forward to its completion in the fall of 2016.

The Town also worked with MassDevelopment after receiving a pre-development grant for this area. This grant funded a fascinating study of public and private land in the greater marina area that evaluated both achievable near-term, and longer-term 'blue sky', land development concepts. We look forward to working with the private landowners in the area to determine the most appropriate next steps to facilitate more public and private development in the future.

In an additional effort to facilitate economic development in Town, the Board (as previously authorized by Town Meeting)

executed a long-term lease with the Sandwich Chamber of Commerce to allow the Chamber to construct a new visitor center on Town-owned land for \$1.00 per year. The Board is excited to be able to provide this in-kind support for the Chamber's efforts to increase tourism and economic activity in Town, and it looks forward to its completion in 2016.

One very high-profile issue throughout 2015 was the Board's selection of a private, commercial developer to purchase Town-owned land in the South Sandwich Village Center to construct a large for-profit indoor and outdoor athletic facility, with associated retail and commercial uses and a medium sized hotel. This culminated in the execution of a purchase and sales agreement in late 2014. It is the Board's hope that the developer will be able to meet the deadlines included in the purchase and sales agreement in order to be able to close on the property in 2016 and ultimately see the project through to completion.

In 2013 the Board approved a reorganization plan that created the first ever "Finance Director" for the Town of Sandwich. After successfully serving in this new position, long time Town Accountant Doreen Guild ultimately retired after nearly two decades of dedicated service to the Town. We would like to thank Doreen for guiding the Town's finances so successfully throughout the years.

In closing, we would like to thank all of our Town employees who work to provide efficient and effective municipal services, including a special thank you to all of the various unpaid volunteers on all of our boards and committees who dedicate countless hours every year. The Town could not function as well as it does without all of their efforts.

Respectfully submitted,

Frank Pannorfi , Chairman
Susan James, Vice Chair
Ralph A. Vitacco
R. Patrick Ellis
Peter Beauchemin

Report of the HUMAN RESOURCES DEPARTMENT

The Human Resources Department posted over thirty six (36) positions during 2015 from at least fifteen (15) different Town departments. We continue to receive high numbers of applications for every position we post. We are reminded just how fortunate we are to be current Sandwich Town Employees. We again saw some of our long term employees retire or move on to other positions. We congratulate them and thank them for their many years of service.

Worker's compensation/Line of Injury claims have remained about the same as last year. Their complexities have continued to be markedly more challenging. We are hopeful that with additional safety training we will see a decrease in claims. The Human Resources department handles all Workers Compensation claims for the both School and Town employees as well as Line of Injury (111F) claims for our Fire and Police Departments.

The Safety Committee continues to meet with MIIA Loss Control Manager Jeff Siena. The following departments, Fire, Police, DPW, Marina, Engineering, Golf, Recreation, Building, School Maintenance and Public Facilities can always be relied on to attend these meetings. Different training opportunities are discussed including driver training, back safety, etc. This all helps with keeping our safety standards up and injuries down. Kathleen Coggeshall and Jan Hagberg, co-chairs of the committee, continue to provide information for departments on safety workshops and other procedures related to Public Official Liability, Workers Compensation and General Liability and Auto Insurance. Once again, we participated in the "MIIA Rewards" program. This year we received a credit of \$23,346 from MIIA for our efforts. This amount was credited towards our FY '16 premium for worker's compensation/auto liability/professional liability and property and casualty insurance. So far in FY '16, many workshops have been attended. We continue to encourage participation in safety programs and workshops.

HR also oversees the administration of the compensation and classification policies and practices in accordance with collective bargaining agreements and in accordance with State and Federal laws and assists Town Manager's office in preparing and negotiating seven union contracts and in addressing and resolving labor relations issues including grievances, arbitrations and disputes. The HR Department meets with the Personnel Board and receives input on matters related to job descriptions and classifications. Although the Personnel Board does not meet very often their service is greatly appreciated and serves a very important purpose.

The Town continues to purchase health insurance through the Cape Cod Municipal Health Group (CCMHG), a Joint Purchase Group comprised of 54 public employers on Cape Cod and Martha's Vineyard. As a public employer it is challenging to meet all of the demands of the Affordable Care Act. The Town will need to consider other all available options in the

future in order to continue to be able to afford this increasingly expensive employee benefit.

The HR office continues to work closely with any department needing assistance. We arrange for various trainings throughout all Town departments and assists department heads in a wide variety of personnel matters. Since everything we do is collaborative, we want to thank all Town departments for their continued assistance to us as well. We also continue to be committed to serving all Town of Sandwich employees both Town and School in the most efficient and effective way possible. We are proud and thankful to serve the residents of the Town of Sandwich.

Respectfully submitted,

Marie L. Buckner, Director

Janice L. Hagberg, Assistant Director

Report of the INFORMATION TECHNOLOGY DEPARTMENT

The Information Technology Department maintains all facets of the Town's Municipal computer network and its associated systems, and also provides end-user support for the Department Heads and all staff members of the Town's 25 municipal departments.

In Calendar Year 2015, the IT Department performed several major system replacements and upgrades, and implemented new technologies to enhance the Town's network capabilities. Four older network servers were replaced and consolidated to 3 newer server configurations. One of these older servers was converted to a virtualized server environment, to keep its older historic data accessible for years to come.

The IT Department worked closely with the Sandwich Police Department and the Facilities Management Department to set up a new Sandwich Police Reporting Substation at Oak Crest Cove. This new substation helps streamline operations for officers patrolling in that part of town.

The Council On Aging implemented new software to assist with registering and tracking the many activities and programs that their department offers to the seniors of our community. This software utilizes a kiosk check-in station, and provides robust reporting capabilities that allows the COA to maximize its resources to the elder population. Many thanks to Jan Timmons and her entire staff at the Council On Aging, for their patience and enthusiasm while implementing this new technology

Planning for the new Marina building continued this year, and the IT Department has been involved in the planning of the networking design and telephone infrastructure that is necessary for current and future connectivity needs. The efforts of David Whearty, Doug Lapp, Mick Dunning, Sharon Smith, and Trish

Wojnar should be recognized and acknowledged for their dedication and input into this major project.

The Treasurer's Department implemented a new software program, which gives them the ability to deliver Town employee paystubs via e-mail. This will help reduce costs to print and deliver hard copy paystubs to those Town employees that opt to go paperless. Treasurer William Jennings, Carrie Mazerolle, Robin Cherry, and Linda Kiley were all instrumental with the successful implementation of this new software.

A new, modern phone system was installed at the Department of Public Works, as the old phone system suddenly failed. Mostly all Town departments still have old telephone systems that were installed sometime in the 1990's. Plans are in the works to replace the older telephone systems in each Town building, in accordance with other network upgrades and within the confines of the IT budget. Tammy Reil, Paul Tilton, Stefan Masse, Maryann Scarpellini, and Karen Gagneaux all contributed to the expeditious replacement of the failed phone system, and aided in configuring the new system.

I would like to thank all Town employees and Department Heads for their ongoing cooperation and assistance. A special thanks to Tammy Reil, George "Bud" Dunham, Doug Lapp, Theodore A. Hamilton, William Sewall, Chief Wack, Chief Carrico, and all others, for sharing their dedication and areas of expertise towards common team efforts. Many IT projects commonly span the participation of multiple departments, and are successfully implemented solely due to the efforts of all individuals that are involved.

Respectfully Submitted,

Michael S. Twomey
Information Technology Director

**Report of the
FINANCE DIVISION –
ACCOUNTING DEPARTMENT**

The Accounting Department continues to execute its core missions which include: auditing all Town payments to ensure compliance with Town and State procurement policies, cemetery plot sales to Town citizens, assisting the treasurer's office with verifying payrolls, the implementation and enforcement of strong internal controls, and providing information to department heads and support staff for decision making.

In 2015 there were many changes to the accounting department. In March I gratefully accepted the position of Finance Director. My first day of employment was May 18th 2015. I felt welcome by my colleagues immediately and am fortunate to be part of the team here in Sandwich.

In July we hired a new Administrative Assistant, Kimberly Crocker. Kim's talents lay in paying close attention to detail, managing occasional higher than usual workloads, and working closely with all of the town's departments to see that vendors are paid timely and accurately.

Phyllis O'Neill, the Assistant Town Accountant, has, and continues to be the cornerstone of the office. With years of experience and knowledge Phyllis was able to train her two new colleagues on the essential operations of the office and still make sure that deadlines for our most important tasks were met. Phyllis' helpful nature and willingness to share her knowledge with her two new colleagues has been paramount to the success of the office during this time of transition.

In August of 2015 my predecessor, Doreen Guild, officially retired after 18 years of service to the Town. The four divisions of the Finance Department will always be grateful for her many years of dedication, hard work, and professionalism.

The need to streamline and reorganize processes continues to be a large component of the change for the accounting department. The staff of the accounting department has grown to rely heavily on team-work and technology. We are ready to embrace efficiencies, eliminate duplication of efforts, and strengthen internal controls. The new financial software has the ability to be 'decentralized'. This means departments will have direct access to their account balances, vendor payments, and financial reports. The accounting department will be working closely with the IT department to implement this much needed function. We are very excited to use technology to be able to give the town's departments more timely information for decision making. The project is in the beginning phase and will be complete within the next 12 months.

I would like to thank all of the Departments and Divisions of the Town for their continued support and cooperation during 2015.

Respectfully submitted,

Mimi Spahr

Report of the SANDWICH FINANCE COMMITTEE

Sandwich is in good financial condition, thanks to careful planning and sound management, but faces major challenges in the years ahead. In recent years, the Town adopted budgets supported by revenues, modestly enhanced its reserves, and borrowed responsibly to support critical capital needs to maintain its infrastructure. This has enabled the Town to provide the school, public safety and municipal services that residents value. Again this year, Sandwich has enhanced its long-term credit rating, which allows the borrowing of needed funds at very low interest.

However, the Town also faces some significant challenges:

- Revenues will rise in the future at an estimated rate of less than 3% annually. With select costs likely to increase at a greater rate, it will be difficult to maintain current services.
- Our largest expense remains our schools, which face declining enrollments, a shrinking building footprint and planning for the future of public education for our Town.
- We have significant capital needs, including replacement of the Fire and Police Stations, major renovation or disposal of the Wing School, unknown future costs associated with beach restoration and to be determined costs for water resource management, plus a multi-million-dollar list of road repairs and maintenance.
- We have an obligation to pay future health costs of Town retirees and should carefully plan for, monitor and manage that ever-growing future payable.

Revenue from property taxes is reasonably predictable, but revenue from state aid can be and has been volatile. The Governor and Legislature understand the importance of aid to cities and towns but are constrained by state revenues and expenses they cannot control. We project state aid to remain essentially flat or increase only modestly for the foreseeable future. Local tax growth is limited to 2.5% plus new growth, which is restricted by the exhaustion of areas available for new development and our concerns about conservation and allowing only development consistent with community values. Revenue

from all sources is estimated to rise only modestly in the coming years.

Costs to maintain programs will increase. Employee health premiums are one of many significant costs outside the direct control of town officials. And, while we have benefited from very low inflation in recent years, that may not continue. For example, consider energy costs. The Town has been able to reduce these expenses in recent years but it's clear that this is another expense that is very likely to increase. A pattern of increases in cost that is greater than the increases in revenue constitutes a structural deficit. That remains a concern.

The process of creating a spending plan within the limitation of available funds is always a challenge. It is never easy to create a budget that enables our schools, public safety and municipal services departments to provide excellent services within the confines of available resources. A great many officials, both appointed and elected, work to develop our budget. The Finance Committee respects the efforts of all of the people responsible for creating budgets. Their jobs are difficult. We want to especially recognize Town Manager Bud Dunham. His knowledge and skills are invaluable to the Finance Committee and the Town. Bud develops and proposes a budget for the municipal departments, provides information about town finances and policy considerations, and is a great resource for information and analysis. Sandwich is fortunate to have such a talented and dedicated Town Manager.

The Finance Committee seeks to provide meaningful and actionable financial advice and recommendations to the School Committee, Board of Selectmen, Town staff, and most importantly, taxpayers and voters of Sandwich. Committee members take their mission seriously and work diligently to regularly deliver a complete, fair and reasonable assessment of financial plans, budgets and our town's fiscal stewardship.

Respectfully submitted,

Linell M. Grundman, Chair
Robert Guerin, Vice Chair

Report of the TOWN TREASURER/COLLECTOR

I would like to thank the Board of Selectmen, Town Manager, and the employees of all the other Town Departments for their assistance and cooperation throughout the past year. I would like to especially thank my staff, Robin Cherry, Carrie

Mazerolle, and Linda Kiley in the Treasurer's office and Carol Peterson, Sally Styche and Michael Barry in the Tax Collector's office for their dedication, support and hard work each and every day which is greatly appreciated.

William Jennings
Town Treasurer/Collector

Report of the BOARD OF ASSESSORS

2015 was a yet another busy year of challenges and successes for the Assessing Department.

We completed second full year in our offices at 16 Jan Sebastian Drive. With the work of Ted Hamilton and Bill Sewell, we were able to add a couple of features to make the space more “office-like”. It is worthy to note that not housing the Assessing Department and Tax Collection Department same building presents working challenges and remains an inconvenience to the public that must travel between offices. Unfortunately, this problem will continue to exist until a solution, placing the offices in the same location, is achieved.

The Fiscal 2016 actual bills were issued at the end of December. The legal value date for these bills was January 1, 2015, based on 2014 calendar year sales. At the writing of this report, the department is at the conclusion (February 1, 2016) of the appeals process and review, with a low volume of appeals in place.

Fiscal 2016 was an interim update year for the town, and the project to revalue, with a more limited oversight and program approval from the Massachusetts Department of Revenue, Bureau of Local Assessment ran from April until November. The towns’ assessment project was certified and Fiscal 2016 tax rate of \$14.47 per thousand in value was approved in early December.

As part of the process of review, over 2000 properties were inspected and listed on site, and another 2500 properties were reviewed as part of a final “drive-by” review for accuracy and final value determination purposes.

The Fiscal 2016 certified assessments date of January 1, 2015 and were based upon review of valid calendar year 2014 sales. Sales of a non valid nature, such as foreclosure related and most short sales were not considered within the analysis. All sales properties, as in each year, were contacted both by mailer, as well as through a site visit.

The MapGeo GIS system, which is accessed by visiting the Town website (www.sandwichmass.org), is now in its fourth year of hosting the property field cards. The system continues to be quicker and more intuitive in property lookups, in and in compiling and requesting abutter’s certification. We are reviewing potential upgrades for the online system and hope to be able to implement some of the upgrades for July 2016.

2016 year will see the conversion and implementation of our new software system and will continue to work to find innovative and low cost ways to constantly improve the appraisal product.

The appraisal staff of the department will continue their high visibility during the 2016 calendar year. Fiscal 2017 is a second Department of Revenue interim update year, in accordance with state regulations, and the department will be

reviewing calendar 2015 sales in setting values as of January 1, 2016. An early review of these sales in showing continued improvement in market values.

Ongoing programs include Building permit inspections, Personal Property listing and review, commercial income and expense review, and sales property review program.

The department will continue the DOR/Bureau of Local Assessment mandated “cyclical inspection program” – where the department visits and re-inspects a percentage of residential and commercial properties, as well as commercial personal property account each year in an effort to maintain data quality.

As we continue with these annual inspection programs, please remember that statistical accuracy leads to assessment accuracy, which benefits both Town and Taxpayer equally. We ask for your continued cooperation in these efforts.

The three person Assessment Administrative section also maintains a high visibility to our public, serving as the frontline for inquires and many of the procedures that take place. A quick look at some number from 2015 shows that level of involvement!

Deed updates (input into system)– (calendar 2015) –	1,064
Motor Vehicle/Boat Excise account maintained (from Mass DOT) –	25,562
Motor Vehicle/Boat Excise adjustments (abatement) made –	1,085
Counter Visits/Phone calls (est.) -	9,375
Mail/Email inquiries received (est.) -	4,375
Abutters lists certified -	314
Parcel Count of Abutter lists -	3,548

The department lost a valued employee in 2015 with the retirement of Field Technician Gary Fryxell. We also just found out the Administrative Assistant Andrea Balboni will be relocating with her family at the end of February. We wish Gary and Andrea happiness and good fortune!

Ben Styche was hired to replace Mr. Fryxell, and has shown to be a great fit to the department already!

The Board would like to thank the staff of the Assessing Department for their continued outstanding service to the Board and to the residents of Sandwich.

Ed Childs, Director of Assessing
Judy Rumul, Office Manager
Jeanne Varney, Administrative Assistant
Andrea Balboni, Administrative Assistant
Walter Slepchuk, Assistant Assessor
Ben Styche, Field Technician

Wishing all residents a happy and prosperous 2016.

Lawrence B, Harrington, Chair
Nicholas Fernandes

Report of the TOWN CLERK

2015 was certainly the “Year of Town Meetings.” Beginning with a Special Town Meeting, originally scheduled for February 9th but postponed to February 23rd due to inclement weather, residents debated and voted on 11 Warrant Articles. The posted Warrant contained a total of 22 Articles; however, at 11 P.M. the meeting was dissolved and all remaining articles where indefinitely postponed. Of note, Article 4 was approved which established a Beach Re-nourishment Fund and Article 7 was passed which provided funding for the construction of a new Marina Office. A total of 317 residents attended this Special Town Meeting which was equal to a 2% voter turnout. This was also the first Town Meeting where the Moderator was able to utilize newly enacted legislation that allowed him to declare the meeting postponed to a date and time certain without physically having to convene.

Next was the Annual Town Meeting held on May 4th and 280 voters attended, which is a 1.8% turnout. Of note, residents debated several zoning changes and approved two projects funded by the Community Preservation Fund. The first funded the republishing of “Sandwich, A Cape Cod Town”, a historical narrative written by Russell Lovell, Jr. The second funded the installation of a Civil War Memorial plaque at Town Hall. This project was the culmination of work done by Sandwich resident, William Daley, who spent countless hours researching the men of Sandwich who fought in the Civil War.

The following Thursday, May 7th, was the Annual Town Election in which 1,888 voters participated totaling a 12.61% turnout. There was a three-way race for Selectmen in which incumbent James Pierce was defeated and Peter Beauchemin was elected. The School Committee also welcomed three new members; Elizabeth Cummings, Stephanie Hall and James McGrail. Incumbent Lois Wack was not reelected.

To finish the summer, the Board of Selectmen called a Special Town Meeting on August 31st. This was the most well attended town meeting in over a decade, with 811 residents participating, which is a 5.3% turnout. Voters overwhelmingly approved the single Article Warrant that provided time sensitive funding for the Town Neck Beach re-nourishment project.

The final Town Meeting of the year was held on November 16th and 360 residents attended, a 2.3% turnout. This Special Town Meeting Warrant included Articles adding a ground mounted solar zoning by-law and additional Community Preservation funding for the Town Neck Beach re-nourishment project, both of which were approved. The following week, on November 24th, was the Old Kings Highway Historic District Election. A total of 15 votes were cast and Mary Foley was re-elected to a four year term.

In 2015, I was also pleased to introduce the implementation of an on-line payment system for vital records and dog licenses. Residents may now utilize this user friendly payment system to conveniently do business with the Town. This is just another

effort to help streamline and modernize the functions of town government.

I would like to again thank my staff, Assistant Town Clerk, Susan Lundquist, and Administrative Assistant, Linnea Freitas. Both are extremely knowledgeable and skilled in executing the multitude of functions conducted at the Town Clerk’s Office. It’s a pleasure working with them and I’m proud of everything they do. It’s an honor to serve you as your Town Clerk and I thank the residents of Sandwich for the opportunity. As always, I am committed to recording and preserving our history, implementing greater efficiencies and fulfilling my responsibilities to the fullest.

Respectfully Submitted,

Taylor D. White
Town Clerk

Births, Marriages and Deaths Recorded in 2015

A detailed list of births, marriages and deaths is no longer published in the Town Report due to privacy concerns and State law.

The total number of recorded births to Sandwich residents was 130. The total number of marriages recorded was 101. The total number of deaths recorded in was 420.

Dog Licenses Issued in 2015

Neutered Males	998
Males.....	119
Spayed Females.....	1058
Females	88
Kennel Licenses.....	30

Business Certificates & Raffle Permits Issues in 2015

The Town Clerk registered 161 Business Certificates in 2015. 10 Raffle Permits to various non-profit organizations were issued in 2015.

**TOWN OF SANDWICH
SPECIAL TOWN MEETING
February 9, 2015**

Pursuant to the provisions of Massachusetts General Law, Chapter 39, Section 10A, Town Moderator Garry Blank issued an emergency declaration to continue Special Town Meeting to February 23, 2015 at 7:00 P.M. due to inclement weather. This declaration was properly filed with the Town Clerk's Office and posted by Constable Clyde Gill on February 10, 2015 as prescribed in Massachusetts General Law, Chapter 39, Section 10A.

**TOWN OF SANDWICH
SPECIAL TOWN MEETING
February 23, 2015**

The Special Town Meeting was called to order in the Sandwich High School auditorium by Moderator Garry Blank at 7:13 P.M. The total number of eligible voters for this meeting was 15,029 and the clerks checked in a total of 317 voters, which is a 2% turnout. Sandwich Boy Scout Troop 47 led Town Meeting in the Pledge of Allegiance and Finance Committee member Linell M. Grundman sang the Star Spangled Banner. The Moderator introduced Anne Cubbage, Pastor of First Church, who offered an opening prayer. The Moderator then swore in the following Sandwich residents as tellers: William Collins, Brandon Carrico, William Livingston, James Rogers and Julie Molloy. Taylor White, Town Clerk, and Susan Lundquist, Assistant Town Clerk served as the timekeepers.

ARTICLE 1

To see if the Town will vote to transfer and appropriate the sum of \$140,549.22, or any other amount, for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to the Oak Ridge School and Forestdale School and for capital improvements associated with moving all Pre-Kindergarten through 6th grades to the schools, including design, site improvements, equipment, furnishings and costs incidental thereto; said funds to be transferred from the following School Department capital project balances; and further to authorize the School Committee to enter into any and all contracts necessary to carry out such project; or take any action relative thereto.

VOTED: Carl Johansen of Oxford Road made a motion to move the question. His motion was seconded from the floor. This was a voice vote and declared not carried by the Moderator.

COUNTED VOTE: That the Town transfer and appropriate \$140,549.22 for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to the Oak Ridge School and Forestdale School and for capital improvements associated with moving all Pre-Kindergarten through 6th grades to the schools, including design, site improvements, equipment, furnishings and costs incidental thereto with said funds being transferred from the School Department capital project balances as printed in the warrant under Article 1. This was a counted vote and declared carried by the Moderator. The vote was 179 Yea and 104 Nay.

ARTICLE 2

To see if the Town will vote to raise and appropriate, or transfer from available funds, the sum of \$275,000.00, or any other amount, for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to the Oak Ridge School and Forestdale School and for capital improvements associated with moving all Pre-Kindergarten through 6th grades to the schools, including design, site improvements, equipment, furnishings and costs incidental thereto, and further to authorize the School Committee to enter into any and all contracts necessary to carry out such project, or take any action relative thereto.

VOTED: James Coogan of Main Street made a motion to move the question. His motion was seconded from the floor. This was a voice vote and declared carried by the Moderator.

VOTED: That the Town transfer and appropriate \$275,000 from Free Cash for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to the Oak Ridge School and Forestdale School and for capital improvements associated with moving all Pre-Kindergarten through 6th grades to the schools, including design, site improvements, equipment, furnishings and costs incidental thereto. This was a voice vote and declared carried by the Moderator.

ARTICLE 3

To see if the Town will vote to amend the purpose for which \$1,000,000.00 in Community Preservation Act open space and recreation program funds were appropriated by the May 5, 2014 Annual Town Meeting under Article 15 for securing professional services to design, permit, and construct a beach renourishment, restoration and resiliency project on Town Neck Beach by removing the restriction limiting the expenditure of funds until the Town has received notification that it has received a grant from the National Fish and Wildlife Foundation – Hurricane Sandy Coastal Resiliency Competitive Grants program, with all other provisions of the May 5, 2014 vote remaining in effect, or take any action relative thereto.

VOTED: Steven Barr of Craft Road made a motion to amend Article 3 by adding the following to the end of Article 3 as printed in the Warrant. His motion was seconded from the floor.

Any funds appropriated or reappropriated by this motion shall be expended under the guidelines of and in accordance with MGL Chapter 44B. None of the funds requested by this motion shall be expended on private property.

The Moderator ruled the last sentence in the proposed amendment was outside the scope of Town Meeting. This was a voice vote and declared not carried.

VOTED: Mr. Greg Bodrie a non-voter and resident of Bourne was granted the privilege to speak before Town Meeting. This was a voice vote and declared carried by the Moderator.

UNANIMOUSLY VOTED: That the Town amend the purpose for which \$1,000,000 in Community Preservation Act open space and recreation program funds were appropriated by the May 5, 2014 Annual Town Meeting under Article 15 for securing professional services to design, permit, and construct a beach renourishment, restoration and resiliency project on Town Neck Beach by removing the restriction limiting the expenditure of funds until the Town has received notification that it has received a grant from the National Fish and Wildlife Foundation – Hurricane Sandy Coastal Resiliency Competitive Grants program, with all other provisions of the May 5, 2014 vote remaining in effect. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator.

ARTICLE 4

To see if the Town will vote to authorize the Board of Selectmen to petition the Massachusetts General Court for special legislation, as set forth below, creating a Beach Restoration Fund, into which shall be deposited a portion of the revenue received from the collection of local sales tax upon restaurant meals; provided, however, that the General Court may make clerical or editorial changes of form only to the Bill, unless the Board of Selectmen approve amendments to the Bill before enactment by the General Court, and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition;

AN ACT ESTABLISHING A BEACH RESTORATION FUND IN THE TOWN OF SANDWICH

Be it enacted by the Senate and House of Representatives in the General Court assembled, and by the authority of the same as follows:

SECTION 1: Notwithstanding the provisions of section 53 of chapter 44 of the General Laws or section 2 of chapter 64L of the General Laws or of any general or special law to the contrary, the town of Sandwich may establish in the town treasury a separate special revenue account to be known as the Beach Restoration Fund and may appropriate at an annual or special town meeting monies in the fund to nourish beaches within the town of Sandwich. Commencing on July 1, 2016, fifty percent of the amounts received by the Town annually pursuant to section 2 of Chapter 64L of the General Laws from the local sales tax imposed upon the sale of restaurant meals in the town of Sandwich shall be deposited into the fund. Interest earned shall remain with and become part of the fund.

SECTION 2: This act shall take effect upon its passage, or take any action relative thereto.

Irene Davis of White Cap Path moved Article 4. Her motion was seconded from the floor.

Steven Barr of Craft Road made a motion to amend Article 4. The Moderator ruled the amendment out of order.

VOTED: James Coogan of Main Street made a motion to move the question. His motion was seconded from the

floor. This was a voice vote and declared carried by the Moderator.

VOTED: that the Town authorize the Board of Selectmen to petition the Massachusetts General Court for special legislation creating a Beach Restoration Fund, into which shall be deposited a portion of the revenue received from the collection of local sales tax upon restaurant meals; provided that the General Court may make clerical or editorial changes of form only to the Bill, unless the Board of Selectmen approve amendments to the Bill before enactment by the General Court, and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition, as printed in the warrant under Article 4. This was a voice vote and declared carried by the Moderator.

ARTICLE 5

To see if the Town will vote to request the Board of Selectmen to place on the next Annual Town Meeting Ballot, a non-binding question, asking the citizens of Sandwich to approve or disapprove any contract or sale of the property commonly known as the "Golden Triangle", or take any action relative thereto.

Patricia Stebbins of Easterly Drive moved Article 5. Her motion was seconded from the floor.

VOTED: Harold Mitchell of Settlers Path made a motion to move the question. His motion was seconded from the floor. This was a voice vote and declared carried by the Moderator.

VOTED: That the Town will vote to request the Board of Selectmen to place on the next Annual Town Meeting Ballot, a non-binding question, asking the citizens of Sandwich to approve or disapprove any contract or sale of the property commonly known as the "Golden Triangle". This was a voice vote and declared not carried by the Moderator.

COUNTED VOTED: The vote on Article 5 was challenged from the floor by 10 voters. The Moderator called for a counted vote and declared the Article carried. The vote was 89 Yea 69 Nay.

ARTICLE 6

To see if the Town will vote to transfer and appropriate under the Community Preservation Act historic resources program the sum of \$60,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to preserve, restore, and protect the Dexter Grist Mill; that to meet this appropriation the Town transfer from the Community Preservation Fund a sum of money for this purpose; or take any other action relative thereto.

VOTED: That the Town transfer and appropriate \$60,000 from the Community Preservation Act historic resources program reserve for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to preserve, restore, and protect the Dexter Grist Mill as printed in the warrant under Article 6. This was a voice vote and declared carried by the Moderator.

ARTICLE 7

To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to the East Boat Basin Sandwich Marina Office Building, Garage, and Year-round Restroom Facility located at 12 Freezer Road including design, site improvements, equipment, furnishings and costs incidental thereto and to authorize the Treasurer, with the approval of the Board of Selectmen, to issue any bonds or notes that may be necessary for such purpose pursuant to M.G.L. c.44, §7(3), or any other general or special law; and further to authorize the Board of Selectmen to enter into any and all contracts necessary to carry out such project; or take any action relative thereto.

VOTED: R. Patrick Ellis of Spring Hill Road made a motion to move the question. His motion was seconded from the floor. This was a voice vote and declared carried by the Moderator.

VOTED: That the Town appropriate \$2,500,000 for the purpose of constructing improvements and remodeling, constructing, reconstructing and making extraordinary repairs to the East Boat Basin Sandwich Marina Office Building, Garage, and Year-round Restroom Facility located at 12 Freezer Road including design, site improvements, equipment, furnishings and costs incidental thereto, that to meet this appropriation the Treasurer, with the approval of the Board of Selectmen, be authorized to borrow \$2,500,000 and to issue any bonds or notes that may be necessary for such purpose pursuant to M.G.L. c.44, §7(3), or any other enabling authority; and authorize the Board of Selectmen to enter into any and all contracts necessary to carry out such project. This was a voice vote and declared carried by the required two-thirds majority by the Moderator.

ARTICLE 8

To see if the Town will vote to transfer the sum of \$100,000.00, or any other amount, from the FY'15 Group Health Insurance Account, and appropriate a sum of money, to be expended under the direction of the Board of Selectmen, for the purpose of reducing a projected FY'15 deficit in the Unemployment Account, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$100,000 from the FY'15 Group Health Insurance Account to the FY'15 Unemployment Account for the purpose of reducing a projected FY'15 deficit in the Unemployment

Account. This was a voice vote and declared carried by the Moderator.

ARTICLE 9

To see if the Town will vote in accordance with M.G.L. c.44, §53E1/2 to establish a revolving fund in which to place revenues collected from any alternative energy payments made to the Town, to be expended under the direction of the Board of Selectmen for the purpose of paying any general government utility expenses, and to establish a limit on the total amount that may be expended from the fund in FY'15, or take any action relative thereto.

VOTED: That the Town vote in accordance with M.G.L. c.44, §53E1/2 to establish a revolving fund in which to place revenues collected from any alternative energy payments made to the Town, to be expended under the direction of the Board of Selectmen for the purpose of paying any general government utility expenses, and to establish a limit of \$150,000 on the total amount that may be expended from the fund in FY'15. This was a voice vote and declared carried by the Moderator.

ARTICLE 10

To see if the Town will vote in accordance with the provisions of M.G.L. c.44, §53F1/2 to raise and appropriate or transfer from available funds a sum of \$60,000.00, or any other amount, from the Golf Enterprise Fund to be expended under the direction of the Board of Selectmen, for the purpose of completing extraordinary repairs and improvements to the Sandwich Hollows Golf Club clubhouse and golf course and for replacing maintenance and capital equipment for Sandwich Hollows Golf Club operations, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$60,000 from the Golf Enterprise Fund reserve in accordance with the provisions of M.G.L. c.44, §53F1/2 for the purpose of completing extraordinary repairs and improvements to the Sandwich Hollows Golf Club clubhouse and golf course and for replacing maintenance and capital equipment for Sandwich Hollows Golf Club operations. This was a voice vote and declared carried by the Moderator.

ARTICLE 11

To see if the Town will vote to transfer the care, custody, control, and management of land shown on a plan entitled "Site Plan – Substation at Sandwich High School" as prepared by Kaestle Boos Associates, Inc. and dated January 21, 2015, said land consisting of approximately 0.7 acres located at the Sandwich High School property, Assessors Map 34, Lot 2, from the School Committee for educational purposes to the Board of Selectmen for general municipal purposes, including the construction of a public safety facility, or take any action relative thereto.

VOTED: That the Town transfer the care, custody, control, and management of land shown on a plan entitled "Site Plan – Substation at Sandwich High School" as prepared by Kaestle Boos Associates, Inc. and dated January

21, 2015, said land consisting of approximately 0.7 acres located at the Sandwich High School property, Assessors Map 34, Lot 2, from the School Committee for educational purposes to the Board of Selectmen for general municipal purposes, including the construction of a public safety facility. This was a voice vote and declared not carried by the required two-thirds majority by the Moderator.

VOTED: At 11:08 P.M. the Moderator requested a vote to present Articles beyond 11 P.M. per Section 1.15 of the Sandwich By-Laws. This was a voice vote and declared not carried by the Moderator.

At 11:09 P.M. the Moderator declared the meeting dissolved.

(Note: With the dissolution of the Special Town Meeting, all remaining Warrant Articles are considered Indefinitely Postponed. A new Warrant is needed to reconvene)

I hereby certify that this is a true record of the Special Town Meeting held on February 23, 2015.

Respectfully submitted,

Taylor D. White
Town Clerk

ARTICLE 12

To see if the Town will vote to transfer and appropriate the sum of \$88,642.84, or any other amount, to be expended under the direction of the School Committee, from the Sandwich High School cellular tower lease receipt reserved for appropriation account, for the purpose of the maintenance and improvement of exterior athletic fields and facilities at Sandwich High School, or take any action relative thereto.

ARTICLE 13

To see if the Town will to vote to transfer and appropriate a sum of \$60,000.00, or any other amount, from the Ambulance Fund Receipts Reserved for Appropriation Account, to be expended under the direction of the Board of Selectmen, for the purpose of purchasing four chest compression systems and related equipment, or take any action relative thereto.

ARTICLE 14

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws, Section 2410, Abandonment, by deleting Section 2410 in its entirety and replacing it with the following, thereby increasing the allowed period of abandonment from two years to five years, or take any action relative thereto.

2410. Abandonment. A non-conforming use of a building or land, which has been abandoned for a period of five (5) years, shall not thereafter be returned to such non-conforming use. A non-conforming use shall be considered abandoned when the premises has been vacant for five years, or when the characteristic equipment and/or furnishings of the non-

conforming use have been removed from the premises and have not been replaced by similar equipment, whichever shall occur first.

ARTICLE 15

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws, Article IV, Special Regulations, by adding a new Section 4126, Exterior Storage, to read as follows, or take any action relative thereto.

4126. Exterior storage units may temporarily (no longer than six months) be positioned on a property only after notification to the Building Inspector of its date of delivery and its date of proposed removal.

ARTICLE 16

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws by inserting a new Article VIII, Medical Marijuana Overlay District (MMOD), to read as follows, or take any action relative thereto.

ARTICLE VIII – MEDICAL MARIJUANA OVERLAY DISTRICT (MMOD)

8000 Medical Marijuana Overlay District

8001 Purpose

The purpose of this Section is to provide for the placement of a Registered Marijuana Dispensary (RMD) in accordance with the Humanitarian Medical Use of Marijuana at GL c 94C, App. S1-1 et seq., in a location suitable for a lawful medical marijuana facility and to minimize adverse impacts of a RMD on adjacent properties, residential neighborhoods, and locations where minors congregate by regulating the siting, design, placement, security and removal of a RMD.

Where not expressly defined in the Zoning Bylaw, terms herein shall be interpreted as defined in the Humanitarian Medical Use of Marijuana Act G.L. c 94C. App. S 1-1, et seq. and the Department of Public Health (DPH) Regulations promulgated thereunder, 105CMR 725, et seq., and otherwise by their plain language.

8002 Overlay District

The Medical Marijuana Overlay District (MMOD) is hereby established as an overlay district. The boundaries of the MMOD are shown on the Zoning Map on file with the Town Clerk. If the provisions of the MMOD are silent on a zoning regulation, the requirements of the underlying district shall apply. If the provisions of the MMOD conflict with the requirements of the underlying district, the requirements of the MMOD shall control. Land within the MMOD may be used for either:

1. A Registered Marijuana Dispensary (RMD) in which case the requirements set forth in this Section shall apply; or

2. A use allowed in the underlying district in which case the requirements of the underlying district shall apply.

8003 Location

1. The MMOD overlay is located in the B-2 medical campus area along Route 130 in Sandwich between the Massachusetts Military Reservation, the Route 6 Mid-Cape Highway and the Sandwich Industrial Park as shown on the zoning map on file with the Town Clerk. This location is suitable because it is highly visible with direct access to state highways and byways, easy access for public and emergency services, and relatively central location within the community. The overlay district also share proximity with other medical uses within this campus area.

2. A RMD shall not be located within 500 feet of any of the following facilities that are in existence at the time of permit application:

a. School, including a public or private elementary, vocational or secondary school or a public or private college, junior college or university;

b. Child Care Center as defined in MGL Chapter 15D Section 1A;

c. Public park; or

d. Any facility where the primary purpose is to serve persons under age 18 who commonly congregate to participate in scheduled and structured activities other than medical uses.

3. Measurement of distance for the purpose of this bylaw shall be measured from property line to property line. The Zoning Board of Appeals may waive this distance requirement by a supermajority vote as part of the issuance of a Special Permit in any of the following instances:

a. Renewal of a Special Permit for an existing RMD; or

b. New application (change of applicant) for an existing RMD; or

c. If the applicant demonstrates that a RMD would otherwise be effectively prohibited within the Town; or

d. The applicant demonstrates that the RMD will employ adequate security measures to prevent diversion of medical marijuana to minors who are not qualifying patients pursuant to 105 CMR 725.004.

8004 Eligibility

1. Only one RMD shall be permitted within the Town. As defined in Section 10.2 a RMD can either dispense, prepare, cultivate or any combination thereof. Therefore, any facility with one or a combination of these activities constitutes a RMD.

2. Only an applicant holding a valid Provisional Certificate of Registration from the Department of Public Health is eligible to apply for a Special Permit under this Section.

8005 Administration and Procedure

1. One RMD shall be permitted in the MMOD pursuant to a Special Permit. The Zoning Board of Appeals shall be the Special Permit Granting Authority (SPGA) for a RMD Special

Permit. In addition to the RMD Special Permit, applicants are urged to attend a voluntary town staff Site Plan Review.

2. The Zoning Board of Appeals shall notify and refer copies of RMD applications to the appropriate Town officials, such as Police Department, Fire Department, Building Commissioner, Town Engineer, Highway Superintendent, Health Department, Water Department, and Council on Aging, who have expertise or responsibilities relating to the application or serve constituencies likely to use a RMD. These reviewers may examine the application and submit written comments to the Zoning Board of Appeals. Failure to submit written comments by the designated deadline shall be construed as a lack of opposition to the proposal.

3. Applicants for a RMD Special Permit shall follow the application requirements on forms provided by the Zoning Board of Appeals or their designee.

a. An applicant for a Special Permit to operate a RMD under this bylaw shall submit the following to the Zoning Board of Appeals for its review:

1) A copy of its Provisional Certificate of Registration from the Massachusetts Department of Public Health (DPH);

2) A copy of any waivers of DPH regulations issued to the RMD;

3) A full description of all security measures including employee security policies approved by the DPH;

4) A copy of the emergency procedures approved by the DPH;

5) A copy of the policies and procedures for patient or personal caregiver home delivery approved by DPH;

6) A copy of the policies and procedures for the transfer, acquisition or sale of marijuana between RMDs as approved by the DPH; and

7) A security contingency plan to address emergency situations and conditions presented by emergencies such as extended power outage and natural disasters.

b. The site plan shall clearly delineate various areas of the RMD (both indoors and outdoors) including but not limited to as public access areas, employee-only access areas, storage, cultivation, preparation, waste disposal, administrative, transportation and loading as well as parking areas. Site plans and/or application narrative shall contain sufficient information so that the Zoning Board of Appeals can evaluate the following design and operational standards.

4. Design Standards. The facility shall meet the following minimum requirements:

a. All activities related to the RMD with regard to processing, cultivation, or storage of marijuana shall be

conducted indoors. No materials, plants or byproducts shall be visible from outside of the premises/building. With the exception of loading areas, no operations shall be visible to the public;

b. The facility may include waiting areas for patients and caretakers and areas where patients and caregivers receive instruction about use of the product and other activities directly related to administration of services. There shall not be any facilities for use by the general public such as public reception areas, public restrooms or public lounge or seating areas;

c. All shipping and receiving areas shall exclusively serve the RMD. In the case of a multi-use or multi-tenant site, the RMD shall be laid out and designed to ensure separation from other uses or tenants at the site;

d. The facility shall have adequate water supply, stormwater systems, sewage disposal, and surface and subsurface drainage;

e. Adequate lighting, including night lighting that provides for monitoring of building and site security;

f. Signage is limited to that which is permitted under 105 CMR 725.100 (L) and shall comply with the Town of Sandwich Sign Bylaw.

5. Security and Operational Standards

a. The Zoning Board of Appeals shall request review and comment from the Chief of Police or designee. Failure to submit written comments by a designated deadline set by the Zoning Board of Appeals shall be construed as a lack of opposition to the proposal. The Chief of Police or designee may recommend reasonable security conditions to the Board;

b. The applicant under this Section shall provide and keep up to date contact information as required by the Chief of Police and Building Commissioner such as name, telephone number and electronic mail address of a contact person who must be available 24 hours a day.

c. Security Design Requirements. At a minimum, the security features used to protect the site shall fully comply with 105 CMR 725 and, in addition, must have the following capabilities:

1) A security camera system that monitors all entrances and exits for vehicles and persons as well as all areas where marijuana is received, stored, processed, sent or otherwise handled;

2) The security camera system shall have a minimum 180 day storage capacity;

3) Access and egress to all entrances and exits for vehicles and persons into areas where marijuana is received, stored, processed, sent or otherwise handled shall be controlled by an electronic access security system that records the ingress and egress of vehicles and persons;

4) All personnel shall have a security identity card that includes a front facial picture of the employee. The identity card shall also serve as the electronic access card for entrance into all restricted areas. The date and time of all access and egress into such areas shall be digitally recorded. Identification cards shall be worn at all times when personnel are in the RMD facility and must be plainly visible and not concealed;

5) All security alarm systems for the RMD shall be monitored by central station alarm. The Sandwich Police Department shall be immediately notified of the receipt of any alarm by the central station monitor; and

6) The applicant shall immediately notify the Sandwich Police Department of any breakdown or malfunction of any part of the security system. This notification shall include at a minimum the following:

- Date and time of malfunction;
- Nature of malfunction;
- Any loss or attempted loss of product as a result of the malfunction;
- The compensatory measures in place to address the discontinuity of the security system; and
- Estimated date and time of restoration of the security measures.

6. Enforcement

a. Failure to comply with any of the provisions of the security measures in this Section shall be reported to the Building Commissioner for review. The applicant's unwillingness or inability to make timely repairs to the security systems may result in the issuance of a Cease and Desist order until such repairs have been completed and approved by appropriate town officials.

8006 Special Permit Approval Criteria and Conditions

1. The Zoning Board of Appeals may impose reasonable conditions to improve site design, traffic flow, public safety, water quality, air quality, protection of significant environmental resources and the preservation of community character of the surrounding area including but not limited to the following:

- a. Minimize the impacts of increased noise and traffic;
- b. Impose security precautions related to the high value of products and cash transactions;
- c. Deter unauthorized or ineligible customers at the RMD;
- d. Impose measures to prevent diversion of marijuana; and
- e. Conditions related to the design and construction of the facility to improve safety, security and conformance with community character.

2. Zoning Board of Appeals shall address the following general conditions in each special permit issued under this Section:

a. Hours of operation, including dispatch for home delivery;

b. The reporting of any incidents to the Building Commissioner and Zoning Board of Appeals as required under the requirements of 105CMR 725.110(f) within 24 hours of occurrence. Such reports may be redacted as necessary to comply with any applicable state or federal laws and regulations.

c. The reporting of any summary cease and desist order, quarantine order, summary suspension order, limiting sales order, notice of hearing or final action by DPH or the Division of Administrative Law Appeals as applicable regarding the RMD to the Building Commissioner and the Zoning Board of Appeals within 48 hours of their receipt.

3. A Special Permit may be issued to any applicant who, in the determination of the Zoning Board of Appeals, has met the requirements of this Section; as well as the criteria in Sections 1330 and 1340.

4. The issuance of a special permit under this Section shall also be subject to the following:

a. The special permit shall expire within five (5) years of the date of issue. If the applicant wishes to renew the special permit, an application to renew must be submitted at least 120 days prior to the expiration of the Special Permit;

b. Special permits shall be limited to the current applicant and shall expire on the date the Special Permit holder ceases operation of the RMD;

c. Special permits shall lapse upon the expiration or termination of an applicant's registration by DPH;

d. The holder of a special permit for an RMD facility shall notify the Building Inspector and the Zoning Board of Appeals in writing within 48 hours of the cessation of operation of the RMD or the expiration or termination of the permit holder's registration with DPH; and

e. Any failure to fully comply with any conditions of the special permit, this or any bylaws of the Town of Sandwich, or the laws or regulations of the Commonwealth of Massachusetts, may result in the suspension or revocation of the special permit by the Zoning Board of Appeals.

8007 Prohibition Against Nuisances

No use shall be allowed in the MMOD which creates a nuisance to abutters or to the surrounding area, or which creates any hazard, including but not limited to fire, explosion, fumes, gas, smoke, odors, obnoxious dust, vapors, offensive noise or vibration, flashes, glare, objectionable effluent or electrical interference, which may impair the normal use and peaceful enjoyment of any property, structure or dwelling in that area.

8008 Severability

The provisions of the Bylaw are severable. The invalidity of any Section or provision of this Zoning Bylaw shall not invalidate any other Section or provision hereof.

ARTICLE 17

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws, Definitions, by deleting the current definitions of “Height” and “Yard” and replacing them with the following definitions, and by inserting a new definition of “Storage, Exterior”, or take any action relative thereto.

HEIGHT – The vertical distance from the mean existing grade at the front line of the building to the highest point of the roof for flat or shed roofs, to the deck line for mansard roofs and to the ridge for gable, hip and gambrel roofs; except for those buildings that are required to be placed on elevated foundations adjacent to the shoreline and/or within those areas designated by FEMA to be part of any A or V Zone, where the vertical distance would be measured from the top of the elevated foundation to the highest point of the roof for flat or shed roofs, to the deck line for mansard roofs and to the ridge for gable, hip and gambrel roofs. Not included are spires, cupolas, TV antennae and other parts of structures, which do not enclose potentially habitable floor space.

YARD – A required open space, unobstructed with structures other than fences or other customary yard accessories.

STORAGE, EXTERIOR – Temporary (no longer than six months) exterior storage units located outside a building including but not limited to “pods”, trailers, containers and the like which may house merchandise, furniture and more.

ARTICLE 18

To see if the Town will vote to amend Section 2.01 of the Town Bylaws, Capital Improvement Planning Committee, by deleting the language in Part 2 highlighted below with a strikethrough and adding the language highlighted with an underline, or take any action relative thereto.

Part 2: The Committee shall define and study all proposed capital projects and improvements involving major non-recurring tangible assets and projects. All officers, boards and committees, including the Selectmen and the School Committee, shall give to the Committee on forms prepared by it the information needed to prepare a Capital Budget for Town Meeting. The Committee shall consider the relative need, impact, timing, cost and funding methodology of these capital expenditures and the effect each will have on the financial position of the Town. ~~No appropriation shall be voted for a capital improvement requested by a department, board or commission unless the proposed capital improvement is considered in the Committee’s report, or the Committee shall first have submitted and may make a report to the Finance Committee and Board of Selectmen explaining the omission.~~

ARTICLE 19

To see if the Town will vote in accordance with M.G.L. c.44, §53E1/2 to establish a revolving fund in which to place revenues collected from any payments made to the Town from purchasing the Town’s written history, Sandwich: A Cape Cod Town, to be expended under the direction of the Board of Selectmen for the purpose of paying for any future publication of the Town’s history, and to establish a limit on the total

amount that may be expended from the fund in FY’15, or take any action relative thereto.

ARTICLE 20

To see if the Town will vote to transfer and appropriate under the Community Preservation Act historic resources program the sum of \$15,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of preserving, restoring, and protecting the Town’s written history, Sandwich: A Cape Cod Town, by updating and publishing the document in both print and electronic forms; that to meet this appropriation the Town transfer from the Community Preservation Fund a sum of money for this purpose; or take any other action relative thereto.

ARTICLE 21

To see if the Town will vote to transfer and appropriate under the Community Preservation Act historic resources program the sum of \$7,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of commemorating the Town’s participation in the Civil War through the manufacture and display of a Civil War Memorial Plaque at Town Hall; that to meet this appropriation the Town transfer from the Community Preservation Fund a sum of money for this purpose; or take any other action relative thereto.

ARTICLE 22

To see if the Town will vote to rescind the vote of the May 2, 2011 Annual Town Meeting under Article 19 appropriating \$450,000.00 from the Community Preservation Act affordable housing program for the purpose of supporting the Forestdale Village affordable housing project owned by Forestdale Village, LLC, or take

**TOWN OF SANDWICH
ANNUAL TOWN MEETING
May 4, 2015**

The Annual Town Meeting was called to order in the Sandwich High School auditorium by Moderator Garry Blank at 7:02 P.M. The total number of eligible voters for this meeting was 14,969 and the clerks checked in a total of 280 voters, which is a 1.8% turnout. The Moderator swore in the following Sandwich residents as tellers: Shawn Murray, Diane Hanelt, Melinda Gallant, Rosie Rhoades, David Merrell, Maryellen Anderson and Nancy Crossman. Taylor White, Town Clerk, and Susan Lundquist, Assistant Town Clerk served as the timekeepers. Board of Selectmen Chairman Ralph Vitacco led Town Meeting in the Pledge of Allegiance and Finance Committee member Linell M. Grundman sang the Star Spangled Banner. The Moderator again introduced Chairman Vitacco who honored Cindy Russell for dedicated work as Chair of the 375th Anniversary Committee. Anne Cubbage, Pastor of First Church, offered an opening prayer.

The Moderator acknowledged Robert George who requested a moment of silence for longtime Sandwich Police Officer George Elvander who passed this year.

ARTICLE 1

To see if the Town will vote to hear the reports of all Town Officers and Committees and to act thereon and to hear the report of the Board of Selectmen on the Long Range Plan, or take any action relative thereto.

Ralph Vitacco, Chair of the Board of Selectmen read the Long Range Plan message.

VOTED: That the Town accept the Report of all Town Officers and Committees as printed in the 2014 Annual Town Reports and hear the report of the Board of Selectmen on the Long Range Plan. This was a voice vote and declared carried by the Moderator.

ARTICLE 2

To see if the Town will vote to hear the report of the Finance Committee and to see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$68,459,219.00, or any other amount, to defray Town expenses for the Fiscal Year July 1, 2015 to June 30, 2016 as itemized below in the third column entitled FY'16 Recommendation, or take any action relative thereto.

Gene Parini, Chairman of the Finance Committee read the budget message.

Fiscal Year 2015 Finance Committee Budget Message:

In accordance with Section 7.2.b of the Town Charter, the Finance Committee hereby presents its Fiscal Year 2016 budget message to Town Meeting and to the taxpayers and residents of Sandwich.

The budget being presented this evening is based on sound assumptions regarding our anticipated revenues and expenses for FY'15. As the Town Manager will explain in his budget presentation, it is always difficult to estimate State aid and assessments because these amounts are not finalized until well after tonight's a vote on the budget. Nevertheless, the Finance Committee believes the assumptions relied upon in preparation of this budget with respect to State aid are reasonable, with the only real concern being the Tuition Assessment line item for our students attending other public education options outside of Sandwich. As will be highlighted shortly, this figure has grown substantially over the last eight years to the extent that this assessment alone is almost \$1.0 million greater than all of the Town's discretionary aid. In the event that State aid and assessment figures change substantially from our current projections, we will have to come back to a future Special Town Meeting to make the proper adjustments to balance the FY'15 budget.

It is important to keep in mind that in comparison to other communities, we budget extremely close to our allowed limits and have very little leeway if assumptions change during the fiscal year. This is particularly true for FY'15. One of our concerns this year has been how to support the implementation of the School Department's STEM effort, which includes relocating all 7th and 8th grades to Sandwich High School, within the funds available and to avoid an override request. After lengthy discussions and deliberations, the Finance Committee voted to support the School Budget and associated increased costs with the caveat that next year's school budget presented by the School Committee to the Board of Selectmen and the Finance Committee must show significant reductions.

This is a risk but we have made a decision to take this risk because we believe the School Department will be able to make significant budget reductions in FY'16 from the amount they would typically be seeking by fully implementing the STEM initiative and closing the Henry T. Wing School in the 2015 – 2016 school year. Enrollments have declined too significantly over the past 12 years to avoid this decision. For example, Sandwich High School, which is designed for 1,450 students, has less than 800 students enrolled this school year. In 2002, Sandwich had a total enrollment of 4,212 students and this year we have 3,018 – a 28 per cent decrease.

In order to implement the School Department's priorities, the Board of Selectmen and Finance Committee support a 3.78 per cent increase in the School budget and a General Government increase of 2.50 per cent. It is clear to the Committee that in future years there needs to be a significant budgetary shift to migrate funding from school operations to municipal operations. Town staffing and funding levels are far below similar communities and we believe municipal operations need to catch up to the growth Sandwich experienced during the last 30 years. The Town was able to make some small staffing improvements with the 2.50 per cent budget increase we have recommended, but it is clear to the Committee that additional personnel needs have to be addressed in future years.

In balancing the FY'15 budget, we were very fortunate that our appropriations to some key budget line items increased very little or even decreased. For example, Group Health Insurance increased by just 0.86 per cent, our County Retirement Assessment increased by 0.34 per cent, our Property & Liability Insurance decreased by 6.25 per cent, and our assessment to the Upper Cape Cod Regional Technical School decreased by 8.51 per cent. Without these favorable figures and the General Government's diligence in containing its request to a 2.50 per cent increase, we would not have been able to fund the additional requests of the School Department.

In addition to the budget amounts being voted in Article 2, the Committee fully supports the FY'15 capital budget recommendation in Article 5. This year you will see that more than \$930,000 has been allotted for several needed capital purchases, many of which have been on request lists for several years. Some key focus areas of the capital budget include a re-analysis of the Wing School, replacing several departmental vehicles, appropriating money for beach capital improvements, and fully implementing a unified financial system for Town and School operations.

Although the FY'15 budget addresses many issues and areas of importance, there are others that need to be addressed in the future and we would be remiss if we did not call these to the attention of Town Meeting. One is the understaffing of our Police and Fire Departments and the inadequate facilities in which they are housed. The second pressing issue is the state of our roads. The Committee supports passage of Warrant Article 7 for a \$1.3 million dollar outlay expenditure knowing that this amount is not adequate to address the road and public facility infrastructure and repairs needed. The Committee encourages our elected officials and town staff to continue their efforts to address these needs in the next budget year.

Finally, we would like to publicly thank the Town and School staff that met with us regularly over the last many months, presented detailed budget information, and answered numerous questions during our deliberations on the FY'15 budget. As our diligent review efforts have proven over the years, even when we have slight disagreements about specific spending amounts or funding sources, we all recognize that Sandwich is operated very efficiently, follows extremely sound financial practices, and consistently makes very wise budget decisions.

VOTED: That the Town hear the report of the Finance Committee and raise and appropriate \$64,953,989; transfer and appropriate \$626,865 from Free Cash; transfer and appropriate \$1,000,000 from the ambulance receipts reserved for appropriation account; transfer and appropriate \$100,000 from overlay surplus; transfer and appropriate \$1,244,834 from the Community Preservation Fund Fiscal Year 2016 estimated annual revenues; transfer and appropriate \$7,727 from the Community Preservation Fund undesignated fund balance; transfer and appropriate \$225,000 from Sandwich Marina funds; transfer and appropriate \$15,000 from the Sandwich Hollows Golf Club enterprise fund; transfer and appropriate \$15,000 from the DPW – Sanitation Division enterprise fund; transfer and appropriate \$200,304 from the beach parking receipts reserved for appropriation account; transfer and appropriate \$33,000 from the Hoxie House / Grist Mill receipts reserved for appropriation account; transfer and appropriate \$12,500 from the Waterways Fund; transfer and appropriate \$25,000 from cemetery trust funds; and transfer and appropriate \$100,000 to the OPEB Trust Fund; to defray Town expenses for the Fiscal Year 2016 as itemized in the third column entitled FY’16 Recommendation, as printed in the Warrant under Article 2, and set the compensation of elected officials as follows:

Moderator	450
Chairman Board of Selectmen	3,000
Selectmen – 4 each	2,500
Chairman Board of Assessors	2,000
Assessors – 2 each	1,500
Town Clerk	74,860

This was a voice vote and declared carried by the Moderator.

ARTICLE 3

To see if the Town will vote in accordance with the provisions of M.G.L. c.44, §53F½ to raise and appropriate or transfer from available funds a sum of money, to be expended under the direction of the Board of Selectmen, for the purpose of establishing the FY’16 enterprise fund budget for the Department of Public Works Sanitation Division, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$775,000 from DPW – Sanitation Division receipts and transfer and appropriate \$260,611 from the DPW – Sanitation Division retained earnings, to be expended under the direction of the Board of Selectmen, for establishing the Fiscal Year 2016 Enterprise Fund operating budget for the DPW – Sanitation Division. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 4

To see if the Town will vote in accordance with the provisions of M.G.L. c.44, §53F½ to raise and appropriate or transfer from available funds a sum of money, to be expended under the direction of the Board of Selectmen, for the purpose of establishing the FY’16 enterprise fund budget for Sandwich Hollows Golf Club, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$858,958 from Golf Course Receipts, to be expended under the direction of the Board of Selectmen, for establishing the Fiscal Year 2016 Enterprise Fund operating budget for Sandwich Hollows Golf Club. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 5

To see if the Town will vote in accordance with the provisions of M.G.L. c.44, §53E1/2 to authorize revolving funds for the following Town departments for FY’16, to be expended under the direction of the Board of Selectmen, in accordance with the following list:

Revolving Account	Revenue Source	Allowed Expenses	Expenditure Limit	Year-End Balance
Sandwich Marina	Marina revenues, fees & charges	Marina operations & capital	\$2,000,000	Available for following year
Recreation Programs	Program fees & charges	Recreation programs	\$250,000	Available for following year
Solar Energy / Town Utilities	Green energy payments	Town utility expenses	\$200,000	Available for following year
Town Hall Meeting Room	Function fees & charges	Town Hall & monitor expenses	\$5,000	Available for following year

or take any action relative thereto.

VOTED: That the Town authorize Town Department revolving funds for Fiscal Year 2016, to be expended under the direction of the Board of Selectmen, as printed in the Warrant under Article 5. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 6

To see if the Town will vote to hear the report of the Capital Improvement Planning Committee, and further, to raise and appropriate or transfer from available funds the sum of \$1,164,575.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of purchasing and repairing equipment, vehicles, and buildings, and providing related services in accordance with the following list, with any unexpended balance for each item identified below to be placed in the Building Repairs / Capital Purchases account to be expended under the direction of the Board of Selectmen:

Assessing – Replace Vehicle	23,150
Natural Resources – Replace Tractor	39,000
Natural Resources – Replace Trailer & Equipment	10,000
Facilities Department – Town Building Repairs/Improvements	125,000
Facilities Department – (30) Automatic Defibrillators	44,000
Facilities Department – Town Neck Restroom/Concession Design	25,000
IT Department – Replace Police & Fire Phone System	50,000
Emergency Management – Communication Back-up System	20,000
Police Department – Replace (4) Mobile Radios	20,000

Natural Resources – Conservation Land Improvements	8,500
Natural Resources – Mobile Radio & System Upgrades	9,900
Police Department – Replace Radio Batteries	8,000
Police Department – Replace All Terrain Vehicle	6,000
Recreation Department – Oak Crest Cove Court Maintenance	8,800
Recreation Department – Oak Crest Cove Retaining Wall Repairs	6,700
Recreation Department – Kayak Purchases	5,000
Capital List Total	1,164,575

AND FURTHER,

To offset the cost of the capital projects listed in Article 6, to see if the Town will vote to transfer and appropriate the sum of \$160,000.00, or any other amount, from the Ambulance Fund, and transfer and appropriate the sum of \$90,000.00, or any other amount, from an unexpended balance from the Library HVAC project as voted at the May 7, 2012 Annual Town Meeting under Article 6, to be expended under the direction of the Board of Selectmen, for a net FY'16 capital appropriation of \$914,575.00, or any other amount,

or take any action relative thereto.

VOTED: That the Town hear the report of the Capital Improvement Planning Committee and transfer and appropriate \$914,575 from Free Cash, transfer and appropriate \$160,000 from the Ambulance Fund receipts reserved for appropriation account, transfer and appropriate \$90,000 from the unexpended balance of the Library HVAC capital project, to be expended under the direction of the Board of Selectmen, for the purpose of repairing equipment, vehicles and buildings, and providing related services as printed in Article 6 of the Warrant, with

any unexpended funds to be placed in the Building Repairs / Capital Purchases account to be expended under the direction of the Board of Selectmen. This was a voice vote and declared carried by the Moderator.

ARTICLE 7

To see if the Town will vote to transfer and appropriate the sum of \$88,642.84, or any other amount, to be expended under the direction of the School Committee, from the Sandwich High School cellular tower lease receipt reserved for appropriation account, for the purpose of the maintenance and improvement of exterior athletic fields and facilities at Sandwich High School, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$88,642.84 from the Sandwich High School cellular tower

lease receipts reserved for appropriation account, for the maintenance and improvement of exterior athletic fields and facilities at Sandwich High School. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 8

To see if the Town will vote in accordance with M.G.L. c.40, §5B to raise and appropriate or transfer from available funds a sum of \$200,000.00, or any other amount, to be transferred into the Stabilization Fund, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$200,000 from Free Cash to the Stabilization Fund. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator.

ARTICLE 9

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money, said funds to be expended under the direction of the Board of Selectmen, for the purpose of reducing a projected FY'15 deficit in the Snow and Ice Account, or take any action relative thereto.

VOTED: That the Town raise and appropriate \$400,000 for funding the Fiscal Year 2015 Snow & Ice deficit. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 10

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of \$25,079.83, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of funding the FY'16 Sandwich Promotions Fund as established under Chapter 227 of the Acts of 1997, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$25,079.83 from the Sandwich Promotions Fund, to be expended under the direction of the Board of Selectmen, for funding the Fiscal Year 2016 Sandwich Promotions Fund as established under Chapter 227 of the Acts of 1997. This was a voice vote and declared carried by the Moderator.

ARTICLE 11

To see if the Town will vote to appropriate the sum of money, received or to be received, from the Chapter 90 State Aid to Highways Program for highway construction and/or maintenance on any State approved road during FY'16, or take any action relative thereto.

VOTED: That the Town appropriate amounts to be received from Chapter 90 State Aid to Highways Program for highway construction and/or maintenance on any State approved road during Fiscal Year 2016. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 12

To see if the Town will vote to reduce the rate of interest that accrues on property taxes deferred by eligible seniors under M.G.L. c.59, §5, Clause 41A, the so-called Property Tax

Deferral for Seniors program, from 8.0% to 5.0%, with such reduced rate to apply to taxes assessed for any fiscal year beginning on or after July 1, 2015, or take any action relative thereto.

VOTED: That the Town reduce the rate of interest that accrues on property taxes deferred by eligible seniors under M.G.L. c.59, §5, Clause 41A, the so-called Property Tax Deferral for Seniors program, from 8.0% to 5.0%, with such reduced rate to apply to taxes assessed for any fiscal year beginning on or after July 1, 2015. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 13

To see if the Town will vote to transfer and appropriate the sum of \$54,899.76, or any other amount, from the beach renourishment receipts reserved for appropriation account, to be expended under the direction of the Board of Selectmen, for the purpose of funding future public ocean beach and dune renourishment projects, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$54,899.76 from the beach renourishment receipts reserved for appropriation account, to be expended under the direction of the Board of Selectmen, for funding future public ocean beach and dune renourishment projects. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 14

To see if the Town will vote in accordance with M.G.L. c.40, §14 to accept by purchase, gift, eminent domain, or otherwise, from private property owners along the affected Town beaches, any and all permanent easements associated with the Army Corps of Engineers' proposed Town of Sandwich Dune and Beach Reconstruction Project for access and placement of sediment purposes, or take any action relative thereto.

VOTED: That the Town vote in accordance with M.G.L. c.40, §14 to accept by purchase or gift or take by eminent domain, from private property owners along the affected Town beaches, any and all permanent and temporary easements associated with the Army Corps of Engineers' proposed Town of Sandwich Dune and Beach Reconstruction Project for access and placement of sediment purposes. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator.

ARTICLE 15

To see if the Town will vote to hear and act on the report of the Community Preservation Committee on the FY'16 Community Preservation budget and to appropriate from the Community Preservation Fund FY'16 estimated annual revenues the sum of \$75,000.00, or any other sum, to meet the administrative expenses and all other necessary and proper expenses of the Community Preservation Committee for FY'16; and further to reserve for future appropriation a sum of money from the Community Preservation Fund estimated annual

revenues for open space, historic resources, and community housing purposes, as well as a sum of money to be placed in the FY'16 Budgeted Reserve for general Community Preservation Act purposes; and further to appropriate from the Community Preservation Fund a sum or sums of money for Community Preservation projects or purposes as recommended by the Community Preservation Committee; or take any other action in relation thereto.

VOTED: That the Town hear and act on the report of the Community Preservation Committee on the Fiscal Year 2016 Community Preservation budget and transfer and appropriate \$75,000 from the Community Preservation Fund Fiscal Year 2016 estimated annual revenues, to be expended under the direction of the Board of Selectmen, to meet the administrative expenses and all other necessary and proper expenses of the Community Preservation Committee for Fiscal Year 2016; and further reserve for future appropriation from the Fiscal Year 2016 Community Preservation Fund estimated annual revenues the following sums: \$188,545 for open space purposes; \$188,545 for historic resources purposes; and \$188,545 for community housing purposes. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 16

To see if the Town will vote to transfer and appropriate under the Community Preservation Act historic resources program the sum of \$15,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of preserving, restoring, and protecting the Town's written history, Sandwich: A Cape Cod Town, by updating and publishing the document in both print and electronic forms; that to meet this appropriation the Town transfer from the Community Preservation Fund a sum of money for this purpose; or take any other action relative thereto.

VOTED: That the Town transfer and appropriate \$15,000 from the Community Preservation Act historic resources program reserve for the purpose of preserving, restoring, and protecting the Town's written history, Sandwich: A Cape Cod Town, by updating and publishing the document in both print and electronic forms. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 17

To see if the Town will vote in accordance with M.G.L. c.44, §53E1/2 to establish a revolving fund in which to place revenues collected from any payments made to the Town from purchasing the Town's written history, Sandwich: A Cape Cod Town, to be expended under the direction of the Board of Selectmen for the purpose of paying for any future publication of the Town's history, and to establish a limit on the total amount that may be expended from the fund in FY'15, or take any action relative thereto.

VOTED: That the Town vote in accordance with M.G.L. c.44, §53E1/2 to establish a revolving fund in which to place revenues collected from any payments made to the Town

from purchasing the Town's written history, Sandwich: A Cape Cod Town, to be expended under the direction of the Board of Selectmen, for paying for any future publication of the Town's history, and to establish a limit of \$5,000 on the total amount that may be expended from the fund in FY'16. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 18

To see if the Town will vote to transfer and appropriate under the Community Preservation Act historic resources program the sum of \$7,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of commemorating the Town's participation in the Civil War through the manufacture and display of a Civil War Memorial Plaque at Town Hall; that to meet this appropriation the Town transfer from the Community Preservation Fund a sum of money for this purpose; or take any other action relative thereto.

VOTED: That the Town transfer and appropriate \$7,000 from the Community Preservation Act historic resources program reserve for the purpose of commemorating the Town's participation in the Civil War through the manufacture and display of a Civil War Memorial Plaque at Town Hall. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 19

To see if the Town will vote to rescind the vote of the May 2, 2011 Annual Town Meeting under Article 19 appropriating \$450,000.00 from the Community Preservation Act affordable housing program for the purpose of supporting the Forestdale Village affordable housing project owned by Forestdale Village, LLC, or take any other action relative thereto.

VOTED: That the Town rescind the vote of the May 2, 2011 Annual Town Meeting under Article 19 appropriating \$450,000 from the Community Preservation Act affordable housing program for the purpose of supporting the Forestdale Village affordable housing project owned by Forestdale Village, LLC. This was a voice vote and declared carried by the Moderator.

ARTICLE 20

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws, Section 2410, Abandonment, by deleting Section 2410 in its entirety and replacing it with the following, thereby increasing the allowed period of abandonment from two years to five years, or take any action relative thereto.

2410. Abandonment. A non-conforming use of a building or land, which has been abandoned for a period of five (5) years, shall not thereafter be returned to such non-conforming use. A non-conforming use shall be considered abandoned when the premises has been vacant for five years, or when the characteristic equipment and/or furnishings of the non-conforming use have been removed from the premises and have

not been replaced by similar equipment, whichever shall occur first.

VOTED: That the Town amend the Sandwich Protective Zoning By-laws, Section 2410, Abandonment, by deleting Section 2410 in its entirety and replacing it as printed in the warrant under Article 20, thereby increasing the allowed period of abandonment from two years to five years. This was a voice vote and declared carried by the required two-thirds majority by the Moderator.

ARTICLE 21

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws, Article IV, Special Regulations, by adding a new Section 4126, Exterior Storage, to read as follows, or take any action relative thereto.

4126. Exterior storage units may temporarily (no longer than six months) be positioned on a property only after notification to the Building Inspector of its date of delivery and its date of proposed removal.

COUNTED VOTE: That the Town amend the Sandwich Protective Zoning By-laws, Article IV, Special Regulations, by adding a new Section 4126, Exterior Storage, as printed in the Warrant under Article 21. This was a counted vote and declared not carried by the required two-thirds majority by the Moderator. 129 Yea and 112 Nay.

ARTICLE 22

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws by inserting a new Article VIII, Medical Marijuana Overlay District (MMOD), to read as follows, or take any action relative thereto.

VIII – MEDICAL MARIJUANA OVERLAY DISTRICT (MMOD)

8000 Medical Marijuana Overlay District

8001 Purpose

The purpose of this Section is to provide for the placement of a Registered Marijuana Dispensary (RMD) in accordance with the Humanitarian Medical Use of Marijuana at GL c 94C, App. S1-1 et seq., in a location suitable for a lawful medical marijuana facility and to minimize adverse impacts of a RMD on adjacent properties, residential neighborhoods, and locations where minors congregate by regulating the siting, design, placement, security and removal of a RMD.

Where not expressly defined in the Zoning Bylaw, terms herein shall be interpreted as defined in the Humanitarian Medical Use of Marijuana Act G.L. c 94C, App. S 1-1, et seq. and the Department of Public Health (DPH) Regulations promulgated thereunder, 105CMR 725, et seq., and otherwise by their plain language.

8002 Overlay District

The Medical Marijuana Overlay District (MMOD) is hereby established as an overlay district. The boundaries of the MMOD

are shown on the Zoning Map on file with the Town Clerk. If the provisions of the MMOD are silent on a zoning regulation, the requirements of the underlying district shall apply. If the provisions of the MMOD conflict with the requirements of the underlying district, the requirements of the MMOD shall control. Land within the MMOD may be used for either:

1. A Registered Marijuana Dispensary (RMD) in which case the requirements set forth in this Section shall apply; or

2. A use allowed in the underlying district in which case the requirements of the underlying district shall apply.

8003 Location

1. The MMOD overlay is located in the B-2 medical campus area along Route 130 in Sandwich between the Massachusetts Military Reservation, the Route 6 Mid-Cape Highway and the Sandwich Industrial Park as shown on the zoning map on file with the Town Clerk. This location is suitable because it is highly visible with direct access to state highways and byways, easy access for public and emergency services, and relatively central location within the community. The overlay district also share proximity with other medical uses within this campus area.

2. A RMD shall not be located within 500 feet of any of the following facilities that are in existence at the time of permit application:

a. School, including a public or private elementary, vocational or secondary school or a public or private college, junior college or university;

b. Child Care Center as defined in MGL Chapter 15D Section 1A;

c. Public park; or

d. Any facility where the primary purpose is to serve persons under age 18 who commonly congregate to participate in scheduled and structured activities other than medical uses.

3. Measurement of distance for the purpose of this bylaw shall be measured from property line to property line. The Zoning Board of Appeals may waive this distance requirement by a supermajority vote as part of the issuance of a Special Permit in any of the following instances:

a. Renewal of a Special Permit for an existing RMD; or

b. New application (change of applicant) for an existing RMD; or

c. If the applicant demonstrates that a RMD would otherwise be effectively prohibited within the Town; or

d. The applicant demonstrates that the RMD will employ adequate security measures to prevent diversion of medical marijuana to minors who are not qualifying patients pursuant to 105 CMR 725.004.

8004 Eligibility

1. Only one RMD shall be permitted within the Town. As defined in Section 10.2 a RMD can either dispense, prepare, cultivate or any combination thereof. Therefore, any facility with one or a combination of these activities constitutes a RMD.

2. Only an applicant holding a valid Provisional Certificate of Registration from the Department of Public Health is eligible to apply for a Special Permit under this Section.

8005 Administration and Procedure

1. One RMD shall be permitted in the MMOD pursuant to a Special Permit. The Zoning Board of Appeals shall be the Special Permit Granting Authority (SPGA) for a RMD Special Permit. In addition to the RMD Special Permit, applicants are urged to attend a voluntary town staff Site Plan Review.

2. The Zoning Board of Appeals shall notify and refer copies of RMD applications to the appropriate Town officials, such as Police Department, Fire Department, Building Commissioner, Town Engineer, Highway Superintendent, Health Department, Water Department, and Council on Aging, who have expertise or responsibilities relating to the application or serve constituencies likely to use a RMD. These reviewers may examine the application and submit written comments to the Zoning Board of Appeals. Failure to submit written comments by the designated deadline shall be construed as a lack of opposition to the proposal.

3. Applicants for a RMD Special Permit shall follow the application requirements on forms provided by the Zoning Board of Appeals or their designee.

a. An applicant for a Special Permit to operate a RMD under this bylaw shall submit the following to the Zoning Board of Appeals for its review:

1) A copy of its Provisional Certificate of Registration from the Massachusetts Department of Public Health (DPH);

2) A copy of any waivers of DPH regulations issued to the RMD;

3) A full description of all security measures including employee security policies approved by the DPH;

4) A copy of the emergency procedures approved by the DPH;

5) A copy of the policies and procedures for patient or personal caregiver home delivery approved by DPH;

6) A copy of the policies and procedures for the transfer, acquisition or sale of marijuana between RMDs as approved by the DPH; and

7) A security contingency plan to address emergency situations and conditions presented by emergencies such as extended power outage and natural disasters.

b. The site plan shall clearly delineate various areas of the RMD (both indoors and outdoors) including but not limited to as public access areas, employee-only access areas, storage, cultivation, preparation, waste disposal, administrative, transportation and loading as well as parking areas. Site plans and/or application narrative shall contain sufficient information so that the Zoning Board of Appeals can evaluate the following design and operational standards.

4. Design Standards. The facility shall meet the following minimum requirements:

a. All activities related to the RMD with regard to processing, cultivation, or storage of marijuana shall be conducted indoors. No materials, plants or byproducts shall be visible from outside of the premises/building. With the exception of loading areas, no operations shall be visible to the public;

b. The facility may include waiting areas for patients and caretakers and areas where patients and caregivers receive instruction about use of the product and other activities directly related to administration of services. There shall not be any facilities for use by the general public such as public reception areas, public restrooms or public lounge or seating areas;

c. All shipping and receiving areas shall exclusively serve the RMD. In the case of a multi-use or multi-tenant site, the RMD shall be laid out and designed to ensure separation from other uses or tenants at the site;

d. The facility shall have adequate water supply, stormwater systems, sewage disposal, and surface and subsurface drainage;

e. Adequate lighting, including night lighting that provides for monitoring of building and site security;

f. Signage is limited to that which is permitted under 105 CMR 725.100 (L) and shall comply with the Town of Sandwich Sign Bylaw.

5. Security and Operational Standards

a. The Zoning Board of Appeals shall request review and comment from the Chief of Police or designee. Failure to submit written comments by a designated deadline set by the Zoning Board of Appeals shall be construed as a lack of opposition to the proposal. The Chief of Police or designee may recommend reasonable security conditions to the Board;

b. The applicant under this Section shall provide and keep up to date contact information as required by the Chief of Police and Building Commissioner such as name, telephone number and electronic mail address of a contact person who must be available 24 hours a day.

c. Security Design Requirements. At a minimum, the security features used to protect the site shall fully comply with 105 CMR 725 and, in addition, must have the following capabilities:

1) A security camera system that monitors all entrances and exits for vehicles and persons as well as all areas where marijuana is received, stored, processed, sent or otherwise handled;

2) The security camera system shall have a minimum 180 day storage capacity;

3) Access and egress to all entrances and exits for vehicles and persons into areas where marijuana is received, stored, processed, sent or otherwise handled shall be controlled by an electronic access security system that records the ingress and egress of vehicles and persons;

4) All personnel shall have a security identity card that includes a front facial picture of the employee. The identity card shall also serve as the electronic access card for entrance into all restricted areas. The date and time of all access and egress into such areas shall be digitally recorded. Identification cards shall be worn at all times when personnel are in the RMD facility and must be plainly visible and not concealed;

5) All security alarm systems for the RMD shall be monitored by central station alarm. The Sandwich Police Department shall be immediately notified of the receipt of any alarm by the central station monitor; and

6) The applicant shall immediately notify the Sandwich Police Department of any breakdown or malfunction of any part of the security system. This notification shall include at a minimum the following:

- Date and time of malfunction;
- Nature of malfunction;
- Any loss or attempted loss of product as a result of the malfunction;
- The compensatory measures in place to address the discontinuity of the security system; and
- Estimated date and time of restoration of the security measures.

6. Enforcement

a. Failure to comply with any of the provisions of the security measures in this Section shall be reported to the Building Commissioner for review. The applicant's unwillingness or inability to make timely repairs to the security systems may result in the issuance of a Cease and Desist order until such repairs have been completed and approved by appropriate town officials.

8006 Special Permit Approval Criteria and Conditions

1. The Zoning Board of Appeals may impose reasonable conditions to improve site design, traffic flow, public safety, water quality, air quality, protection of significant environmental resources and the preservation of community character of the surrounding area including but not limited to the following:

a. Minimize the impacts of increased noise and traffic;

b. Impose security precautions related to the high value of products and cash transactions;

c. Deter unauthorized or ineligible customers at the RMD;

d. Impose measures to prevent diversion of marijuana; and

e. Conditions related to the design and construction of the facility to improve safety, security and conformance with community character.

2. Zoning Board of Appeals shall address the following general conditions in each special permit issued under this Section:

a. Hours of operation, including dispatch for home delivery;

b. The reporting of any incidents to the Building Commissioner and Zoning Board of Appeals as required under the requirements of 105CMR 725.110(f) within 24 hours of occurrence. Such reports may be redacted as necessary to comply with any applicable state or federal laws and regulations.

c. The reporting of any summary cease and desist order, quarantine order, summary suspension order, limiting sales order, notice of hearing or final action by DPH or the Division of Administrative Law Appeals as applicable regarding the RMD to the Building Commissioner and the Zoning Board of Appeals within 48 hours of their receipt.

3. A Special Permit may be issued to any applicant who, in the determination of the Zoning Board of Appeals, has met the requirements of this Section; as well as the criteria in Sections 1330 and 1340.

4. The issuance of a special permit under this Section shall also be subject to the following:

a. The special permit shall expire within five (5) years of the date of issue. If the applicant wishes to renew the special permit, an application to renew must be submitted at least 120 days prior to the expiration of the Special Permit;

b. Special permits shall be limited to the current applicant and shall expire on the date the Special Permit holder ceases operation of the RMD;

c. Special permits shall lapse upon the expiration or termination of an applicant's registration by DPH;

d. The holder of a special permit for an RMD facility shall notify the Building Inspector and the Zoning Board of Appeals in writing within 48 hours of the cessation of operation of the RMD or the expiration or termination of the permit holder's registration with DPH; and

e. Any failure to fully comply with any conditions of the special permit, this or any bylaws of the Town of Sandwich, or the laws or regulations of the Commonwealth of Massachusetts, may result in the suspension or revocation of the special permit by the Zoning Board of Appeals.

8007 Prohibition Against Nuisances

No use shall be allowed in the MMOD which creates a nuisance to abutters or to the surrounding area, or which creates any hazard, including but not limited to fire, explosion, fumes, gas, smoke, odors, obnoxious dust, vapors, offensive noise or vibration, flashes, glare, objectionable effluent or electrical interference, which may impair the normal use and peaceful enjoyment of any property, structure or dwelling in that area.

8008 Severability

The provisions of the Bylaw are severable. The invalidity of any Section or provision of this Zoning Bylaw shall not invalidate any other Section or provision hereof.

VOTED: That the Town amend the Sandwich Protective Zoning By-laws by inserting a new Article VIII, Medical Marijuana Overlay District (MMOD), as printed in the warrant under Article 22. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator

ARTICLE 23

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws, Definitions, by deleting the current definitions of "Height" and "Yard" and replacing them with the following definitions, and by inserting a new definition of "Storage, Exterior", or take any action relative thereto.

HEIGHT – The vertical distance from the mean existing grade at the front line of the building to the highest point of the roof for flat or shed roofs, to the deck line for mansard roofs and to the ridge for gable, hip and gambrel roofs; except for those buildings that are required to be placed on elevated foundations, specific to Federal and/or State flood elevation requirements, adjacent to the shoreline and/or within those areas designated by FEMA to be part of an A or V Zone, where the vertical distance would be measured from the top of the Federal and/or State required elevated foundation to the highest point of the roof for flat or shed roofs, to the deck line for mansard roofs and to the ridge for gable, hip, and gambrel roofs. Not included are spires, cupolas, TV antennae and other parts of structures, which do not enclose potentially habitable floor space.

YARD – A required open space, unobstructed with structures other than fences or other customary yard accessories.

STORAGE, EXTERIOR – Temporary (no longer than six months) exterior storage units located outside a building including but not limited to "pods", trailers, containers and the like which may house merchandise, furniture and more.

COUNTED VOTE: That the Town amend the Sandwich Protective Zoning By-laws, Definitions, by deleting the current definitions of "Height" and "Yard" and replacing them with the definitions printed in the warrant under Article 23, and by inserting a new definition of "Storage, Exterior" as printed in the warrant under Article 23. This was a counted vote and declared carried by the required two-thirds majority by the Moderator. 141 Yea and 68 Nay.

ARTICLE 24

To see if the Town will vote to amend Section 2.01 of the Town Bylaws, Capital Improvement Planning Committee, by deleting the language in Part 2 highlighted below with a strikethrough and adding the language highlighted with an underline, or take any action relative thereto.

Part 2: The Committee shall define and study all proposed capital projects and improvements involving major non-recurring tangible assets and projects. All officers, boards and committees, including the Selectmen and the School Committee, shall give to the Committee on forms prepared by it the information needed to prepare a Capital Budget for Town Meeting. The Committee shall consider the relative need, impact, timing, cost and funding methodology of these capital expenditures and the effect each will have on the financial position of the Town. ~~No appropriation shall be voted for a capital improvement requested by a department, board or commission unless the proposed capital improvement is considered in the Committee's report, or the Committee shall first have submitted and may make a report to the Finance Committee and Board of Selectmen explaining the omission.~~

VOTED: That the Town amend Section 2.01 of the Town Bylaws, Capital Improvement Planning Committee, by adopting the new language for Part 2 as printed in the warrant under Article 24. This was a voice vote and declared carried by the Moderator.

ARTICLE 25

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$10,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of restoring and repairing the Town Hall auditorium piano, or take any action relative thereto.

Carl Johansen of Oxford Road made a motion to indefinitely postpone Article 25. His motion was seconded from the floor.

VOTED: That Article 25 be indefinitely postponed. This was a voice vote and declared not carried by the Moderator.

COUNTED VOTE: That the Town raise and appropriate \$10,000, to be expended under the direction of the Board of Selectmen, for restoring and repairing the Town Hall auditorium piano. This was a voice vote and declared carried by the Moderator. 136 Yea and 74 Nay.

VOTED: To adjourn to the Town Elections on May 7, 2015. This was a voice vote and declared carried by the Moderator.

The meeting was adjourned at 9:10 PM

ARTICLE 26

To Elect the following Officers:

Pursuant to the foregoing warrant, the polls opened at 7 A.M. The ballot boxes showed zero count. The ballots were delivered to the Ballot Clerks and the following election officers were administered an oath to faithfully perform their duties.

The polls for the election were opened at 7:00 a.m. and closed at 8:00 p.m. The total vote cast was 1,888, which is 12.61% of the voters. The total number of voters at the close of registration prior to the election was 14,969. The lists of Ballot Clerks and Checkers were checked and found to be in order and agreed with Ballot Box totals.

The number of absentee ballots cast was: Precinct 1, 38; Precinct 2, 38; Precinct 3, 14; Precinct 4, 7; Precinct 5, 23; Precinct 6, 14; for a total of 134 voters.

I hereby certify that this is a true record of the Annual Town Meeting held on May 4, 2015 and the Annual Town Election held May 7, 2015.

Respectfully Submitted,

Taylor D. White
Town Clerk

**TOWN OF SANDWICH
SPECIAL TOWN MEETING
August 31, 2015**

The Special Town Meeting was called to order in the Sandwich High School auditorium by Moderator Garry Blank at 7:34 P.M. The Moderator appointed Paul Houlihan as Assistant Moderator and he presided over the voters sent to the gymnasium when the auditorium had reached its capacity. The total number of eligible voters for this meeting was 15,066 and the clerks checked in a total of 811 voters, which is a 5.3% turnout.

The Moderator swore in the following Sandwich residents as tellers: Melinda Gallant, Daryl Crossman, David Merrell, Maryellen Anderson, Denise Dever, Tobin Wirt, Kathy Brown and Nancy Crossman. Taylor White, Town Clerk, and Susan Lundquist, Assistant Town Clerk served as the timekeepers. Board of Selectmen Chairman, Frank Pannorfi, led Town Meeting in the Pledge of Allegiance.

The Moderator asked for a moment of silence for Dave Whearty, the Town's Harbormaster, who recently passed unexpectedly.

The Moderator called the meeting to order and asked for a vote to grant non-residents the privilege of speaking before Town Meeting.

VOTED: That non-residents be granted the privilege of speaking before Town Meeting. This was a voice vote and declared not carried by the Moderator and Assistant Moderator.

The Moderator asked for a vote to grant non-resident's attorneys the privilege of speaking before Town Meeting.

VOTED: That non-resident's attorneys be granted the privilege of speaking before Town Meeting. This was a voice vote and declared not carried by the Moderator and Assistant Moderator.

ARTICLE 1

To see if the Town will vote to appropriate under the Community Preservation Act – open space and recreation program, the sum of \$1,250,000.00, or any other amount, to be expended under the direction of the Board of Selectmen, for the purpose of designing and constructing a beach renourishment, restoration and resiliency project on Town Neck Beach, including professional services, and any other costs incidental and related thereto; that to meet this appropriation the Town transfer from the Community Preservation Fund a sum of money for this purpose, and that the Treasurer, with the approval of the Board of Selectmen, is hereby authorized to borrow up to \$1,250,000.00 and issue bonds and notes therefor pursuant to M.G.L. c.44B, §11, or any other enabling authority; provided further that such borrowing authorization shall be reduced by any federal or state grants that may be received by the Town for the project; or take any other action relative thereto.

James Pierce of Foster Road made a motion to move the question; it was seconded from the floor. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator and Assistant Moderator.

VOTED: That the Town appropriate under the Community Preservation Act – open space and recreation program, the sum of \$1,250,000, to be expended under the direction of the Board of Selectmen, for the purpose of designing and constructing a beach renourishment, restoration and resiliency project on Town Neck Beach, including professional services, and any other costs incidental and related thereto; that to meet this appropriation the Treasurer with the approval of the Board of Selectmen is hereby authorized to borrow \$1,250,000 and issue bonds and notes therefor pursuant to M.G.L. c.44B, §11, or any other enabling authority; provided further that such borrowing authorization shall be reduced by any federal or state grants that may be received by the Town for the project. This was a voice vote and declared carried by the required two-thirds majority by the Moderator.

The meeting was adjourned at 8:27 PM.

I hereby certify that this is a true record of the Special Town Meeting held on August 31, 2015.

Respectfully Submitted,

Taylor D. White
Town Clerk

**TOWN OF SANDWICH
SPECIAL TOWN MEETING
November 16, 2015**

The Special Town Meeting was called to order in the Sandwich High School auditorium by Moderator Garry Blank at 7:02 P.M. The total number of eligible voters for this meeting was 15,223 and the clerks checked in a total of 360 voters, which is a 2.3% turnout.

The Moderator swore in the following Sandwich residents as tellers: Bob King, Daryl Crossman, David Merrell, Phyllis Helfrich, Denise Dever, Tobin Wirt and Nancy Crossman. Taylor White, Town Clerk, and Susan Lundquist, Assistant Town Clerk served as the timekeepers. Board of Selectmen Chairman, Frank Pannorfi, led Town Meeting in the Pledge of Allegiance.

The Moderator requested a moment of silence to honor those killed in the recent terrorist attacks in Paris, France.

ARTICLE 1

To see if the Town will vote to raise and appropriate, transfer from available funds including without limitation a transfer from the Community Preservation Fund – Open Space and Recreation Program, or borrow under General Laws Chapter 44 or 44B, or any other enabling authority, a sum of money to be expended under the direction of the Board of Selectmen, for the purpose of designing and constructing a beach renourishment, restoration and resiliency project on Town Neck Beach east of Wood Avenue Extension, including professional services, and any other costs incidental and related thereto; and further to amend the vote taken under Article 1 of the August 31, 2015 Special Town Meeting by deleting the following: “provided further that such borrowing authorization shall be reduced by any federal or state grants that may be received by the Town for the project”; or take any other action relative thereto.

VOTED: That the Town appropriate the sum of \$600,000, under the Community Preservation Act – Open Space and Recreation Program, to be expended under the direction of the Board of Selectmen, for the purpose of designing and constructing a beach renourishment, restoration and resiliency project on Town Neck Beach east of Wood Avenue Extension, including professional services, and any other costs incidental and related thereto; that to meet said appropriation, the Treasurer with the approval of the Board of Selectmen is hereby authorized to borrow said sum pursuant to General Laws Chapter 44B or any other enabling authority, and to issue bonds and notes of the Town therefor; and further that the vote taken under Article 1 of the August 31, 2015 Special Town Meeting be amended by deleting the following: “provided further that such borrowing authorization shall be reduced by any federal or state grants that may be received by the Town for the project”. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator.

ARTICLE 2

To see if the Town will vote to amend the vote taken under Article 2 of the May 4, 2015 Annual Town Meeting for the FY'16 School Department budget, account number 300, by raising and appropriating the additional sum of \$74,425.00, or any other amount, for such purposes, or take any action relative thereto.

VOTED: That the Town amend the vote taken under Article 2 of the May 4, 2015 Annual Town Meeting for the FY'16 School Department budget, account number 300, by raising and appropriating the additional sum of \$74,425. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 3

To see if the Town will vote to transfer and appropriate the sum of \$250,000.00, or any other amount, from the Ambulance Fund, to be expended under the direction of the Board of Selectmen, for the purpose of purchasing an ambulance and related supplies and equipment for the Fire Department, or take any action relative thereto.

VOTED: That the Town transfer and appropriate the sum of \$250,000 from the Ambulance Fund, to be expended under the direction of the Board of Selectmen, for the purpose of purchasing an ambulance and related supplies and equipment for the Fire Department. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 4

To see if the Town will vote in accordance with the provisions of M.G.L. c.44, §53F½ to raise and appropriate or transfer from available funds a sum of \$70,000.00, or any other amount, from the Golf Enterprise Fund to be expended under the direction of the Board of Selectmen, for the purpose of completing extraordinary repairs and improvements to the Sandwich Hollows Golf Club clubhouse and golf course and for replacing maintenance and capital equipment for Sandwich

Hollows Golf Club operations, or take any action relative thereto.

VOTED: That the Town transfer and appropriate \$70,000 from the Golf Enterprise Fund in accordance with the provisions of M.G.L. c.44, §53F½, to be expended under the direction of the Board of Selectmen, for the purpose of completing extraordinary repairs and improvements to the Sandwich Hollows Golf Club clubhouse and golf course and for replacing maintenance and capital equipment for Sandwich Hollows Golf Club operations. This was a voice vote and declared carried unanimously by the Moderator.

ARTICLE 5

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws to create a Ground Mounted Solar Overlay District, by amending Article II, Use and Intensity Regulations, Section 2100, Establishment of Districts by adding a new subsection p. to Section 2110 and the additional language to the end of Section 2110, as follows:

p. Ground Mounted Solar Overlay District. See Section 4180.

Ground Mounted Solar Overlay District, as described in Section 4180 is herein established as an overlay district, shall be considered to be superimposed over any other district established by this by-law. Land in the Ground Mounted Solar Overlay District shall be subject to the requirements of Section 4180.

AND FURTHER, To see if the Town will vote to amend the Sandwich Protective Zoning By-laws Section 2210, Use Regulation Schedule, by adding Note 25 highlighted in bold, as follows:

Industrial/Utility Uses, Solar Photovoltaic Installation, Large-Scale Ground-Mounted (22)

<u>R-1</u>	<u>R-2</u>	<u>VIL</u> (2,3)	<u>BL-1</u>	<u>B-2</u> (2,3)	<u>FLEX</u>	<u>IND</u>	<u>MAR</u>	<u>RD</u> (2,3)	<u>S</u>	<u>GD</u>
N	S	N	N	N	Y	Y	N	S	N	S
(25)										

25. Y - permitted by-right if in Ground Mounted Solar Overlay District.

AND FURTHER,

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws Section 4180, Large Scale Ground Mounted Solar Photovoltaic Installations, by adding the language highlighted below in bold, as follows:

4180 LARGE SCALE GROUND MOUNTED SOLAR PHOTOVOLTAIC INSTALLATIONS

The Planning Board shall be the Special Permit Granting Authority for applications pertaining to sites outside the

Industrial Limited District and the Ground Mounted Solar Overlay District.

The Ground Mounted Solar Overlay District is herein established as an overlay district and shall be superimposed over any other district established by this by-law. A plan entitled "Solar Overlay District" dated July 1, 2015 is on file in the Planning and Development Office delineating this district and is hereby made a part of this By-Law.

AND FURTHER,

To see if the Town will vote to amend the Sandwich Protective Zoning By-laws Section 4182, Procedure, by adding the language below in bold, as follows:

4182 Procedure

Large scale ground-mounted solar photovoltaic installations located within the Industrial Limited District **and the Ground Mounted Solar Overlay District** are allowed by right subject to compliance with sections 4180 through 4196 and other applicable sections of this bylaw.

or take any action relative thereto.

VOTED: That that the Town amend the Sandwich Protective Zoning By-laws to create a Ground Mounted Solar Overlay District by amending Article II, Use and Intensity Regulations; Section 2100, Establishment of Districts; Section 2210, Use Regulation Schedule; Section 4180, Large Scale Ground Mounted Solar Photovoltaic Installations; and Section 4182, Procedure; all as printed in the warrant under Article 5. This was a voice vote and declared carried unanimously by the required two-thirds majority by the Moderator.

ARTICLE 6

To see if the Town will vote to proclaim as follows:

At its meeting on April 23, 2014, the Sandwich Historic District Committee (the "Committee") considered an application ("Application") for a certificate of appropriateness ("COA") for an aerial adventure park (the "Project") at 0 Shawme Road and 0 Pocasset Road. Abutters to 0 Shawme Road were not notified of that meeting, nor were they previously notified of the Application. At that meeting the Committee voted to approve a "motion to accept the plans as presented" and issued a corresponding COA that Project proponents claim authorize the Project. Many or all of the aforementioned abutters had no knowledge of the COA until after the relevant appeal period had passed.

For these and other reasons, the construction and operation of the Project constitutes a violation of Chapter 470 of the Acts of 1973, as amended (the Old King's Highway Regional Historic District Act, or the "Act"). Under Section 12 of the Act, the Inspector of Buildings has the duty to enforce violations of the law. However, to date Inspector of Buildings Paul D. Spiro has refused to take enforcement action.

We hereby proclaim that the Project violates the Act, and that enforcement action should be taken with respect to such violation(s).

(Submitted by Petition)

Don Stainbrook of Faunce Mountain Road moved to approve Article 6 as printed in the Warrant. His motion was seconded from the floor.

VOTED: That the Town proclaim as follows:

At its meeting on April 23, 2014, the Sandwich Historic District Committee (the "Committee") considered an application ("Application") for a certificate of appropriateness ("COA") for an aerial adventure park (the "Project") at 0 Shawme Road and 0 Pocasset Road. Abutters to 0 Shawme Road were not notified of that meeting, nor were they previously notified of the Application. At that meeting the Committee voted to approve a "motion to accept the plans as presented" and issued a corresponding COA that Project proponents claim authorize the Project. Many or all of the aforementioned abutters had no knowledge of the COA until after the relevant appeal period had passed.

For these and other reasons, the construction and operation of the Project constitutes a violation of Chapter 470 of the Acts of 1973, as amended (the Old King's Highway Regional Historic District Act, or the "Act"). Under Section 12 of the Act, the Inspector of Buildings has the duty to enforce violations of the law. However, to date Inspector of Buildings Paul D. Spiro has refused to take enforcement action.

We hereby proclaim that the Project violates the Act, and that enforcement action should be taken with respect to such violation(s).

This was a counted vote and declared carried by the Moderator. 159 Yea and 102 Nay.

The meeting was adjourned at 8:14 P.M.

I hereby certify that this is a true record of the Special Town Meeting held on November 16, 2015.

Respectfully Submitted,

Taylor D. White
Town Clerk

SANDWICH HISTORIC DISTRICT ELECTION
Old Kings Highway Regional Historic District
November 24, 2015

The Sandwich Historic District Election was held on November 24, 2015 at the Sandwich Town Clerk's Office to elect one member for a four year term. The polls were open from 6 P.M. to 8 P.M. and there were 15 ballots cast.

The election results are as follows:

(Four Year Term, vote for one)

Mary Foley	15
Write-Ins.....	0
Blanks	0
Total.....	15

I hereby certify that this is a true record of the 2015 Sandwich Historic District Election.

Respectfully submitted,

Taylor D. White

Report of the PLANNING & ECONOMIC DEVELOPMENT DEPARTMENT

The Planning and Economic Development Department is tasked with undertaking both short and long-term planning to protect the Town's natural and cultural resources while also encouraging development and redevelopment in appropriate areas of the community. To ensure that all planning and development related activities are dealt with as expeditiously and thoroughly as possible, the department works with the Planning Board and the Zoning Board of Appeals and often coordinates with the Health Department, Building Inspector, Engineering Department, and Natural Resources Department while working towards the goal of providing reliable and exemplary customer service to town residents and businesses.

The daily activities of the Planning Department are currently overseen by a dedicated staff of three full-time employees and one part time employee. In May 2015, the Department hired its first Assistant Town Planner, Josh Peters. In July, long serving office assistant Maureen Carty retired; in November we hired local resident Laura Watts to replace her. Marilyn Bassett, Sr. Administrative Assistant, continues to manage the office and along with Laura they provide the highest level of service to the public and ensure the land use boards and volunteer committees are kept abreast of all ongoing projects and planning activities.

The Planning Board is currently chaired by Sarah Regan. Last year saw some turnover with the election of Joe Vaudo and Tom Lynch. The other members are Lori Caron, Robert King, Bill Burbank, and Scott Torrey. The Planning Board benefits greatly from their combined professional experience in the fields of development and design. The Zoning Board of Appeals entered into the new year under the strong leadership of James Killion as chair and gains from the longstanding and much appreciated service of Bob Jensen, Woody Mitchell, David Schrader, Erik VanBuskirk, and Chris Neevan. The Department of Planning and Economic Development appreciates the continued outstanding stewardship of all Board members.

Over this past year the department staff has worked on a variety of planning activities. Many of the Action Items in the Local Comprehensive Plan are continuing to be addressed or implemented. The Marina area is undergoing significant change with the new Town Harbormaster Building under construction, a new seafood restaurant and retail at 20 Freezer Road, and significant announcements of expansion at the NRG power plant. The Department collaborated with Town Staff and officials to complete the Henry T. Wing School Reuse Feasibility Study. The Department has also been hard at work enhancing the Town's protective zoning bylaw. In 2015, amendments Town Meeting has passed included addition of a Medical Marijuana district, Ground Mounted Solar district, and revisions to a few definitions and terminology. These efforts would not have been possible without the assistance of many members of Town staff, boards, committees and citizens willing to provide feedback.

In its regulatory role the Department continues to work with the Planning Board and ZBA on a host of development proposals. 2015 has been a mixed year; the ZBA saw a decrease in Special Permit applications and variance requests. The PB reviewed more Definitive subdivision plans and Scenic Road applications. ANR applications were down for the year.

The coming year affords the Department an opportunity to assist the Town and the land use boards in meeting the many challenges that face the community over the next several years. For 2016, the Department is prioritizing the Marina district, Wing School and continued town wide economic development efforts in conjunction with the Sandwich Economic Initiative Corporation.

A key goal of the Department is to conduct its daily business in an efficient and positive manner while making every effort to streamline the permitting process and make that process predictable for those seeking to do business in town. The Department would like to thank all of the Town staff who makes this effort possible including Paul Tilton, Town Engineer, Sam Jensen, Assistant Town Engineer, Sean Harrington, Engineering Technician, Dave Mason, Health Agent, Mark Galkowski, Director of Natural Resources, Dave DeConto, Assistant Director of Natural Resources, Ed Childs Director of Assessing and Mike Twomey, Town IT Director. Additional thanks go to Town Manager Bud Dunham, Assistant Town Manager Doug Lapp and Building Inspector Paul D. Spiro for their guidance and support of the Department during the past year. Also, we offer our thanks to those elected and appointed Board members who donate time from their busy schedules to serve the community. Your commitment and tireless efforts on behalf of the Town are very much appreciated.

Respectfully submitted,

Blair Haney, Director
Department of Planning & Economic Development

Report of the NATURAL RESOURCES DEPARTMENT

To the Honorable Board of Selectmen and the Citizens of Sandwich:

A ferocious nor'easter struck Cape Cod on January 26, 27 & 28, 2015. It brought more than twenty four (24) inches of snow to Sandwich along with dangerous coastal flooding with an estimated five and one half (5 ½) foot storm surge. Many coastal properties suffered severe erosion including Town Neck Beach and Spring Hill Beach. I observed flooding, the likes I had not witnessed in my twenty seven (27) years working for the Town. The Route 6A bridge at Scorton Creek was entirely submerged just after the early morning high tide; coastal flooding occurred all along the back portion of the beach from the Town Neck parking lot along Freeman Avenue, White Cap Path and Bay Beach Lane; Saltmarsh Road and Foster Road was cut off by the surging tides pushing through to the cranberry bogs at Roos Road; the Harbormaster's Office at the Boat Basin suffered extensive flooding. Access to many locations was cut off by heavy snow accumulations. This Department, as has been the case for a number of years past, worked with the Emergency Management Department monitoring the tides/flooding throughout the remainder of the day. Public and private damage assessments were underway for many days following this major event.

In the aftermath, damage was observed all along the coast especially at Town Neck Beach and Spring Hill Beach. A five hundred (500) foot section of dune was wiped out at Town Neck Beach, pushed into the adjacent creek, filling it, cutting off all tidal flow, into or out of Mill Creek. This raised genuine concerns regarding the health of the Town's shellfish beds and impeding the annual migration of herring later in the spring. A number of homes at Spring Hill Beach were damaged and some were deemed uninhabitable. In one case the surge pushed the furnace and oil storage tank out of the utility room into the driveway behind the structure. The properties along Bay Beach Lane and the White Cap Path area of Town Neck suffered extensive damage.

Following coordination with our local Conservation Commission and State environmental agencies, emergency work to excavate the sand from Mill Creek and re-construct the dune was authorized. Unfortunately the work did not commence until March due to the fact that the equipment operators from P.A. Landers Co. were tied up cleaning up around the Boston area from the relentless snow storms. The creek was opened to tidal flow around the middle of March.

Work on the Town Neck Beach re-construction project (400,000 yds³) continued throughout the year. All environmental permits were secured by the Town in July. Efforts on two (2) Coastal Zone Management Grants advanced. The 1st awarded in 2014 funds an investigation and permitting of an offshore sand borrow site to feed the 400,000 yds³ Town Neck Beach re-construction project. This Department working with the Town's coastal engineers, Woods Hole Group identified an area off of Scusset Beach in Sagamore where sand is collecting behind the

westerly jetty of the Cape Cod Canal (CCC). The 2nd grant was awarded in 2015. It funds a cooperative grant with the Town of Barnstable to identify the routes of littoral sand flow along the town's coasts, its interaction with the shoreline and allow the coastal engineers from the Provincetown Center for Coastal Studies to develop a sand budget for each town.

An opportunity to participate in a smaller project surfaced earlier in 2014 with the design template completed in January. This project known as the Army Corps of Engineers (ACoE) 204 Program would place 150,000 yds³ of sand dredged by the ACoE from the CCC on Town Neck Beach, west. This beneficial reuse of dredge material, approved by the ACoE in June was a 65/35 cost share project where the Town would be responsible for 35% of the cost of the placement sand on the beach with the ACoE shouldering 65% of the cost. Comprehending the severity of the erosion caused by the January 27 storm and subsequent nor'easters, the ACoE adjusted the design template to account for the loss of beach and dunes along Town Neck Beach west, especially in the Bay Beach Lane/White Cap Path areas.

Since some of the dune re-construction was to occur on private property, permanent construction and access easements were required. The private property owners objected to the permanence of the easements. In the end, the 204 project was terminated by the ACoE because the easements over the private property were not delivered to the Town by the July 31 deadline as required by the ACOE agreement.

The cancellation of the 204 Project meant that the 150,000 yds³ of sand dredged from the CCC would be dumped at the Cape Cod Bay dump site. Over 850 townspeople, Selectmen and the Administration came together at a Special Town Meeting in August to vote an authorization to cover the entire cost of placing the sand on Town Neck Beach east since it was not eligible for an ACoE 204 designation. The vote was unanimous. The town's portion of project pumping and grading the sand on Town Neck Beach cost just shy of three (3) million dollars. Great Lakes Dock and Dredge Co. of Illinois was the ACoE low bidder and commenced work in the later part of December.

In 2015 ninety-nine (99) license holders made two hundred sixty-eight (268) trips to the flats from opening day through May, harvesting sixty five (65) bushels of quahogs (*M. Mercenaria*). Shellfishing continues in 2016 through May 2016 on Sundays. A limited harvest of Mill Creek oysters occurred in December. Twenty lottery winners we invited to pick up their limit of oysters raised by town staff over the past three (3) years. Two hundred (200) bags of quahogs from the Division of Marine Fisheries (DMF) Taunton River contaminated relay were planted in early June in the Old Harbor estuary. The department continued the oyster (*Crassostrea virginica*) culture program receiving 20,000 R8 (11-17mm) single oysters from a local hatchery through a Division of Marine Fisheries/Barnstable County funded shellfish program. As a reminder to the public, the Harvest of Oysters is Prohibited throughout the town and Sandwich residents remain eligible to purchase a Bourne Resident Shellfish Permit to fish in Bourne's open areas throughout the year. Sandwich continues to financially support Bourne's propagation efforts through an annual appropriation.

Implementation of the *Town of Sandwich Wildland Fire Protection and Preparedness Plan for the Maple Swamp and Discovery Hill Town Lands Complex* continued with financial assistance from the federal government through the Cape Cod Cooperative Extension of Barnstable County (CCCES). The 2014-15 grant allowed us to complete the second leg of Phase II of the overall project. Another grant was funded in 2015 to complete the third leg of Phase II. We expect to finish this work in January 2016.

Approximately five thousand (5000) anadromous fish passed through the Shawme Pond system, this year. The cold winter appeared to delay the run. We continued to use an electronic fish counter loaned to us by the MA Division of Marine Fisheries at the upper run. Periodic inspections verified fish passage during early morning and evening hours. Our reconnaissance for elver poachers in the coastal streams and marshes continued and we now utilize electronic surveillance at the lower run.

Waterway patrols on Peters Pond, albeit in a more abbreviated fashion, continued this year with new seasonal staff. A number of our regulatory buoys on Peters Pond were damaged beyond repair again this year. I am looking into a more durable product for the replacements.

We continued our long-standing relationship contracting with Massachusetts Audubon Society to provide plover and tern monitoring across our town owned beaches from April to August. Plover recruitment at Town Neck Beach and tern recruitment at Spring Hill Beach was about average. Our patrols continue providing a presence during the evening and night hours when illegal activities are most likely to occur in the nesting areas. Both programs are funded from the beach parking fees account. The agreement between the Town, MA Fisheries & Wildlife, Natural Heritage & Endangered Species Program and the US Fish & Wildlife Service calls for these programs to be funded by the Town as required by the Order of Conditions for the Town Neck Beach Re-construction project and overall Beach Management Plan.

Our seasonal staff continues to carry out a number of other maintenance projects and provide continuous onsite operations, maintenance, support and security at the Ryder Wakeby Park, Ryder Conservation Land and other lands. The Department of Public Works Tree Warden and Parks crew assisted with trail maintenance on many of our conservation lands.

The Department completed many of our stated goals for 2015. Goals for the upcoming year include: completing work on the two (2) CZM grants to include permits for the offshore sand borrow area; work with the Public Access Board to design and permit a new pond access at Spectacle Pond; complete the design and permitting of the Ryder boardwalk; acquire funding to complete a dog park design; upgrade the regulatory buoys on town ponds; continue public outreach on departmental issues; continue identifying and purchasing properties for future open space; complete the update and distribution of the Sandwich Conservation Lands Map; forward a dune protection bylaw to the Annual Town Meeting; formalize the department's oyster

grow-out operation and continue operational and security improvements to town conservation lands and facilities.

I would like to acknowledge the efforts of all my staff including Assistant DNR Director, David J. DeConto, Administrative Assistant, Heidi Hawkins, Deputy ACO's John Pimental and Walter Fagnant, and to the DNR/AC Division's clerk, Lori Canning; our seasonal workcampers for their hard work and continuous years of service, other town departments for the assistance they provide to us each year. Also, I would like to specifically recognize the support the Town has received from the MA Division of Marine Fisheries (DMF) State Shellfish Biologist, J. Michael Hickey, DMF Anadromous Fisheries Biologist, Brad Chase, DMF Fisheries Specialist Edward Clark, DMF Biologist Neil Churchill, MA Division of Fisheries and Wildlife SE District Manager Jason Zimmer, MA Coastal Zone Management Office Cape & Islands Steven McKenna and their staff at each agency.

Citizens who have questions regarding wildlife issues, shellfish inquiries, anadromous fish (herring), conservation lands management, boating laws, CPA issues, sale and/or donation of land for conservation purposes and/or other natural resources related matters, are encouraged to contact our office, Monday – Friday, 8:30 AM to 4:30 PM or via email at naturalresources@townofsandwich.net. We will endeavor to provide answers to your questions or direct you to agencies or organizations that may be better qualified to respond to your questions.

Respectfully submitted,

Mark S. Galkowski, Director

Report of the
ANIMAL CONTROL DIVISION

The Staff of the Animal Control Division continues to strive for excellence by providing the best services for the people and animals within the Town of Sandwich.

Our full-time Animal Control Officer (DACO) John Pimental and part-time Animal Control Officer (DACO) Walter Fagnant, Jr. have attended several conferences and workshops and received certifications to help serve the town’s animals and owners. They have responded to over 873 calls regarding domestic animal emergencies and lost pets and they have also assisted the Department of Natural Resources with over 172 wildlife emergencies. Please refrain from feeding stray animals and wildlife. Keep in mind, indirect feeding (i.e. Birdfeeders, improper storage of garbage, etc.) is an attraction to strays and wildlife, especially in the colder months.

In April we assisted the Sandwich Lion’s Club in their Rabies Clinic. This annual clinic continues to provide affordable services to the community and tries to help offset some of the costs that come with animal ownership. In December we held an additional Rabies Clinic at Oceanside Animal Hospital to again provide affordable services to residents of the community and get their dogs licensed. Rabies prevention starts with the animal owner. Protect yourself, your pet and our community by taking animals to be vaccinated.

With the assistance from the Town Clerk’s office, this year we saw an increase of over 252 dog licenses due to the DACO attempts to speak with residents personally, informing them of their responsibilities to have their dogs licensed. Licensing is important for many reasons, especially to reunite a lost pet with its owner. I offer my sincere appreciation for all of their hard work.

We expanded our affiliation with Oceanside Animal Hospital to assist with various domestic emergencies in the event we cannot locate an owner.

I would like this opportunity to thank the community for their patience, assistance and support throughout the year. A special thanks to our part-time Clerk, Lori Cannon. Lori works diligently to connect the townspeople with their missing pets and calm worried pet owners.

<u>2015 Animal Control Statistics</u>

David J. DeConto
Asst. Director of Natural Resources

Report of the HARBORMASTER

2015 was a year of highs and lows for the Marina. The storm surge from the first major storm of the year flooded the Harbormaster's Office displacing the Staff for 10 weeks while repairs were made. I would like to thank the Recreation Department and Facilities Department for opening their doors at Oak Crest Cove to act as a temporary office for the Marina Office staff while the Harbormasters worked out of the ramp building tending to the Marina, our commercial fleet and its roads after an extremely storm battered snow covered winter.

Plans for a New Harbormaster's Office with public restrooms and garage were approved by the Army Corps of Engineers and the Board of Selectmen in the spring. This project was a lifelong venture for our late Harbormaster David R. Whearty who unexpectedly passed in July. Dave was a fixture at the marina since starting in 1988 tending to the grounds of the marina and eventually being appointed as Harbormaster in 2013. With over 25 years' experience and his vast knowledge Dave will be sorely missed. He was truly respected by the community, marina tenants and especially the Town and Marina employees.

The ramp overall had one of the busiest seasons in years due to the increase of commercial fishermen launching out of the basin which resulted in an increase in our daily ramp passes, often causing our parking lots to be at capacity by 6 AM on commercial days.

Once the season kicked off it was nonstop. We were fully booked nearly every weekend and most weekdays we were at near capacity for our transient tenants with a substantial increase in revenue over the previous year. Also, due to the decreasing price of crude oil, the fuel prices are at an all-time low since 2008. The low prices and beautiful weather this past summer brought an increase in sales at the pumps with many recreational boaters taking advantage of the low cost.

In September we had a ground breaking ceremony at the site of our new Harbormaster Building and Garage with public restrooms. A local architecture firm, Brown Lindquist Fenuccio & Raber Architects, Inc., was awarded the designer's contract, and another local company, Builders Systems Inc., was awarded the construction contract, and the completion date is September 2016.

In November the work started on the replacement and disposal of the northern section of E-dock which houses the majority of our commercial fleet. The new docks were furnished by Bellingham Marine of Pennsylvania; Bellingham has furnished many of our other docks that we replaced over the years. The docks were installed by Robert B. Our Co., Inc. of Harwich Port.

During the same time frame we conducted a major cleanup of the Town lot and disposal of old docks and piles that had been stored for years on Town land abutting the lot. We also organized and cleaned-up the town storage lot area, including newly designated spaces and the construction of a new road

leading to the storage yard. By the end of January all jobs were complete.

I would like to take this opportunity to thank the Board of Selectmen, Town Manager Bud Dunham, Assistant Town Manager Doug Lapp, Human Resources Director Marie Buckner, the staff of the Marina, Trish Wojnar, Sharon Smith, Lloyd Lipsett, and all the seasonal staff for their dedication and hard work in such a trying year. I would also like to thank all the Marina Tenants for their assistance and guidance in keeping the Marina on a steady course and speed during these past months.

Respectfully submitted,

Michael S. Dunning
Interim Harbormaster

Report of the SANDWICH COMMUNITY PRESERVATION COMMITTEE

The Community Preservation Committee celebrated its tenth anniversary in 2015. The most significant Community Preservation project during the year was, of course, the provision of funding to allow the Town to take advantage of the Army Corps of Engineers Cape Cod Canal dredging project to renourish the sand on Town Neck Beach. The Town had used previously appropriated Community Preservation Act funds to obtain all of the permits necessary to place new sand on the beach. At the May 2014 Annual Town Meeting, voters had approved \$1,000,000 to be used as matching funds for an anticipated Federal grant for beach restoration. Unfortunately, the Town did not receive that grant. At the February 9, 2015 Special Town Meeting, voters agreed to lift the condition tying the funds to the Federal grant, allowing the \$1,000,000 to be used for beach restoration without restriction.

Meanwhile, The Army Corps of Engineers meanwhile was moving forward with the canal dredging project, with the work to be done in the winter of 2015-2016. The dredging would go forward regardless of whether there was an agreement with the town for beach restoration. If there was no agreement, the dredged sand would be disposed of at the bottom of Cape Cod Bay. The Town originally worked out an agreement with the Corps to restore the beach along the developed area of Town Neck. Under this agreement, the Corps would have paid two-thirds of the cost of the beach restoration (i.e. the difference in the cost of dredging with beach restoration and the cost of dredging alone) with the Town picking up the remaining one-third. In order for this project to go forward, the Corps required owners of private land on which sand was to be placed to grant permanent easements for public access to the areas receiving the newly placed sand. Most of the affected landowners refused to grant the required easements, so the original plan for beach restoration was abandoned. (The Town could not use its eminent domain power to take the easements and pay compensation to the landowners because the process could not have been completed in time to meet the Corps' deadline for the dredging project.)

In early August of 2015 it appeared that the sand from the dredging project would end up at the bottom of the Bay. However, with the encouragement of citizen activists, the Town came up with an alternative project. Instead of using the dredged sand to benefit both Town and private property, the sand would be deposited on the wholly Town-owned area of Town Neck, to the east of the developed area. Unfortunately, this project was not eligible for the two-thirds Corps funding, so the Town had to fund the entire cost of the beach restoration. The Selectmen and the Community Preservation Committee held special meetings in August to recommend the appropriation of an additional \$1,250,000, and this new appropriation was approved at a Special Town Meeting called for this purpose on August 31, 2015.

That was still not the end of the story. The landowners who refused to sign the easements for the original project filed suit against the Town to try to stop the revised project; all of the landowners' legal claims were rejected by the court. When the bids for the dredging and beach restoration project came in, they were much higher than the amount that either the Corps or the Town had anticipated. Even though the Town had obtained a \$1,000,000 grant from the Commonwealth of Massachusetts to help fund the beach restoration, another appropriation of Community Preservation Act funds was required to fund the project. The additional \$600,000 needed was appropriated at the November 16, 2015 Special Town Meeting. The dredging and beach renourishment was done December 2015 - January 2016.

There were also some smaller Community Preservation Act projects approved in 2015: \$50,000 for restoration of the Dexter Grist Mill including construction of a new mill wheel meeting historic preservation standards, \$15,000 to bring back into print the book Sandwich, a Cape Cod Town by Russell A. Lovell, and \$7,000 for a Civil War memorial plaque in the restored Town Hall. Also, a previously approved \$450,000 appropriation for community housing in the Forestdale Village project was formally rescinded due to the project owner's bankruptcy filing.

Report of the SANDWICH COMMUNITY PRESERVATION COMMITTEE

The Community Preservation Committee celebrated its tenth anniversary in 2015. The most significant Community Preservation project during the year was, of course, the provision of funding to allow the Town to take advantage of the Army Corps of Engineers Cape Cod Canal dredging project to renourish the sand on Town Neck Beach. The Town had used previously appropriated Community Preservation Act funds to obtain all of the permits necessary to place new sand on the beach. Lovell, and \$7,000 for a Civil War memorial plaque in the restored Town Hall. Also, a previously approved \$450,000 appropriation for community housing in the Forestdale Village project was formally rescinded due to the project owner's bankruptcy filing.

Report of the CAPE COD COMMISSION

About the Cape Cod Commission

In March 2015, the Cape Cod Commission celebrated the 25th anniversary of the county-wide vote that created it as the regional land use planning, economic development, and regulatory agency for Barnstable County, Massachusetts. The Commission works toward maintaining a healthy balance between economic progress and environmental vitality. "Keeping a special place special" describes the agency's mission to protect the region's unique qualities.

The 19-member appointed Cape Cod Commission board represents a wide spectrum of the region and provides oversight for a staff of 40 professionals.

Address: 3225 Main Street, P.O. Box 226, Barnstable, MA 02630

Phone: (508) 362-3828

Fax: (508) 362-3136

Email: frontdesk@capecodcommission.org

Web: www.capecodcommission.org, www.statscapcod.org.

SANDWICH MEMBER:

Harold "Woody" Mitchell, Vice Chair

EXECUTIVE DIRECTOR:

Paul Niedzwiecki, pnieczwiecki@capecodcommission.org

Section 208 Areawide Water Quality Management Plan Update

U.S. EPA approved the Cape Cod Area-Wide Water Quality Management Plan, commonly referred to as the 208 Plan, leading to the implementation phase of the plan. Sandwich was designated as the Waste Treatment Management Agency, or WMA, for the watersheds within its boundaries.

The Commission developed innovative, first-of-their-kind decision-support tools as part of the plan. WatershedMVP (multi-variant planner), the Scenario Assessment Model (SAM), a financial model and others will make local discussions and decisions easier by processing complex data sets into usable options. These and other tools are available at www.capecodcommission.org/blackbox.

More information on the 208 Plan Update is located at www.capecodcommission.org/208

Regional Policy Plan Update

The last update to the Regional Policy Plan (RPP) in 2009 represented the first substantial reorganization of the RPP since it was first drafted, separating the regulatory and planning sections.

For this update, the Commission is building on those earlier reforms. Among the goals for the RPP update are to: ease the local comprehensive planning process and increase consistency with regional goals, simplify the regulatory process and create a framework for regional capital planning.

A series of on-line planning tools were developed to support the RPP Update process and local decision making, such as the Chronology Viewer, Community Characteristics Viewer and Envision Tomorrow. These and other tools are available at www.capecodcommission.org/blackbox

CEDS/Economic Development

Barnstable County received federal designation as an Economic Development District in late 2013, resulting in a \$60,000 Economic Development Administration grant. The Commission's administration of the Comprehensive Economic Development Strategy, or CEDS, was key in receiving the designation.

The Commission maintains 20 balanced economy benchmarks, eight up-to-date town-level data tables and 11 maps by county for each town, which are available on STATSCapCod.org. Adding to this economic analysis is BART (Barnstable Area Regional Trends), a quarterly on-line publication that identifies and examines important economic trends in the region, available at www.capecodcommission.org/bart.

Smarter Cape Conference

The 5th Annual SmarterCape conference focused on the housing challenges and opportunities facing Cape Cod from multiple perspectives, including results of a housing survey by the Cape Cod Young Professionals. Sessions included discussions about when increased housing density make sense, interactive planning tools, and examples of what other communities have done to create wage-sustainable housing in their communities. Governor Charlie Baker was keynote speaker at the Summit.

Regulatory Program

Through its Regulatory Program, the Cape Cod Commission reviews projects that present regional issues identified in the Act, including water quality, traffic flow, community character, affordable housing, open space, natural resources, and economic development as Developments of Regional Impact (DRIs).

In 2015, the Commission took the following actions affecting the Town of Sandwich:

DRI

- Atkins Road Cluster Subdivision, **Sandwich**, Limited DRI, Approved, 9/17/15

Limited DRI Scoping Decision

- Atkins Road Cluster Subdivision, **Sandwich**, *Approved*, 3/23/15
- Canal Community Solar, **Sandwich**, *Approved*, 12/21/15

Other

- South Sandwich Village Sports & Convention Complex, **Sandwich**, NOI to File a Development Agreement, *Approved*, 5/28/15

Transportation

The Cape Cod Commission's transportation staff provides technical expertise in transportation and traffic-related matters for the Commission, its staff, and the 15 Cape Cod towns. The Commission provides administrative and staff support for the Cape Cod Metropolitan Planning Organization (MPO), and the Cape Cod Joint Transportation Committee (CCJTC).

In FY2015, more than \$18.6 million in Federal and State infrastructure capital was secured for the region.

The TIP is a list of transportation system projects to be implemented with federal and state funds available for Cape Cod. Projects may include roadway, bicycle, pedestrian, and transit improvements. The TIP includes four years of projects developed in accordance with federal laws.

capecodcommission.org/transportation

Highlighted Transportation Projects:

TRAFFIC COUNTING PROGRAM: The Commission's transportation staff conducted annual summer traffic counts in all 15 Cape towns, including automatic traffic recorders (ATRs) and turning movement counts (TMCs).

The following intersections in the Town of Sandwich were included in the 2015 counting program: Route 130 north of Jan Sebastian Drive; Route 130 south of Route 6A; Route 130 West of Pine St; Route 6 between Exits 2 & 3; Route 6 at the Sandwich/Barnstable Town Line; Route 6A at the Bourne/Sandwich Town Line; Cotuit Road north of Farmersville Road; Cotuit Road south of Farmersville Road; Cotuit Road north of South Sandwich Road; Cotuit Road south of South Sandwich Road; Cotuit Road at the Sandwich/Mashpee Town Line (middle); Cotuit Road at the Sandwich/Mashpee Town Line (North end); Cotuit Road at the Sandwich/Mashpee Town Line (South end); Farmersville Road east of Cotuit Road; Harlow Road east of Cotuit Road; Jan Sebastian Drive east of Route 130; Old County Lane east of Jones Lane; Service Road east of Route 130; South Sandwich Road at the Sandwich/Mashpee Town Line; and Tupper Road (west end) north of Route 6A.

Traffic data is available online:

www.capecodcommission.org/counts

CAPE COD CANAL TRANSPORTATION STUDY: The Commission assisted the Massachusetts Department of Transportation (MassDOT) on the Canal Area Study by providing traffic counts to calibrate the transportation model.

SERVICE ROAD BIKE PATH (with Barnstable): The Commission is providing coordination for a Shared-Use Path on the Service Road in Barnstable and Sandwich along the route of National Grid's natural gas line installation. The towns were authorized to submit a Project Needs Form to MassDOT. Staff provided technical assistance and guidance to the town of Sandwich on establishing a local bicycle committee.

CAPE-WIDE BICYCLE NETWORK PLAN: Through work with individual towns and development of 10 multi-modal

plans, consensus was achieved among all 15 towns for cross-border bicycle connections.

Water Resources

Water Staff provides technical assistance to towns, citizens and the County on water resources projects including: water supply, wastewater and stormwater management, fresh water ponds and marine waters.

The Commission has coordinated the PALS (Ponds and Lake Stewards) pond sampling program since its inception in 2001.

Joint Land Use Study (JLUS) Implementation for Joint Base Cape Cod

Continuing its work with Joint Base Cape Cod, the Commission assists with coordination in land use planning between Upper Cape towns of Falmouth, Mashpee, Sandwich and Bourne and JBCC.

The Commission provided technical assistance to the Upper Cape Regional Transfer Station steering committee, which ceased operation of the transfer station on JBCC in 2014, to evaluate possible re-uses of the facility. Working with the committee, staff prepared a request for proposals for the re-use study which is currently underway. Planning and legal staff also completed a study of notification procedures to JBCC personnel for proposed development projects in the Upper Cape towns and issued a final report in September 2015.

capecodcommission.org/jbcc

Regional Coordination/Technical Assistance

The Commission is in a position to respond to issues of regional concern with technical assistance and facilitation. Among the issues for which Commission expertise was sought are:

- restoration of Route 6 overcut areas between exits 2 and 4, including coordination of a working group and review of draft plans
- facilitation of the Regional Beach Access Committee, which advocated for awareness of regulations relative to the shoreline and local control on beach access issues such as shoreline protection, permitting, dredging, endangered species and tourism.
- convening of the National Grid Ad-Hoc Advisory Committee to help communities directly affected by the natural gas connection moratorium, expedite permitting process and facilitate communication.

Report of the CAPE LIGHT COMPACT

Town of Sandwich Activities

Sandwich Representative – Everett Horn (January - June) Josh Peters (July – December)

Cape Light Compact is an award-winning energy services organization operated by the 21 towns and two counties on Cape Cod and Martha's Vineyard. The Compact's mission is to serve its 200,000 customers through the delivery of proven energy efficiency programs, effective consumer advocacy, competitive electricity supply and green power options. For more information, visit www.capelightcompact.org.

POWER SUPPLY – Stability, Security and Green Power Options

Cape Light Compact offers stable and secure electric supply at competitive rates. Much depends on timing and market forces, but the Compact was proud to offer stable, competitive prices in 2015. As in previous years, electricity prices in 2015 were primarily driven by the price of natural gas. The winter of 2015 saw a lower wholesale electricity price spike from the 2014 winter, but retail electricity prices were still the highest in recent history. This is because of high forward market prices at the time when retail suppliers were procuring in advance for their expected loads. These high forward prices were set by expectations of the same high wholesale prices seen in the winter of 2014, which didn't come to fruition this year. While New England's natural gas delivery constraint was still the main contributing factor to high winter wholesale prices, it was mitigated by warmer temperatures in the beginning of the winter, increased liquefied natural gas (LNG) imports, implementation of an improved winter reliability program by the electricity grid operator, and low oil prices.

The past few years have seen many changes in how electricity is produced in New England. There is growing concern over how to meet both the reliability needs of the electric grid and our greenhouse gas reduction goals, all at a reasonable cost to electricity consumers. In the upcoming year, state elected officials and the Massachusetts Department of Public Utilities will be focusing on this issue. Topics to be deliberated include: (1) whether or not to install new natural gas pipelines, and who should pay for this; electric customers or gas customers; (2) net metering cap for solar and other renewable generation projects; (3) smart grid, or grid modernization,

technology, who will benefit and how will costs be allocated amongst electric customers. As we have done in the past the Cape Light Compact Governing Board will participate in these, and other, discussions on behalf of electric customers.

In 2015, Cape Light Compact provided energy to residents and businesses in accordance with two competitive electricity supply contracts negotiated by the Compact. The Compact's residential electricity supplier was ConEdison *Solutions*, and the commercial and industrial supplier was NextEra Energy. As of the most recent count, the Compact had approximately 6,692 total electric accounts within the Town of Sandwich on its energy supply.

CONSUMER ADVOCACY – Committed to Consumer Interests

Since 1997, Cape Light Compact has advocated for the ratepayers of Cape Cod and Martha's Vineyard at the local, state, and federal level. In 2015, the Compact focused much of its advocacy on consumer electricity disclosure labels, DPU's competitive supply website, and door-to-door marketing rules. These issues affect how electricity consumers interact with and take advantage of the competitive supply market. The Compact has provided input advocating for better disclosure methods of electricity sources, including renewable energy, which will better inform consumers about where the electricity they're purchasing comes from. The Compact is also continuing to provide DPU with input on their competitive supplier website in order to ensure it is easy for users to use and understand. The Compact, along with others, has also successfully lobbied for the implementation of door-to-door marketing rules that will help protect consumers from some of the unscrupulous marketing tactics that have been used on the Cape and Vineyard.

The Compact is also pleased to announce that the Department of Public Utilities issued a final order in May approving the Compact's revisions to its Aggregation Plan, which was submitted in April 2014. This order affirms the purposes, structure, and funding of the Compact, and has been used as a model for other municipalities seeking to form their own aggregations. While Cape Light Compact was the first municipal aggregator in the state, there are now 72 communities in Massachusetts with approved Aggregation Plans.

ENERGY EFFICIENCY – Saving Energy and Money

Jan. – Dec. 2015	# of Participants	Customer Savings	kWh Saved	Rebates/Incentives Paid to Customers
Low Income	113	\$39,226.40	196,132	\$273,592.92
Residential	1,093	\$306,085.40	1,530,427	\$1,356,513.65
Commercial	30	\$121,332.60	606,663	\$240,008.47
Total	1,236	\$466,644.40	2,333,222	\$1,870,115.04

Funding for the energy efficiency programs (i.e. energy audits for homes and businesses, rebates on the purchase of energy efficient appliances and energy education in our schools) comes from a monthly customer “energy conservation” charge (\$0.0025 cents multiplied by the number of kilowatt hours used during the month) and a portion of the “distribution charge” (\$0.02349 for residential customers and \$0.01127 for commercial and industrial customers) that appears on each customer’s electric bill.

Other Cape Light Compact Efforts Include:

- 7 ENERGY STAR® qualified homes were constructed in the Town of Sandwich.
- The Cape Light Compact's energy education program continues to support teacher training, materials, classroom presentations and "energy carnivals" to all Sandwich public schools as well as ongoing Energy Club activities at Forestdale School and energy education outreach efforts at the STEM Academy and High School.
- \$31,000 Lighting Upgrade was completed at Sandwich Hollows Golf Club.
- Engineering Support Services for the Sandwich Marina New Construction Project.

Report of the SANDWICH BIKEWAYS & PEDESTRIAN COMMITTEE

The Sandwich Bikeways & Pedestrian Committee started as an Ad-Hoc Committee in June of 2015 and was appointed as an official town recognized committee by a unanimous vote of the Board of Selectmen in December 2015. Their first official meeting was held in January of 2016. Their mission statement is “To preserve, promote, and enhance The Town of Sandwich’s biking and walking resources. The Committee believes that seasonal and year-round bicycling & walking are important means of local transportation and popular activities in the town as well as contributing to our local economic growth and vitality”.

The Board is currently working on a three phase approach to develop a safe and marked bike/walk route from the canal to a proposed route along the Service Rd, which has been approved by the MASS DOT through efforts of the committee and Sandwich DPW. This route will be part of the Cape Cod Rail Trail connecting the entire Cape from Provincetown to Bourne and trails off the Cape. These phases are:

- 1) Route from the Canal to Historical District of Town
- 2) Route from The Historical District to The Service Road
- 3) Service Road Route 130 to The Sandwich/Barnstable town line using a proposed Service Rd trail

The Committee is comprised of five members with up to three alternates with one non-voting representative from The Sandwich Town Planning & Development, Department of Public Works, Board of Selectmen, and five appointees from the Board of Selectmen. The five members will serve three-year overlapping terms. Any sitting member who is absent for four meetings in any given year will be asked to step down off the committee.

The Committee is charged with the following:

1. Preserve, promote, and enhance Sandwich’s biking and walking resources.
2. Actively monitor existing bike and pedestrian routes and provide recommendations for improvements related to user safety and convenience.
3. To aid in the promotion and growth of safe cycling, walking trails and paths in Sandwich and on Cape Cod.
4. Provide recommendations and support regarding future bike and pedestrian routes. (*Working along with the goals and objectives set out in the Sandwich Local Comprehensive Plan Section 4.0 “Transportation and Circulation” subsections 4.3 “Existing Transportation Conditions and Trends” and subsection 4.4 “Future Conditions and Needs”*)
5. Assist in the implementation of these recommendations.

The Bikeway Committee meets on the third Wednesday of the month, with additional meetings as needed in the upstairs conference room of the Jan Sebastian Drive.

The Board of Selectmen has appointed the following to the Committee:

Harold “Woody” Mitchell – Chairman
Amanda Sullivan – Secretary
Lee Rindfuss
Kevin Sarault

Contact for the Board can be made through the Sandwich Planning & Development Dept.

Report of the CAPE COD WATER PROTECTION COLLABORATIVE

Wastewater management continued to be the primary focus for the Collaborative this year. The discussions focused on the finalization of a regionalized approach to wastewater management and the potential savings offered by regional watershed based approach. The Collaborative continued to be a forum for towns to obtain information on best practices and guidance from the experiences of other towns throughout the region.

In January 2013, Barnstable County, acting through the Cape Cod Commission, was directed by the Commonwealth of Massachusetts to prepare an update to the 1978 Section 208 Area-Wide Water Quality Management Plan for Cape Cod. This plan is a comprehensive Cape-wide review of water quality issues facing the region, with a focus initially on nutrient management and water quality planning for Cape Cod's coastal embayments.

The Cape Cod Water Protection Collaborative Governing Board and Technical Advisory Committee (TAC) to provide input into the 208 Plan Update. The TAC was a key player in the review and shaping of the technologies matrix that formed the basis for the evaluation of appropriate management techniques. In addition, a Regulatory, Legal, and Institutional (RLI) Work Group, with representation from DEP, EPA, the Cape Cod Commission and the Collaborative addressed the potential need for regulatory reform and other challenges associated with planning and implementation. The Collaborative, through its Executive Director, was fully involved and engaged in this effort

The ongoing lawsuits between the Conservation Law Foundation, and the United State Environmental Protection Agency was settled with the parties agreeing that the suit would be stayed as long as the County completed the 208 Plan, it was certified by the Governor by June 15, 2015 and approved by EPA by September 2015. Each of those milestones was met. Governor Baker certified the plan in June of 2015 and the EPA approved the plan in September of 2015. The completion of the 208 Plan has successfully shielded the Cape from further litigation as long as communities continue to make progress implementing nitrogen management measures. The Collaborative will continue to work with communities to ensure that implementation continues and that the stay of litigation remains in place.

The Collaborative successfully proposed that the County and the Commonwealth partner to ensure continuation of a long term record of water quality in the marine environment and to ensure transparent access for the public to the data. In response to the Collaborative's request, the Baker Administration has made a four year \$1 million commitment to match county funds to support monitoring of marine sentinel stations and to develop and maintain a robust web based interface to the underlying data. The County increased its commitment to monitoring by appropriating \$250,000 to match the Commonwealth's funding.

Lastly, the Collaborative has maintained its practice of supporting local planning and management efforts. The Collaborative has continued to provide third party consulting support in engineering and planning reviews and financial management to any town requesting such support. The majority of Cape towns have accessed this support and the budget to continue this program stayed intact.

Report of the SANDWICH HISTORICAL COMMISSION

Established by Town Meeting in 1971, the Sandwich Historical Commission (SHC) is made up of nine volunteers who serve as Members (7) and Alternate Members (2) with the collaborative goal being to identify, preserve, and protect the historical assets of the town. This includes structures, burial grounds, monuments, natural features and other landmarks and sites of historical significance to the town.

Among many of SHC's accomplishments and projects in 2015 include:

- Examination and response to a proposal from Justice Resource Institute for an alternatives school located at 209 Route 6A.
- Response to the U.S. Army Corps of Engineers proposal to deposit dredge material from the Cape Cod Canal along Town Neck Beach.
- Support for the republication of Russell Lovell's *Sandwich a Cape Cod Town*.
- Support for a plaque honoring Civil War soldiers and sailors from Sandwich to be placed in the Town Hall.
- Discussions of the historical significance of the Wing School building.
- Discussions concerning the digitization of Town Archives.
- Discussions concerning the future of the Town Archivist position.
- Discussions concerning the proposed placement of a cell tower in the spire of First Church.
- Our cemeteries and burial grounds are memorials to the great achievements of the ordinary people who lived and worked in Sandwich, leading to the creation of a better town for those who followed. In a town as old as Sandwich, our cemeteries hold the remains of many who fought to create and preserve our nation from the time of the American Revolution to the present. Our primary objective is the preservation of these unique historical resources for future generations and to increase the awareness and importance of our historic cemeteries as sources of community and state pride.

The SHC is comprised of the following dedicated volunteers:

Greg Anderson, Chair: Greg joined the Commission in August 2015 with an interest in supporting the group's efforts with new ideas and an "outsiders" perspective. In addition to his work on the SHC, Greg operates two businesses in town; The Anderson Company, a senior living advisory business, and The Decatur House, an assisted living community on Main Street. He is also a board member on both the Sandwich Council on Aging and the Sandwich Visitors Service Board.

David Schrader, Vice Chair: David joined the Commission in September 2013 and has served the Commission as Chair until late 2015. As Vice President of the Cape Cod Chapter Sons of the American Revolution, he has been particularly concerned to celebrate Sandwich's revolutionary period history

and has coordinated Grave Markings for three Sandwich Revolutionary Patriots.

Carolyn Crowell, Member: Carolyn's long history with the Commission, her long-standing family connection with the town, and her personal insight into the recent history of Sandwich make her an invaluable asset to the work of the Commission.

Bill Daley, Member: Bill spearheaded and brought to fruition formal recognition of the 294 Sandwich men who served as soldiers and sailors in the Civil War and the 54 who lost their lives because of the war. Thanks to Bill's effort, an impressive plaque now hangs on the first floor of Town Hall proudly states the names of those who fought in the war. At the installation ceremony, Town Clerk Taylor White recognized Bill for his tireless effort to bring this significant acknowledgement to Civil War veterans.

Bill coordinates the Commissions Historic Marker Program, which also provides data to enhance MACRIS files. He has also led the effort to install a plaque honoring those who lie buried in unmarked graves in the Old Town Burying Ground and a plaque to be placed in Town Hall honoring Sandwich residents who served in the Civil War. Bill has authored several articles for publication in magazines and newspapers and for inclusion in the website.

Lisa Hassler, Member, CPC Representative: Lisa has been a strong advocate for historical assets in Sandwich, and being a realtor in town, she is well versed on properties and structures. Further, being the CPC representative, she "connects the dots" on matters that pertain to both the CPC and the SHC.

Jennifer Madden, Member: Jennifer is presently coordinating an aggressive and thorough plan for the preservation of the Cedarville Cemetery. She is continually evaluating the most pressing needs for cemetery and burial ground preservation and securing and allocating funding for restoration and documentation of Sandwich's cemeteries.

Don Bayley, Member: Don has played a consistent role in the maintaining of new content for the Commission website. He is also supporting the efforts of the digitalization of the town archives. Don has worked on researching house histories for the Massachusetts Cultural Resource Information System (MACRIS) as well as written articles for an historical blog on the SHC website. He was the editor of *Sandwich 375 Years: Photos, Facts and Fables of Cape Cod's Oldest Town*.

Brandon Carrico, Alternate Member, Secretary:
Phillip Austin, Alternate Member:

In June 2015, Terry Blake resigned from the Commission of which Greg Anderson was named to the group.

The SHC offers deep gratitude to Kaethe Maguire, Taylor White and Dave Wheelock for their advice and mentoring; recently retired Town Archivist, Barbara Gill; Town staff support from Marilyn Bassett and recently retired Maureen Carty; and Bud Dunham, Doug Lapp and Kathy Coggeshall in Town Hall for their perpetual care.

Greg Anderson, Chair

Report of the HOXIE HOUSE

It's Cape Cod's oldest house in Cape Cod's oldest town. This "salt box" house located overlooking beautiful Shawme Pond is named after Captain Abraham Hoxie, a whaling captain who owned the house in the mid-1800's. Prior to that, it had been owned by descendants of Rev. John Smith. The house dates back to the 1680-1690 period. It was acquired by the Town of Sandwich and restored in 1959. It is truly representative of early colonial construction; it is a first period house.

This was the fifth season the Sandwich Recreation Department has overseen the operations and its dedicated docent staff. The Hoxie House was open to visitors and residents from the end of June until Columbus Day. Our docent staff is adept at providing tours to the diverse visitors who come through its doors. Whether their audience is a 3rd grade class from Sandwich Public Schools or visitors from another country; they are able to share their knowledge of the vibrant history of the Town, points of interest in the house and furnishings, along with and explanation of where some whimsical sayings from that period were derived. Our staff is friendly, informative, and entertaining; visitors leave with a smile and a better understanding of life in Colonial days.

I would like to thank all of the staff for their continued dedication to the Town of Sandwich and the Hoxie House. We appreciate the involvement and support of the Sandwich Facilities Department, the Scenic Roots Garden Center, and Sandwich Chamber of Commerce and we look forward to the opening of the Hoxie House once for another amazing season!

Respectfully Submitted,

Guy J. Boucher
Recreation Director

Report of the DEXTER GRIST MILL

Overlooking the Lower Shawme Pond in the historic center of Sandwich, bordered by the newly renovated Town Hall, the Dexter Grist Mill was in full operation from late June to Columbus Day. This season The Mill ground nearly 3 tons of corn, selling it to local visitors and business from Sandwich to Provincetown alike; the corn meal was also packaged and sent as far as California to fulfill its mail orders.

Thomas Dexter built the Mill between 1640 and 1646. He was one of the original "Ten Men of Saugus" who settle Sandwich in 1637. The Dexter family owned the Mill until 1700 when it was sold to Capt. Seth Pope. After remaining idle for many years, there was renewed interest in the Mill and a historical restoration began in 1961. All of the later additions on the site were removed and the Mill, still in its original location, was restored to a 17th century working grist mill. All the Mill's machinery is the earliest type used in this country and is driven by water power from Shawme Pond. Those who enjoy baking can purchase freshly ground cornmeal packaged in old fashioned cloth bags.

This was the fifth season the Sandwich Recreation Department oversaw the operations at the Mill and its dedicated staff. Our millers worked hard day in and day out, grinding corn and educating the many visitors on how the Mill operates along with providing the history of the Mill and the Town of Sandwich. This past season the Mill was fitted with a new water wheel and shaft funded with CPA funds. The new wheel will allow the mill to run more efficiently and for us to run for many years to come. We are so thankful that this project was supported by the town's people. The Mill was host to hundreds of visitors from all over the country and world, and like in years past, welcomed the 3rd graders from the three Sandwich Elementary schools.

I would like to thank all of the staff for their continued dedication to the Town and the Dexter Grist Mill. Also, I would like to thank the Sandwich Facilities Department, Sandwich Chamber of Commerce, and Scenic Roots Garden Center.

Respectfully Submitted,

Guy J. Boucher
Recreation Director

Report of the OLD KING'S HIGHWAY REGIONAL HISTORIC DISTRICT COMMITTEE

The Old King's Highway Regional Historic District Act was passed by the Massachusetts legislature and signed into law in 1973 (Chapter 470, as amended.) The purpose of the Act is to preserve and protect the buildings, settings, and places within the historic district, which includes portions of Sandwich, Barnstable, Dennis, Yarmouth, Brewster, and Orleans. Each member town has a local Historic District Committee, and there is a Regional Historic District Commission comprised of the chairs from each town's committee. The Sandwich Historic District includes all properties located between Route 6 and Cape Cod Bay, extending from the town line with Bourne to the border of Barnstable.

All exterior changes to a property, including new building construction, additions/alterations and demolitions must receive Sandwich Historic District Committee (SHDC) approval prior to the commencement of work. Approval is also required for sheds, decks, window and door replacements, signs, retaining walls, walk-ways, driveway paving, aprons, fences, and exterior paint colors. Upon approval, a Certificate of Appropriateness is issued. For new building projects and large addition/alteration projects applicants are encouraged to come before the Committee informally to discuss project details prior to or

during the design phase to get a sense for the design elements the Committee members may find inappropriate for the site. These informal discussions are held at the end of the scheduled public agenda items. All applications are reviewed at public hearings which are usually held on the second and fourth Wednesday evenings of each month, starting at 6:30 PM. Our meeting venue is located at 270 Quaker Meeting Road.

At the January 13, 2015 SHDC meeting, William Collins was elected as Chairman for the 2015 calendar year. At the November 24, 2015, SHDC Election, Mary Foley was elected as a full member for a 4 year term, to begin January, 2016. At the December 17, 2015 Board of Selectmen meeting, Alternate Members, Lynda Haller and Richard Claytor were reappointed for the 2016 year.

In 2015, the SHDC held hearings for 181 applications and 32 exemptions.

Thank you to all the members of the Committee who served in 2015. A special thanks to our Administrative Assistant, Michelle Raymond and Assistant Building Inspector, Brendan Brides for their support to our Committee.

Respectfully submitted,

William Collins, Chairman

Sandwich Police Department's Leadership Team

SHS Police Appreciation Event

Report of the SANDWICH POLICE DEPARTMENT'S

MISSION STATEMENT

The Mission of the Sandwich Police Department is to enforce the law and promote a feeling of safety and security for all members of the community. The Sandwich Police Department will work in cooperation with the community to preserve and improve the quality of life, making the Town a safer, more pleasant place to live, work and visit.

Core Values

RESPECT for all persons both in and outside of the organization. We will inspire respect and confidence in the public trust by performing all duties impartially and respecting the dignity of all citizens and fellow employees.

STRIVE FOR EXCELLENCE in all our activities. We value professionalism and a team effort to provide effective public safety services. We will strive for courage and conviction to see the mission through.

Provide a high level of **SERVICE** to the community at all times. We will work cooperatively with other town, state and federal agencies to provide the highest level of service to our residents, businesses and visitors.

We will seek the highest levels of **ETHICAL** and **MORAL** conduct in our on-duty and off-duty activities.

From the Chief of Police,

The Sandwich Police Department continues to grow stronger and more professional with each year.

Presently the Sandwich Police Department has 35 sworn full-time police positions, 4 part-time police officers, 1 full-time executive assistant, 9 full-time Emergency Telecommunicators and 5 part-time Emergency Telecommunicator positions to be filled. This will bring the police department to 54 positions working out of a building that was built for 9 positions. We simply do not have the space to operate effectively. A new facility is truly needed. We spent a great deal of time this past year planning for a new building which was approved by the Board of Selectmen to be brought before the voters at the 2016 annual meeting.

Since 2009 Sandwich has experienced a general decline in crimes against property. This was true in 2015 as well. This includes a reduction in burglaries from 319 in 2009 to 103 last year and 224 larcenies in 2009 to 116 last year. We also saw a reduction in arrests. I attribute these statistics to the outstanding work of our patrol officers and detectives. We have been using databased policing monthly, proactive self-initiated activity and a focus on narcotics investigations. There is a direct correlation between narcotics and crimes against property. We also saw a nearly 50% reduction in assault investigations. Sandwich continues to have a history of nearly no violent crimes. I attribute these positive statistics to our police officers, detectives and regional partners in law enforcement to include; the Barnstable County Sheriff's Office BCI & Canine Units, Barnstable County District Attorney's Office, Plymouth County Sheriff's Office Canine Training Unit, State Police Regional Narcotics Task Force and the DEA. Partnerships and team work do make a difference.

This year a number of new initiatives were implemented. A great deal of time was invested in the development of a new joint dispatching operation in Sandwich. The process involved the merger of current Town employees, hiring of new employees, movement of equipment, the development of new policies and a great deal of training. While we are still in the

beginning stages of joint dispatching, we feel strongly that it will greatly benefit our community. I would like to thank the many people who were involved in the process and welcome the four Fire Dispatchers over to the Police Department.

A new Detective position was added to the department this year. Detective Gumbleton was selected for this position and has been a nice addition to the Detective Unit.

A former community policing position was recreated. Officer Lauren Gilrein is now the department's Community Service Officer. Officer Gilrein is involved in many facets of the community today. She serves as a liaison for the Council on Aging, follows up with victims, follows up with addiction matters, manages the department's sex offender registry, firearms licensing, works with a number of community groups, manages our Facebook page and hands public relations. She has worked with different groups to address traffic calming, community programs, addition, and business matters. She was instrumental in working with Sandwich Waves of Hope Against Addiction to present the, In Plain View" teen bedroom display, Trunk or Treat youth Halloween event, annual Toys for Tots drive, and developing partnerships with local businesses to commit not to sell rolling papers and synthetic drugs. She has taken our Facebook page to a new level in an effort to provide the public with more information about our department and the activities we are involved with.

The Department went through a restructuring toward the end of the year. A new Deputy Chief position was implemented. We now have a command position overseeing Training & Community Services, Patrol Operations and Professional

Standards. This has further professionalized our department by providing new oversight of various positions and depth to the department leadership team.

Several community programs were offered during the year to include a citizen police academy and a women's personal safety course. We had several college and Sandwich High School interns work with us during the year. We continued to support the Sandwich High School Criminal Justice Class by providing subject matter specialists to teach classes.

Once again this year we joined forces with the Sandwich Police Citizens Academy Alumni for our annual food drive. This year's event was once again a true success. We appreciate the community's donations during this event.

The Sandwich Police Citizens Academy Alumni continues to be a strong partner with the police department. These men and women volunteer many hours throughout the year. They are involved with most of the community events which occur in Sandwich; Memorial Day parade, July 4th parade, Halloween Trunk or Treat, Halloween night downtown, First Night to name a few. We truly appreciate their efforts and commitment.

The members of the Sandwich Police Department represent our community in a very professional manner. They ensure our safety 24/7. Their commitment is steadfast. If you have interaction with these men and women during the coming year, please take the time to thank them for their service.

Chief Peter N. Wack

Professional Standards

2015 was a very busy year for the Police Department. There were changes and realignments in staff to make the department run more professional and streamline responsibilities. The addition of a new detective has increased

the efficiency and effectiveness of the detective division. The creation of the Community Resource officer has expanded the departments outreach throughout the community with many different agencies. The creation of the Deputy Chief Position has allowed me to focus my attention on professionalizing the department through a comprehensive review of policies working toward certification with the Commission on Accreditation for Law Enforcement Agencies (CALEA).

The police and fire department began the development of a joint police and fire emergency telecommunications center. The process started with the development of a shared records management system in July, the revision of the collective bargaining agreement with the current fire dispatchers and the hiring of 5 new personnel. The expected full implementation will take place in early 2016. This merger will increase the efficiency of public safety dispatching while reducing operational costs on both the police and fire agencies.

The department continues to support the Citizens Police Academy and Sandwich Citizens Alumni Association (SCPAA). In 2015 we conducted the 12 session and graduated 27 students. Graduates from the Citizens Academy have the opportunity to become members of the SPCAA and become part of the volunteer members that help support major events like the 1st Night Activities, 4th of July Parade, Road Races and support in major storms. We expect to conduct the 13 session of the Citizens Police Academy in early 2016.

The department continues to support the Cape Cod Community College intern program and the Council on Aging Tax Credit program. During the year three interns and one Council on Aging Volunteer worked with the department on various projects that assisted with the administrative functions of the department.

Deputy Chief Nurse

ATV Unit

Patrol Division

The Sandwich Police Uniformed Patrol Division saw several leadership changes during 2015. Lieutenant David Guillemette served as Patrol Commander for three years prior to leaving in July to become Chief of Police in Harwich. Lieutenant Michael Nurse then took over the Patrol division until being promoted to Sandwich's first Deputy Chief in December. At that

time I assumed the role of Patrol Commander. We also saw the promotion of two patrol officers, Adam Trayner and John Manley, to the rank of Patrol Sergeant. In July of 2015 Two of Sandwich's newest Officers, Michael Leslie and Paul McCarthy, successfully completed the Department's Field Training Program and are currently assigned to the midnight shift.

The Patrol division logged 4812 Directed motor patrols this past year. These patrols involve Officers performing additional patrol activity in certain areas of town that have been identified as having numerous complaints made by residents or crimes such as malicious destruction, thefts, disturbances, etc. The patrol division also logged 2606 Selective Enforcement entries. Like Directed Motor Patrols, Selective Enforcement is geared toward a specific problem location, but mainly involves motor vehicle enforcement. These areas are identified by citizen complaints, motor vehicle crash frequency and other collected traffic data. These patrols have been shown to be very effective in reducing criminal activity and complaints in the target area. In 2015 the patrol division investigated 394 motor vehicle crashes, issued 2988 motor vehicle citations and made 59 arrests for operating under the influence of alcohol or drugs.

The Sandwich Police patrol division is dedicated to serving the citizens of Sandwich. Our Officers diligently patrol the neighborhoods and streets 24 hours a day every day and in all weather conditions. They are ready to respond to any emergency at a moment's notice with a high level of professionalism. We look forward to serving our community in 2016.

Lieutenant Jason Keene

Women's Personal Safety Class

COMMUNITY SERVICE DIVISION

In September 2015 the Sandwich Police Department launched its Community Service Division and assigned Officer Lauren Gilrein as the Community Service Officer. The Community Service Division is also comprised of Lieutenant Joshua Bound, Court Liaison Officer William Patton and School Resource Officer Christa Cabral.

As the newly appointed Community Service Officer, Officer Gilrein has been steadily growing the program and her responsibilities. She currently serves as a liaison to Sandwich Elder Services and regularly visits with participants that receive services. Officer Gilrein now conducts follow ups with domestic violence victims in order to make sure they are

receiving information and important services that are available to them.

The Sandwich Police Department recently entered into a partnership with Gosnold Treatment Centers. The opiate problem on Cape Cod has reached epidemic proportions. Unfortunately, Sandwich is not immune to this ever increasing drug problem. Community Service Officer Gilrein now conducts follow ups with victims of drug overdoses, along with a counselor from Gosnold. Visits are meant to show that the police have a stake in what happens in our community, and feel that offering an open hand and open mind can help put an addict on the right road to recovery. Although this program has just started, it has been used in neighboring communities, and has been well received by residents.

Of the many things the Community Service Division accomplished this year was a “Trunk or Treat” program held at the Henry T. Wing School on Halloween. “Trunk or Treat” is a free program used to provide younger children with a safer alternative to trick or treating in neighborhoods. Volunteers who have been vetted can decorate their vehicles and hand out goodies from the trunks of their cars. Response to the program was overwhelming, and it is estimated that there were over 2000 participants.

Social Media has also been a focus for the Sandwich Police Department over the past several years. It has become very clear that news travels quickly, especially on social media sites. This year, Officer Gilrein has taken responsibility for our Facebook page. Check it out for important updates, ongoing investigations, and some humor too!

We plan for 2016 to have some exciting new programs to offer the community!

Lieutenant Joshua Bound

Halloween Trunk or Treat Event

DETECTIVE DIVISION

The Sandwich Police Department Detective Division consists of Detective Sergeant Terence Murphy, Detective Albert Robichaud, newly appointed Detective Michael Gumbleton and narcotic K9 Officer Matthew O’Brien who is assigned to the Cape Cod Drug Task Force.

The Detective Division kept busy in 2015 investigating a variety of crimes, ranging from shoplifting to sexual assaults. In January of 2015 detectives investigated an attempted armed robbery at the Extra Mart gas station. Subsequently detectives made an arrest of the suspect who is now currently serving their sentence in prison. In September of 2015 detectives assisted in the investigation of an armed robbery of the Cape Cod Cooperative Bank. The suspect was arrested within minutes after the robbery and has since been indicted in Federal Court. Detective Robichaud did an outstanding job with the arrest and follow up work on this case.

Once again, in 2015 a committed effort was focused on drug enforcement by detectives, as there is a direct correlation between drug use and property crimes. Heroin overdoses increased in 2015 causing concern across Cape Cod about the epidemic. The majority of narcotic arrests/investigations in the town of Sandwich involved heroin. K-9 officer O’Brien and Detective Gumbleton conducted several successful narcotic investigations resulting in multiple arrests, the seizure of illegal narcotics and seizure of property and money. In 2015 Officer O’Brien and his K9 partner KODA assisted fellow law enforcement agencies throughout the Cape in their effort to take drugs off the streets.

In 2015 detectives investigated several reported sexual assaults. Some of these cases involved children as the victim. Officers Christa Cabral and Lauren Gilrein played a major role in these investigations. Sexual assault cases can be the most difficult and stressful cases a detective works. Detectives also investigated larcenies, breaking and entering’s, identity theft, computer crimes and malicious destruction crimes in 2015. The Detective Division strives to provide the best possible services to the community and is looking forward to a successful 2016.

Sergeant Terence Murphy

Students visiting SPD

SCHOOL RESOURCE PROGRAM

The following is a summary of activities that have been accomplished by the Sandwich Police Departments School Resource Officer, Christa Cabral during the 2015-2016 school year.

Officer Cabral attended orientations in August for incoming freshman students and their parents. During this orientation she was able to introduce herself and explain her role in the position of School Resource Officer. Current social media issues as well as bullying and harassment laws were addressed. Officer Cabral also met with all new STEM students as the new school year commenced. Over the summer, Officer Cabral assisted as an instructor for the Sheriffs Youth Academy selecting several eligible students to attend.

Officer Cabral assists Sandwich High School teacher, Laura Carlyle, with an Introduction to Criminal Justice class. This class consists of many off campus field trips as well as many professional visiting speakers to the class. Officer Cabral has visited Human Relation classes along with Officer Gilrein to discuss personal safety, healthy relationships and talk about their roles as sexual assault investigators. Officer Cabral was a senior mentor to a senior at SHS allowing him to gain knowledge and experiences in the criminal justice field.

Bike safety and social media safety assemblies are to be scheduled in the New Year at both elementary schools. Parent workshops will also be offered at various times on various subject matters. Officer Cabral meets on request with area youth groups. Officer Cabral met with the PTSA in an attempt to outreach to parents and work with the group on safety group projects. With donations from Sandwich Citizens Police Academy and The Toys for Tots program, Officer Cabral was able to assist several families in Sandwich this holiday season.

Canine drug searches were conducted at Sandwich High School. The continuation of ALICE enhanced lockdown training was conducted for K-6 staff, cafeteria staff and school nurses. Grades 7-12 students will soon receive presentations on ALICE lockdown procedures. Officer Cabral is a certified A.L.I.C.E. instructor and member of a regional A.L.I.C.E. training group and has assisted with A.L.I.C.E. training in other area districts.

Officer Cabral chairs the Safety Committee and all school BERT teams. This committee meets monthly and strives to remain proactive in approach to all school safety concerns. Members on this committee consist of representatives from the police department, fire department, the Superintendent, Director of Nursing, Director of Maintenance & Facilities, School Administrators, Assistant Town Manager Doug Lapp, a community member and School Security staff. The School Committee Safety liaison is now attending meetings quarterly for updates. Training and communication with BERT team members who assist in the event of an emergency is an ongoing process at all schools. Officer Cabral has assisted with fire drills and other school evacuations and is in constant communication with the Superintendent, all school administrators as well as with the newly appointed Fire Prevention Safety Officer, Don

Campbell from Sandwich Fire. Officer Cabral coordinated with the fire department last spring with a presentation for SHS seniors on fire & personal safety on college campuses.

Officer Cabral is a member of NASRO and The area School Resource Officers Network. Officer Cabral assists with court in juvenile proceedings and communicates regularly with Juvenile Probation, Juvenile Diversion, DCF and the D. A.'s juvenile justice program

Officer Christa Cabral

Report of the FIRE DEPARTMENT

As Fire Chief, I respectfully submit the annual report for the year 2015 for the Sandwich Fire Department.

Call Volume

The Sandwich Fire Department responded to 3,876 total incidents in 2015. This included 2,707 emergency medical calls.

Incidents by Time of Day

Undetermined	0	0.0
TOTAL	3876	100.0

This report breaks down the departments calls into the National Fire Incident Reporting Systems (NFIRS) basic incident type categories.

Fire District Breakdown

<u>Fire District</u>	<u>Occurrences</u>	<u>Percentage</u>
District 1	1383	35.7
District 2	882	22.8
District 3	837	21.6
District 3W	156	4.0
District 4	328	8.5
District 5	26	0.7
Mutual Aid	74	1.9
OLD Data	190	4.9
TOTAL	3876	100.0

This report breaks down the department calls by fire district. Old data is a district we used while we were converting to the new Computer Aided Dispatch system (CAD) and listed streets that were not assigned to a fire district.

District 1

Includes Quaker Meetinghouse Road west to the Bourne town line and from power lines north. Total dollar losses for this district \$159,544. Total fire calls 1,383 or 35.7% of our total volume.

District 2

Includes Quaker Meetinghouse Road east to the Barnstable town line and from power lines north. Total dollar losses for this district \$194,650. Total fire calls 882 or 22.8% of our total volume.

District 3

Includes power lines south to the Mashpee line and east from the Military boundary to Stowe Road. Total dollar losses for this district \$8,900. Total fire calls 837 or 21.6% of our total volume.

District 3W

Includes all of Snake Pond Road to the Joint Base Cape Cod Gate. Total dollar losses for this district \$104,500. Total fire calls 156 or 4.0% of our total volume.

District 4

Includes power lines south to the Mashpee line and from Stowe Road east to the Barnstable town line. Total dollar losses for this district \$31,000. Total fire calls 328 or 4.9% of our total volume.

District 5

Includes all areas north of the Cape Cod Canal. Total dollar losses for this district \$0. Total fire calls 26 or .7% of our total volume.

Mutual Aid

As part of the county mutual aid agreement, assistance was provided to other communities 74 times and we received their help 107 times. The times we have multiple calls at once and no personnel in either station, causes us to call for Mutual Aid.

Grants

The department was awarded an Assistance to Firefighters Grant (AFG) in the amount of \$212,542 for new portable and mobile radios. Some of our existing radios are from the 1998 and can no longer be maintained due to their age. The new radios will be issued in early February of 2016. Once again, the department received a SAFE grant from the Department of Fire Services, a grant award of \$5,200 for student fire education, and \$2,200 for senior fire education.

Personnel

The department has continued to maintain a minimum of 6 FF on duty 24/7 staffing Station 1 downtown and Station 3 in Forestdale. The department was allowed to increase our manning for the first time in a decade, giving us four additional

firefighters this year. FF/EMT-P Sean Gilrein, FF/EMT-P Jason Hallett, FF/EMT-P David Desley, and FF/EMT James Murphy were hired out of a field of 84 applicants. FF/EMT-I Don Campbell was promoted to Fire Prevention Officer. FF/EMT-P Dan Keane was promoted to Lieutenant and is now assigned to Group 4.

Community Risk Reduction

In an effort to provide the best possible service to the community, the department has completed 81 Community Wellness visits.

The Department's 10 CPR/AED instructors taught 182 people in 31 Classes; including community/lay people, local Doctors, Nurses, Police, and Firefighters. Additionally, over 300 blood pressure screenings were conducted between the Headquarters and Forestdale stations. There were 611 inspections conducted and 543 permits were issued conducted during the year. The department continued to review commercial and residential plans, visited numerous homes and businesses to answer questions, performed public, private, and school safety programs.

Future Needs

East Sandwich Station 2 will remain closed until the station is rebuilt or renovated to accommodate full-time staff. It is no secret that our three fire stations are in disrepair. We are trying to be diligent and continue to maintain the buildings as best we can, however the lack of insulation and adequate space hinders every facet of our operation. Vehicles must be specially ordered to fit in the buildings adding to their cost. Several specialized pieces of equipment must be parked outside, or at other locations within the town, delaying response, especially during the winter months, and adding to maintenance costs. The East Sandwich Fire Station still remains unmanned. A third of the community receives less than reasonable fire and ambulance response times and coverage. One fire station sits too far south to benefit the greater population and all are too small for our busy operation.

Separate studies have recommended, along with the community asking for better Fire and Ambulance coverage. We will continue to try to accomplish this, while keeping in mind the fiscal effect this would have on the Town. As the call volume steadily increases it can and does in some cases extend response times until off duty personnel can get to the stations. Many of the longer times are for incidents that happen when we have three or more calls at the same time, are on the outer edges of the town, non-emergency requests for assistance or when we went mutual aid to another community. The reason I mention this is because as we get more and more simultaneous calls we are going to need that third ambulance manned full time.

The importance of response times is significant when you consider that the human brain suffers severe damage in only 4 to 6 minutes, making recovery very difficult at best. Response time also impacts residential fires, as a room will flash over consuming the entire contents in 2.5 minutes preventing escape. Response times in Sandwich suffer because of poor station placement, no personnel in the East Sandwich station and the

number of emergencies that come in at the same time as other emergencies.

I would also like to thank the Board of Selectmen, other town boards, departments, and committees, the citizens and various organizations of Sandwich, other Fire/Rescue Departments, but most importantly the members of the Sandwich Fire Department and their families for their support and cooperation throughout the year.

Report of the FOREST FIRE WARDEN

As Forest Warden, I respectfully submit my annual report as Forest Warden for the year 2015.

Massachusetts provides an open burning season, however it has strict guidelines that must be adhered to, and everyone must obtain permission from the fire department the day they would like to burn. Open burning is only allowed from 10 am to 4 pm January 15 thru May 01. We do not have any discretion to expand the guidelines, change the hours, or extend the burning season. I ask that persons who wish to burn respect others and the law, as the right to burn brush is limited and not guaranteed.

I would like to remind everyone that no fires are allowed on the beaches unless it is for cooking and then only if it meets stringent requirements. First a permit must be obtained from the fire department and you must follow the rules set by the Selectmen and the State. A copy of the rules will be given to you when you obtain a permit.

The Fire Department currently operates two heavy duty brush trucks a 1953 Studebaker and a 1970 Kaiser. Both of these trucks are former military vehicles converted to brush units. They are tired and are getting more and more difficult to obtain parts. As the Upper Cape has some of the largest contiguous tracks of natural woodlands, with much of it in and around Sandwich, we will need to keep this style of vehicle into the future. Sandwich has the distinction of having two of the largest acreage, 2,000 and 2,500 acre. Forest fires on Cape Cod in size, are second in the Northeast only to Plymouth. With the increase in the number of homes and their proximity to the woods, the losses will be high without quick action. The types of vegetation and weather conditions, including ever changing winds, put Cape Cod in the top three in the United States for forest fire spread and severity. Rapid response to and the control of outside fires are imperative to prevent the major fires this town has experienced in the past.

I would like to thank the Board of Selectmen, other town boards, departments, and committees, the citizens and organizations of Sandwich, other Fire Departments and especially the members of the Sandwich Fire Department and their families for their support and cooperation.

Report of the BUILDING DEPARTMENT

The building department consists of the building, electrical, plumbing and gas inspectors along with the staff to support each of these functions. The department serves the Town of Sandwich to ensure public safety in enforcement of all applicable building codes, regulations and by-laws; making certain that the buildings under its jurisdiction are constructed and maintained safely. The building department also serves as the administrator and enforcement office of the Protective Zoning By-Law, The Old King's Highway Historic District Committee and the Architectural Access Board regulations as well as other oversight as may be determined by the Town Manager.

The 8th Edition of the Building Code (2009 International Building Code and the 2009 International Residential Code for One and Two-Family Dwellings) with the respective, proprietary Massachusetts Amendments continues to be in effect. As of this writing, the 9th Edition is currently going through the review process. After review, a public hearing will be scheduled for comment upon which adjustments may be made for code language. BBRS (Board of Building Regulations and Standards) will then approve the final content and file the 9th edition with the Secretary of State for establishment of its effective date. It is

expected that the new code will become effective during the first half of 2016. This new 9th edition will be based on the 2015 I-Codes as published by the International Code Council.

Included in the 9th edition will be the 2015 International Energy Conservation Code. This new code has stricter compliances for duct leakage and whole-house leakage. Under the current energy code, whole-house leakage must attain at least a score of 65 or less, however the new code calls for a score of 55 or less. Also, the new energy code lifts the exemption for historic buildings which have to comply to the extent that such compliance does not compromise the historic nature and function of the building.

The following chart will show building department activities over the past four-year period. There were increases across the board this year as indicated in the chart. The largest increase came from applications for the installation of residential rooftop solar systems. With the advent of increased utility rates, availability of state and federal tax credits along with energy company incentives/rebates, more companies have increased their focus on this segment of the market. Further, last winter brought more devastation to our shore properties necessitating the need for structural upgrades for some properties along with virtually every deck, walkway and stairs having to be replaced.

	2015	2014	2013	2012
New Single-Family Homes	25	17	22	30
Additions, Alterations and Other Permits	1370	929	943	825
New Commercial/Rebuild	5	3	2	5
Commercial Additions, Alterations and Other	41	36	55	87
Inspections (Building)	1875	1466	1150	1255
Fees Collected	\$256,186	\$204,143	\$231,365	\$225,062

During this calendar year, the building department processed permits totaling \$333,740.00 inclusive of Plumbing/Gas permit fees of \$36,649.00 and Electrical permit fees of \$40,905.00. Permit fees also include monies collected for sheet metal permits, signs, certificates, stoves and driveway openings.

Administratively, the building department continues to work closely with the Director of Planning and Development to pursue changes and clarifications of the Sandwich Protective Zoning By-Laws. As has been described in past years, the filing system has become more efficient with work continuing to be done on archived files. The volunteers of the Senior Tax Credit Program have been instrumental in working on this endeavor. Computer software upgrade for permitting and inspections through hand-held devices is still on hold. The Building Department is monitoring feedback from other Cape Cod communities that are currently using new software of our current vendor. During this

year, the Building Department has worked with other departments at Jan Sebastian Drive to enhance the Town Geographic Information System (GIS). Marilyn Bassett in the

Planning and Development Office and Melanna Fors in the Engineering Department have worked tirelessly in this effort. It is expected that these enhancements will be available during the upcoming year.

On behalf of all the inspectors, we give our sincere thanks to the staff; Office Manager Michelle Raymond, Heidi Hawkins, Jennifer Woodbury and Lori Cannon for their help and support in the operation of all inspectional services. Personally, I wish to thank Brendan Brides, Assistant Building Inspector, Walter Fagnant, Plumbing & Gas Inspector and Bob Scena, Electrical Inspector for their professionalism throughout the year and the unselfish dedication to their jobs; whether being called out in the middle of the night by Sandwich Police and Fire Departments, for the completion of annual safety inspections and being available for assessments after storms or other calamities. It is my pleasure and honor to work with the aforementioned staff.

As a partner on the public safety team of the Town of Sandwich, the Building Department looks forward to continually serve the town and its citizenry for anything which comes within the jurisdictional scope of its responsibilities.

Paul D. Spiro
Inspector of Buildings

Report of the ELECTRICAL DEPARTMENT

To the Honorable Board of Selectmen:

During 2015, there were 868 Electrical permits issued and inspections for the year totaled 1008. Permit fees collected totaled \$40,905.00, an increase of \$12,495.00 over last year.

As is the past, I wish to acknowledge and thank the office staff for their continuous administrative support and professionalism in processing and scheduling inspections, working with the customers, and accurate record keeping.

Robert Scena
Electrical Inspector

Report of the PLUMBING/GAS INSPECTOR

To the Honorable Board of Selectmen:

During 2015 there were 380 Plumbing permits and 501 Gas permits issued. Combined, there were 1018 inspections performed throughout the year. The department collected fees in the amount of \$36,649.00.

I would like to express my sincere gratitude to the office staff for their continued support and professionalism in facilitating permit applications and scheduling. Also, their help with customer inquiries and bookkeeping is greatly appreciated.

Walter Fagnant, Jr.
Plumbing and Gas Inspector

Report of the FACILITIES DEPARTMENT

The Mission of the Facilities Dept. is to provide cost effective maintenance repairs and improvements to Town Facilities and Buildings. In 2015 we were able to complete numerous maintenance and construction projects in many of the Towns facilities.

Below is a summary of some major accomplishments.

- The Town Hall has benefitted from a regular schedule of routine maintenance and upgrades of HVAC System, exterior paint, installation of sound system and lighting components. Elevator maintenance and annual inspections including fire systems alarm, security alarm and sprinkler system compliance.
- The Town Hall Annex. Completed exterior trim, gutters, construction of the ADA access ramp and new sign.
- The Human Services Building. Completed ADA access ramp, front entrance landings, Exterior LED lighting of building and parking lot. Made substantial repairs to the roof, cupola, sidewall and added new gutters.
- The Building Department. Replaced HVAC in the DNR section of building.
- The DPW Maintenance Facility received new overhead garage doors
- The Police Headquarters. Repaired front entrance landing and doors, interior paint, HVAC repairs.
- Fire Station. HVAC repairs, interior remodeling of office space and schedule of overhead door maintenance improving efficiency
- Hoxie House. refurbished Sign, Grist Mill assisted in the construction of the new water wheel and building repairs.
- Oak Crest Cove Facility. Remodeled office space to make a secure satellite Police Office, Meeting and recreation program space, and roofing and siding of those facilities, Repair and maintenance of all cabins, Interior paint of the Lodge facility, LED lighting, in interior and exterior, along with security cameras.

The continuation of the maintenance schedule for HVAC equipment is a top priority; we have made significant upgrades and replacement of various systems in the building department, Fire Stations, Oak Crest Cove, Town Hall Annex and Police Department.

I would like to thank all Town Departments for their support and cooperation in 2015. Thanks to the Facility Department staff Bill Sewall, Wayne Enos, Mike Little and Gary Grunland for their hard work throughout the year. Also thanks to Jan Hagberg and Kathy Coggeshall for continued administrative work and scheduling of events at the Town Hall.

Respectfully Submitted

Ted Hamilton
Director of Public Facilities

Report of the BOARD OF HEALTH

The Board of Health and its Health Department strives to maintain programs to protect the public and environmental health, enforce and educate those state laws that authorizes the Health Department to enforce such and to develop programs that will reflect the anticipated changes in Public and Environmental Health.

The development of the Comprehensive Water Resources Management Plan continued to be the focal point of the Health Department this past year. This is year three of a three year process for the development of the CWRMP. The Health Department is working closely with its consultant Wright-Pierce and the Water Quality Advisory Committee. The first year has been the development of Phase I which is the Needs Assessment. This year the WQAC completed Phase II which is comprised of the Alternatives Analysis. The Alternatives Analysis looks at the existing conditions in the town and looks at alternatives by watershed to determine what wastewater options are best suited for each watershed. The Sandwich Health Department, the only Health Department in the Commonwealth to implement the MEP program received the MEP results which identified the Old Harbor and Scorton Creek as health estuaries not requiring nitrogen attenuation or treatment. The development of the CWRMP will allow the Town to determine Sandwich's wastewater issues and how Sandwich's wastewater affects the estuaries in Barnstable, Mashpee, and Falmouth. This process utilizes groundwater watersheds to model future impacts. The Town needs to review nitrogen issues affecting those embayment's and determine a plan of action if needed to assist in nitrogen reduction. This data will be utilized to determine how to address wastewater in the Town of Sandwich. To simply state that the Town of Sandwich requires sewerage and wastewater treatment plants is premature and scientifically unfounded at this time.

Meanwhile the Health Department and the Board of Health continues to identify septic systems requiring upgrade and compliance while educating the community of the need for proper sewage treatment and disposal.

The economy and resulting foreclosures has impacted the Health Department resulting in an increase of General Complaints and Housing Complaints. Foreclosures have resulted in abandoned dwellings or bank "takeovers" resulting in trash and debris in yards impacting abutting dwellings. This Department has responded to numerous complaints which take numerous man hours to track down contacts for bank owned properties. The second impact of the resulting foreclosures is the impact on the Health Department resulting from residents of foreclosed homes accessing rental properties. An increase in rental properties has resulted in an increase in the housing complaints, which the Department is responsible for enforcing through the State Minimum Standards for Human Habitation 105 CMR 410.000. The Health Department becomes involved with tenants and rental property owners which consumes a considerable amount of man hours.

Board of Health member Doctor Francis Sheehan was appointed Animal Inspector by the Board of Health for the Town of Sandwich as approved by the Massachusetts Department of Agriculture. This position is responsible for the inventory of large animals. Dr. Sheehan completed the required barn inspections for the 2015 inventory period. The Board thanks Dr. Sheehan for his time and efforts. With the decline in the economy, the Health Department has seen an increase in "residential size chicken coops". Residents have sought to be less dependent on purchasing food. The result of this is an increase in residents with 4-6 hens for eggs. Although this has not created public health issues, there has been an increase in noise complaints because of roosters. The Health Department ask that the citizens of the Town to be considerate of their neighbors.

The Board witnessed the re-election of Sandra Lee Tompkins to the Board of Health in May. The Board elected Sandra Lee Tompkins as Chairman, Rebecca Lovell Scott as Vice Chair and Dr. Francis Sheehan as Clerk. The Board was sad to see Dr. Sheehan step down due to health issues from the Board this past fall. Through the Sandwich Selectmen the Board supported the appointed of Timothy Grady to replace Doctor Sheehan until May 2016 at which time Mr. Grady would need to run for the open position. The Board and Agent express their gratitude to the Assistant Health Agent Darren Meyer for his continued efforts and professionalism. Additionally, Darren maintains a committed schedule for timely permit approval and all efforts to assist the citizens. The Board also acknowledges the efforts by Jennifer Woodbury, the Boards Secretary and managing all permitting issues, processing of licenses and general questions with professionalism and ease.

Report of the EMERGENCY MANAGEMENT DIRECTOR

2015 was a very busy year for the Office of Emergency Management (OEM). The winter of extreme storms and record breaking snowfall taxed the entire community. There were other emergency issues, community events, drills, exercises and plan revisions that kept the staff active.

The Regional Shelter at the Sandwich High School was tested prior to the hurricane season and that proved to be helpful in light of the winter we experienced and the frequent and long term shelter openings for residents without power or without a warm place to stay. A walkthrough took place with the Sandwich OEM as the lead agency, including all our partner agencies, including: Cape Cod Disaster Animal Response Team, the Amateur Radio Emergency Services, Barnstable County Regional Emergency Planning Committee, The Medical Reserve Corps, Citizens Emergency Response Team, Sandwich Citizens Police Academy Alumni, The School Department, Red Cross, Town Staff and Americorps. All areas of responsibility were discussed and the plan was revised to reflect some changes at the High School.

Our staff participated in several drills and exercises with a variety of partner stakeholders. OEM participated in the Regional Emergency Planning Committee's annual hazardous materials exercise as the host community. It was a daylong exercise that tested Public Safety, Emergency Management, Department of Natural Resources, Health Department, Department of Public Works, Town Administration, among others. We tested our communications equipment and staff several times during the year with our Amateur Radio Emergency Services partners, including an outdoor winter exercise and a hot weather exercise. A Continuity of Operations Exercise also tested the OEM's ability to operate under extreme conditions. We continue to coordinate with our neighbors at Spaulding Rehabilitation Hospital on emergency preparedness and communications.

The Comprehensive Emergency Management Plan, Emergency Shelter Plan, Emergency Operations Plan, among others were updated this year. Sandwich's Multi Hazard Management Plan is being revised with assistance from the Department Heads and the Cape Cod Commission. We are also working on completing the requirements for Storm Ready status. We are continuing with this time consuming, yet important process. OEM staff actively participate in the Cape Cod Emergency Traffic Plan process, by attending meetings and the tabletop exercises that the State coordinates.

Our staff completed many hours of continuing education during the year. Shelter training, communications training, Homeland security courses, Emergency Manager Leadership training, weather related training, Community Emergency Response Team Train the Trainer are just some of the topics that staff members attended to be better prepared in the event of an emergency in Town.

Sandwich Office of Emergency Management was pleased to receive a memorial piece of the World Trade Center Tower 1 Wall. We consider this quite an honor to be given a memorial piece to display in Town. The first public display of the memorial piece of steel (weighing 1296 pounds) was at the DeConto Stadium dedication. We considered that a fitting place to display the piece. We are working on finalizing a final place for display. Thank you to all who assisted with transportation, storing and behind the scenes efforts.

I would like to take this opportunity to thank the Deputy Director, Bill LaPine, the Communications Officer, Heather Gallant, Randy Lewis, CERT Coordinator, Jim Foley, Shelter Manager, Lois Wack, Executive Officer, Tom Wruk, Mike Walker, Adam Bunker and Rich Donahue and the entire group of volunteers for all your help and dedication.

We want to thank Police Chief Peter Wack, Fire Chief William Carrico and their staff for their continued support and cooperation. They have been very supportive of our mission and always helpful when needed. Thanks to the Town Manager, Bud Dunham and Asst. Town Manager, Doug Lapp for their support. Our sincere thanks go to Jan Timmons and the staff and volunteers at the Human Services Building for always being available to help during emergencies and non-emergencies.

Thanks go to all the Department Heads and Town employees for all their help throughout the year. With respect to other groups that have been supportive, I would like to thank ARES, CCDART, MEMA, FEMA, the REPC and Sean O'Brien, Phil Burt, the Dennis Police Department, the Barnstable Sheriff's Office and the Barnstable County Incident Management Team for assisting us with operations and activities throughout the year.

Our Local Emergency Planning Committee met twice last year and participated in 2 hazardous material exercises. It should also be noted that Sandwich has the largest quantity of hazardous materials stored compared to any other town on the Cape! We have an active group, including many business representatives in the Town. Thank you to all members who actively participate in the meetings.

Please consider "liking" the Sandwich Office of Emergency Management Facebook page and follow us on Twitter @sandwichoem. We post important information prior to, during, and after emergencies. We post weather information, too.

Lastly, I would like to make a pitch to all residents and friends--we would like to increase our volunteer base. There are several tasks that we would like to have assistance with. These include: shelter operations and management, radio communications, administrative tasks, logistics, documentation, etc. We will provide all of the training. No experience is required. Please contact me if you are interested.

Our volunteers gave 14,098 hours of service to the town during the past year. I appreciate each and every person who gave of their time. We couldn't do what we do without the help of everyone.

Brian J. Gallant, Director
Sandwich Office of Emergency Management
Chair, Local Emergency Planning Committee

Report of the SCHOOL SAFETY COMMITTEE

The Sandwich School Safety Committee accomplished many in process items in 2015. The Committee welcomed newly appointed Fire Prevention Officer, Don Campbell to the Committee. School Committee safety liaison, Jim Dever now also attends meetings on a quarterly basis. School Resource Officer Christa Cabral, along with Fire Deputy Chief JJ Burke, will periodically meet with school committee members in executive session to advise of safety plans that are in place. This will also allow School Committee members to receive current information on any issue areas.

The Committee continued with its primary goal of prevention, planning, response and recovery to safety issues. Training and information sharing is ongoing with all BERT teams. Additional BERT team members were added to the Forestdale school due to the needs of our younger students. Don Campbell conducted fire drills at all schools. Several fire prevention programs are currently being implemented in all elementary level schools. Police and Fire safety assessments are done randomly throughout the school year. Maintenance, security and janitorial staff assist with this ongoing effort. Lockdown drills at both elementary schools have been done. An assessment was done on the condition of doors, locks and PA systems at both elementary schools. This information was presented to the safety committee. Schools are equipped with direct radio access to Sandwich Police Department. Officer Cabral oversees the testing of these radios with secretarial staff each month.

School Resource Officer Christa Cabral and Fire Deputy Chief JJ Burke met with PTA this fall in order to have more direct outreach to parents for information sharing abilities. The PTA's have graciously agreed to assist with smaller safety group projects both financially and hands on. We look forward to continuing a strong relationship with the PTA.

A.L.I.C.E (Alert, Lockdown, Inform, Counter or Evacuate, an enhanced lockdown procedure) was implemented district wide. All faculty and staff were trained by Officer Cabral. Student training in grades 7-12 is now being done. ALICE is a nationally recognized approach to saving lives in violent intruder situations. Officer Cabral is a certified ALICE instructor and has also traveled to other districts to assist in trainings. This training will continue to be offered by Officer Cabral annually on the districts professional development day. All new hires or employees who want a refresher will be allowed to attend.

The Safety Committee was able to assist Alan Hall, Director of facilities and grounds with making improvements to the entry ways of both elementary schools. Transaction Windows will be installed at both schools in an attempt to cut down on the amount of entries made into the schools each day. The secretaries will soon be able to receive items through the window rather than buzzing person in to retrieve items. They will also be able to scan visitor licenses and provide visitor passes before allowing visitors into the school. Ongoing maintenance and new hardware for all camera systems as well as the Be Safe system continue to

be done. An intruder alarm at both wastewater treatment sites has been added. Parking concerns at both elementary schools are now being reviewed in conjunction with the town DPW.

The Safety Committee is continuing work on communication throughout the school campuses. Additional radios were purchased by both elementary schools for BERT team and staff due to the redistricting needs. Director of Nursing, Carilyn Rains has continued her coordination of CPR training for teachers and staff. The safety group with the assistance of Sandwich Fire Departments EMS supervisor, Brian Leary met with BERT team members for evacuation chair trainings. Tourniquet training for all school nurses was also provided by the fire department.

The Safety Committee is continuing to implement and enhance all emergency response guidelines in order to facilitate the most proactive approach to school safety. Incident command protocols are in place and shared between police, fire and the school department . All efforts could not be accomplished without the support of the School Committee, Board of Selectmen, School Department Administration, Town Manager, Police and Fire Chiefs, School Councils and the Sandwich community at large for their continued support of our efforts.

Respectfully submitted,

Officer Christa Cabral, Police Department, School Safety
Committee Chair

Report of the DEPARTMENT OF PUBLIC WORKS

The mission of the Department of Public Works (DPW) is to maintain, preserve and protect the infrastructure and resources of the Town of Sandwich in the most efficient and effective manner. In order to fulfill this mission, the DPW strives to provide responsive and high quality public service to the residents of Sandwich. Each of the DPW departments plays a vital role in providing this service.

The DPW had a very challenging yet productive year in 2015. The winter of 2015 was one of the most costly and impactful the Town has experienced in many years. Staff time and the cost to mitigate the effects of the storms were extensive, requiring cleanup activities well into the summer season. On the heels of the storm cleanup the DPW began a demanding paving schedule. These efforts as well as many others are listed below.

Highways

The winter of 2015 proved to be the harshest in many years; record breaking in some municipalities throughout the Commonwealth. The season kicked off with Winter Storm Juno, dumping over two feet of snow on Sandwich. This was followed by several other significant storms and below freezing temperatures, leaving Sandwich in a deep freeze for over a month. The DPW is not staffed nor equipped to handle repeated storms of that magnitude and intensity. Coupled with limited contractors and vehicle breakdowns, it became difficult to get ahead of the storms of 2015. By the end of the winter, the DPW had exceeded its annual Snow and Ice budget by over \$500,000. The Town is seeking to recoup some of its Winter Storm Juno expenditures through reimbursement from FEMA.

As a result of the operational difficulties during the winter of 2015, the DPW staff evaluated its winter maintenance policies, procedures and resources in an effort to be better prepared for future winters, particularly important given the forecast of more frequent and intense storms in the future.

On top of the snow removal efforts, the resulting damage to Sandwich's landscape and infrastructure was significant, requiring more maintenance and repairs than typically associated with a winter season. Storm cleanup and repairs such as tree maintenance and pot-hole repairs continued into the summer, sacrificing normal DPW responsibilities. Fortunately, \$118,540 from the State's Winter Recovery Assistance Program (WRAP) helped offset some of the costs to mitigate the impacts of the winter season.

The Annual Town Meeting approval of the \$1.3 million Capital Outlay funding was extremely beneficial in advancing some long overdue Town infrastructure projects. Projects completed under this Capital Outlay funding included reconstruction of the Sandwich Public Library parking lot and landscaping as well as paving projects on Main Street, Beale Avenue, Old County Road, Boardwalk Road and Boardwalk Road parking lot. Other paving projects completed throughout Town using State Chapter 90 Road Funds included Kensington Drive, Holly Ridge Drive, Country Club Road, Dillingham

Avenue and Robin Road. The DPW also completed preventative maintenance treatments to extend the life of many subdivision roads throughout Town.

Routine road maintenance such as pothole patching, berm and apron work, paving around drainage structures and sidewalk repairs were also completed throughout Town.

The DPW completed a comprehensive Pavement Management Study to evaluate road conditions in Sandwich. The study included an assessment of all public roads and provides a detailed pavement maintenance report prioritizing short and long term road improvements, treatment types and associated costs.

The DPW continued its plan to upgrade existing drainage structures and install new facilities to lessen the stormwater runoff impact on the Towns sensitive water bodies. Future federal and state regulations are expected to require extensive maintenance and upgrades to the Towns drainage system.

General maintenance performed by the highway crew included catch basin cleaning and repairs, clearing catch basin grates, pipe cleaning, street sweeping, sign construction and installation, roadside litter pick up, and various routine services to the residents. In total, the DPW responded to over 665 work order requests from the public, not including storm event requests.

Sanitation

The Sanitation Department completed its fourth year of the Pay-As-You-Throw (PAYT) program and third year under the Enterprise Fund on July 1. The success of the program continues as evidenced by numbers reported in the PAYT Year 4 Update. Solid waste disposal continues to be half of pre-PAYT tonnage, with nearly the same amount of sticker holders. Compared to recycling tonnage prior to PAYT, commingled items (plastic, bottles, and cans) are up 98% and fiber (paper and cardboard) is up 5%. Traffic volumes have decreased by 17%, improving safety and flow through the facility as well as at the Route 130 DPW entrance. The four-year solid waste cost avoidance resulting from PAYT totals \$586,000. Special thanks to the residents for their tremendous recycling efforts over the course of the four year PAYT program.

To further enhance recycling, the DPW added two clothing trailers to supplement others in place. The DPW obtained three DEP grants totaling \$30,000. The grant money will be used to enhance mattress recycling at the Transfer Station and school recycling at Sandwich High School, Forestdale School and Oak Ridge School.

Several facility projects were completed at the Transfer Station. Lighting was improved at the ticket kiosk, mercury shed and gate house. Ticket kiosk upgrades included paving the parking space and increased electronic ticket options. Other upgrades included electrical, paving and drainage improvements at the facility.

Parks Department and Tree Warden

Our Parks Department diligently maintained our expansive grounds throughout Town. The crew superbly maintained our flower beds, roadsides, cemeteries and numerous other highly visible public areas that are enjoyed by our residents and visitors. In the tradition of Sandwich, the parks crew continued to beautifully decorate the Town during the holiday seasons, including installation of summer and winter banners in Sandwich Village.

The Tree Warden and Parks Department worked tirelessly over the spring and summer to clean up the impact left behind by winter's fury.

The Tree Warden continued an on-going tree maintenance plan performing tree inspections at town parks, cemeteries and along roadsides and sidewalks to identify and maintain trees and other vegetation. Tree inspections include, but are not limited to evaluating broken limbs, branch structure, girdling roots and insect activity at various times of the year. Insects that are monitored include Cynipid Gall Wasps, Winter Moth, Gypsy Moth, Emerald Ash Borer and the Asian Longhorn Beetle. Hazardous trees were removed and others were properly pruned and maintained to provide a long and healthy life for the trees. This preventative maintenance program will greatly minimize tree damage during major storms throughout the year.

Tree projects in Sandwich Village included treating eleven elm trees for Dutch Elm Disease, planting three Apple trees along School Street and replanting trees on Main Street. Pruning was completed throughout many cemeteries and at public buildings in Town. The Tree Warden was actively involved in the planning, planting and care of trees and landscaping of the newly constructed library parking lot.

The Tree Warden held two Arbor Day events. The first included planting a tree to recognize former Tree Warden, Kevin Buckland, who assisted with the planting at Sandwich Public Library. The second event was an educational outing with the Forestdale School 2nd grade students which included planting a London Plane tree at the school and concluded with each student receiving a Concolor Fir tree.

The Tree Warden continued the Town's on-going relationship with utility companies including N-Star and National Grid to address tree related issue throughout Town. The Tree Warden was especially active with the review and inspection of the National Grid gas pipeline project.

The Town continued its active program to brush and prune roadsides in an effort to maintain good sight distances and vertical clearance along roads while preserving valuable tree canopies.

Engineering Department

With the previously mentioned challenges of the winter season, the Engineering Department provided valuable assistance to the DPW and other Town Departments with response to storm events and coordination of cleanup operations necessary to keep roads passable.

Once the snow melted, the Department assisted with the assessment of road conditions and coordination of road repairs and repaving projects. The scope of this work was substantially increased from previous years by the availability of an additional \$1.3 million in road bond funding provided through Town Meeting. This supplements the annual Chapter 90 state funding. DPW and contractors were able to complete a number of repaving projects this year and made significant headway on the backlog of needed road maintenance. Engineering provided coordination and inspection services throughout this work.

In 2015, the Board of Selectmen voted to lift the moratorium on acceptance of private streets as town ways. The Department assisted with preparation of an updated policy that was accepted by the Board. Subsequently, petitions were submitted by interested parties for several private streets, and the Department assisted with the review and acceptance process that followed.

The Department continued to assist DPW with review of National Grid's Sagamore Line Reinforcement project along the Service Road. Review efforts focused on minimizing impacts to the road and surrounding area and also reducing potential conflicts with future improvements such as the planned bicycle path. Numerous changes were incorporated by National Grid, and road work permits were issued. National Grid commenced construction during the summer, and the Department is actively involved with inspecting the work and assessing compliance with permit conditions. It is anticipated that work will continue through 2016.

The Department continued implementation of the Town's Stormwater Management Plan as mandated by the Environmental Protection Agency (EPA). This included educating the public and schools, adopting and enforcing regulations and improving drainage systems on public roads. EPA has indicated that a new permit may be issued in 2016 with substantial new requirements for sampling and management of stormwater runoff. The Department will assess the new permit when it is issued and advise the Town accordingly if additional budgetary or programmatic assistance will be needed.

The Department provided assistance with assessments of traffic operations at various locations, review and construction inspection assistance to the Planning Board and Zoning Board of Appeals items, technical support to Town departments in the form of GIS mapping, procurement assistance, and records research.

The Engineering Department assisted the DPW with the assessment of the Lower Shawme Dam, including potential improvements to the fish ladder, walls and Grist Mill. Funds for design were obtained through the Community Preservation Act, with similar funding being requested at Annual Town Meeting for construction.

I wish to recognize my entire staff for their support, perseverance and hard work in what was a very demanding year at the DPW. None of our work would be satisfying without the many thanks and assistance from the public who persevered

through a difficult winter and long, disruptive paving season.
Thank you all for your patience.

Respectfully submitted,

Paul S. Tilton, P.E.
Director of Public Works/Town Engineer

Report of the RECREATION DEPARTMENT

The mission of the Recreation Department is to promote healthy lifestyles and the general well being of individuals in the community by providing a wide range of affordable recreational classes, programs and events. While physical fitness, arts & crafts, and sports are an integral component of recreation, it is our goal to incorporate, in these activities, a sense of community, personal growth, social interaction, broadening of horizons, and general enjoyment.

We extend our sincerest appreciation to all of our dedicated volunteers and instructors who generously offer their time and expertise for the benefit of all Sandwich residents and visitors alike, with special thanks to, the Sandwich Facilities Department, Information Technology, Department of Natural Resources, Department of Public Work, and all the Town Departments who assist the Recreation Department in accomplishing our goals. We also would like to thank the Sandwich Partnership for Families for continuing to collaborating with us and a big thanks to the Sandwich Kiwanis Club for once again awarding us a grant that allowed us to make our monthly movie nights more affordable.

I would be remiss if I did not take this opportunity to thank Janice Souza, Assistant Director and Trisha MacDonald, full time Program Coordinator for all of their hard work and all of the time they put in to provide quality programs to our Town. Their leadership and dedication to the Town should not go unnoticed and can be seen in all of our programs and special events.

This was our fifth season overseeing the Hoxie House and Dexter Grist Mill and their staff. This past season with CPA funds we were able to replace the Mills water wheel and shaft, making it run more efficient and will allow us to run the mill for many more years to come. It was our pleasure to show off our great history and we could not be happier to have two great facilities and staff to do just that. Each location welcomed hundreds of visitors throughout their season from June to Oct. keeping alive the vibrant history of our Town.

The Recreation Department works to oversee, clean, maintain the Kenneth Benjamin Fleet Skate Park, (Quaker Meetinghouse Road) and the Adventure Playground (270 Quaker Meetinghouse Rd.). The park and playground are open year round (weather permitting), 7 days a week, from 8 AM – dusk. The annual clean-up of the park and playground are scheduled each spring. Volunteers are always needed and welcome. If you would like to be a part of this with either of these great facilities, please let us know. The continued support of the community will keep these parks a safe and clean place for all to enjoy.

In 2015, beachgoers, fishermen & sunbathers kept our lifeguards and gate attendants busy. Wakeby, Oakcrest Cove and Snake Pond beaches were staffed with lifeguards. Gate attendants managed the beach parking lots at the Boardwalk, Town Neck, 2 lots at East Sandwich, Snake Pond and Oakcrest

Cove (Peters Pond). The past season was also the sixth season that the Recreation Department served as Parking Control Officers in the beach parking areas, helping to ease congestions and stem illegal parking. This summer Jen Clancy, Beach supervisor was outstanding in the supervisory roles. Our summer staff continues to grow every season and this year was no different with 90+ (tennis, swimming and sailing instructors, counselors, program instructors, gate attendants, lifeguards and Hoxie House and Dexter Grist Mill Tour Guides) are valued and appreciated for a job well done as they consistently go above and beyond the call of duty. Traditional summer programming (swimming, sailing & tennis) were filled to capacity along with our all day Summer Super Fun Program at Oakcrest Cove. This summer was also the third summer of the Summer Counselor in Training Program. All program information can be found at our web site www.sandwichrec.com and on Facebook by becoming a fan of The Sandwich Recreation Department.

This past year Oakcrest Cove (the home of Sandwich Recreation) once again has seen the usage of the property sore. With well over 600 unique visits a day during the summer, and the continued year round use by residents and visitors alike we are utilizing this property to its fullest. From the moment the gate opens in the morning this property is bustling with programs and activities like tennis lessons, Cardio Dance, Pickle Ball, the Super Program, Swim lessons, after school programs, yoga, Ballroom Dance classes, Art classes, Karate, beachgoers, fishing, boating hiking and youth basketball at night under the lights. It is clear that all are enjoying everything that Oakcrest Cove has to offer

This 4th of July activities drew large crowds and participation! Over 600 runners entered this year's early morning 3-mile road race and the parade was a huge success and with thousands of spectators in attendance all enjoying the patriotic floats, marching groups and antique vehicles. The afternoon family picnic, egg toss, fireman's muster, evening concert and boat parade were very well attended and everyone had a blast. Many, many thanks to the volunteers, Fire, Police and Public Works Departments that helped make this year's event so fabulous!

For the second season we ran the Sandwich Youth Soccer program, one of the largest youth soccer programs in the state. This was a very large undertaking as once again we had over 830 participants. This program would not have been successful were it not for the hard work of program director Kelsy Beaton, all of the Referees who showed up at 6 am every Saturday to set up, but most of all this program would never have been successful if it were not for the hundreds of volunteer age group directors, coaches and helpers. Thank you to all and we look forward to another great season this upcoming fall.

The main function room at Oakcrest Cove over looking Peter's Pond continues to be a popular place for residents to rent out for parties and private functions of all kinds. You will find the main lodge rented out most weekends and filled with program all week long. The Sandwich Recreation Department is very grateful to be located at the Oakcrest Cove property. This location continues to allow us to expand our program offerings

while still preserving the main lodge facility for functions and event. We are utilizing the entire property for many different programs from family hikes and after school program to basketball, and Cardio Dance (to name a few). We have and will continue to tap into the potential for programs here at Oakcrest Cove and look forward to an exciting year ahead.

**The following programs/events were
Offered in 2015:**

- Youth Swimming Lessons
- Youth Sailing Lessons
- Youth Tennis Lessons
- Adult tennis (Men's and Women's leagues)
- Super Fun December Vacation Program
- Yoga Classes
- Kayaking
- Stand up paddle boarding classes
- Turkey shoot
- July 4th 3 mile Road Race
- July 4th Street parade
- Scarecrow Contest
- Super Fun Summer Program
- Summer Counselor in Training Program
- Pickle-Ball
- Cardio Dance
- Fun & games After School Program
- Kinder Kids
- Toddler & Preschool Fun program
- Summer outdoor basketball program
- Free family hikes
- Father and Daughter Dance
- Mother and Son Dance
- Kids Holiday Fun Program
- Youth Soccer
- Adult Co-ed softball
- Adult Co-ed Soccer
- Cardio Sport classes
- Babysitting classes
- Arts and crafts
- Fresh water fishing clinic
- Kinder Science classes
- Pottery for Children
- Ballroom Dance lessons
- Karate classes (youth and adult)
- Monthly Kids Pizza and Movies nights
- Free Family skating
- "Board Games"
- American Heart – Adult CPR & First Aid w/AED
- All Star Athletes (youth Special Olympics)
- Beginner Adult Irish Dance
- Early morning Insanity classes
- First Day 5k road race
- Hidden in Plain Sight program
- Kids Conjurers Magic Class
- Kids Create After School program
- Learn to play Golf @ Sandwich Hollows Golf course
- Mad Science after school program

- British Soccer Camps
- Maximize your lifetime Social Security Benefits classes
- Mini Kickers Soccer
- Pilates – Method Mat work
- Piyo
- Play for No Reason (PFNR)
- Sing, Say, Move & Play
- Spring Archery
- Archery Tag
- Tobata w/ Toni
- Moderate Hatha Slow Flow Yoga
- Women's Personal Safety Course
- Young Athletes program
- Youth Running Club

We have many exciting programs in the works and will continue to grow our Department and offerings in 2015. Keep your eye on our website to see what we are up to and how you can get involved and take part in the fun. Our website is www.sandwichrec.com. Registrations can be done on-line or at the Recreation Office. You can also find us on Facebook so become a fan of The Sandwich Recreation Department and stay up to date on all that we have to offer.

We welcome your comments and suggestions. Office hours are 8:30 AM – 4:30 PM Monday – Friday.

Respectfully submitted,

Guy J. Boucher
Recreation Director

Report of the SANDWICH PUBLIC LIBRARY

The Sandwich Public Library benefitted from two major projects this year. The new heating and cooling system and the conversion to natural gas were completed. The library is now temperately heated and cooled for the comfort of our users. The additional benefit the use of a cleaner, more efficient and less expensive heating fuel.

The new library parking lot, completed in spring 2015 has been a great asset, not only to the library, but to Sandwich Village. Additional parking spaces were added and major improvements were made to handicapped parking accessibility. The center of the lot contains a bio-retention area which treats storm water runoff by filtering it through the plantings and soil layers. The area is planted with a variety of local species and adds aesthetic value to the library grounds. We are grateful for the Town Engineers Sam Jensen and Sean Harrington and DPW Director Paul Tilton for their advocacy for the project, the design and construction management.

The library continues its mission of offering a variety of programs for all ages. A number of authors visited the library including Lisa Genova, Suzanne Strempek Shea, and Joe Williams. In August we hosted a panel of thriller authors including Joe Gannon, Charles Salzberg and Spencer Quinn. We are grateful for our community partnership with Titcomb's Book Shop in presented literary programs and author programs. Our children's summer reading program, "Every Hero Has a Story" provided a wide range of activities and events for our younger readers including a visit from author Marty Kelley and storyteller Jack Gillman, performances by the Science Tellers, the Hampstead Stage company production of Robin Hood and Vermont Puppetree's "The Ugly Duckling." We continued our summer storytimes and music fun and concluded with our annual Sandwich Junior Puppeteers performance and ice cream social.

We are indebted to Sandwich Kiwanis Levreault Trust and the Friends of the Sandwich Public Library for sponsoring our programs to keep kids reading during the summer.

Sandwich Reads Together, our community reading program, chose Anita Diamant's "The Boston Girl" as this year's reading selection. A series of programs associated to the book's themes of immigration and Jewish culture included a presentation by Attorney Matt Lee on "Immigration: a Historical Overview and Exploration of Current Issues and book discussion groups at the library and the Sandwich Council on Aging. Anita Diamant visited Sandwich and spoke to a full house at Sandwich Town Hall on October 25th. In December, Rabbi Lawrence Silverman of Congregation Beth Jacob in Plymouth visited us as we celebrated "Latkes and Lights: Food, Music and Stories for All" with an outstanding performance by Ted Jellinek and the Cape Klezmer Band. This community wide, intergenerational project would not have been possible without the support of the Sandwich Kiwanis' Levreault Trust and the Friends of the Library.

We continue to add downloadable content to our collections. This year, the Old Colony Library Network is participating in the statewide e-book project, offering additional content to meet the demands of users. With a Sandwich Library card, our patrons can browse and borrow over 154,000 ebooks downloadable to a variety of devices. Our downloadable magazine application, Zinio, continues to grow in popularity as does our downloadable music.

This year saw the retirement of Town Archivist, Barbara Gill. Her depth of knowledge about Sandwich's historical assets and family histories is beyond compare and we thank her for her many years of service.

A quote from a story about Barbara in the *Sandwich Enterprise* says it all, "(she is) an institution—a living encyclopedia of Sandwich lore and genealogy."

The library is grateful for our many dedicated volunteers and supporters. We wish to extend our gratitude for the tireless fundraising and programming work of the Friends of the Library and to those who support them and the fundraising efforts of the Friends of the Sandwich Town Archives. Our appreciation for the work of the Trustees of the Weston Memorial Fund and to those who donate to sustain and grow the endowment. We extend a special note of appreciation to the library staff who continues to go above and beyond. They are the library's greatest asset.

Report of the WESTON MEMORIAL FUND Fiscal Year 2015

The current Sandwich Public Library building opened in 1911. It was then known as the Weston Memorial Library. The 1911 library building was made possible by a gift of Sophia and William Weston. The Westons were Sandwich natives who had no children and wished to leave all of their property to the Town of Sandwich for a public library. The trust fund created by William's will is today known as the Weston Memorial Fund. The Weston Memorial Fund has grown from \$20,000 to \$829,636.82 as of June 30, 2015. The growth is attributable to a strong tradition of Sandwich residents donating to the fund, and through the investment efforts of its trustees. Three trustees elected at our annual town elections manage the fund. Trustees transfer the annual income from the fund to the Sandwich Public Library to help pay for its operation. The fund's principal is preserved and invested for the future.

The Fund distributed \$24,820 to the Town for library purposes for fiscal year 2015. This compares to \$20,725 in fiscal year 2014. Continued low interest rates impacted our income and we expect this level of low interest income to prevail for the near future. The allocation of assets in the Fund reflects a balanced investment approach with long-term objectives of increasing the Fund value and income. The market value of the Fund was \$829,637 as of June 30, 2015, compared to \$851,105 as of June 30, 2014. The drop in value is attributed to generally lower values in the investment market.

The challenge of creating income in a low-interest-rate environment continues. Our conservative investment philosophy has dampened the downside of the fund assets relative to other indices. We note that dividends currently provide more income than bonds – an historical anomaly.

The Trustees of the Sandwich Public Library help us coordinate an annual appeal to residents of the Town. The annual appeal donations are assigned to the Endowment Fund, which has grown to be the second largest component of the Weston Memorial Fund.

We thank you and encourage everyone to make an annual donation to this important fund for the library.

Name of Fund (year created)	Book Value	Market Value
Mary C. Baker Fund (1964)	24,233	36,129
Hannah B. Belcher Fund (1942)	17,226	25,682
Willard Boyden Fund (1999)	9,392	14,002
Annie B. Chamberlin Fund (1945)	1,035	1,544
Endowment Fund (1997)	111,539	166,297
Harriet M. Faunce Fund (1910)	2,554	3,808
J. Frank Giles Fund (1934)	2,554	3,808
Virginia L. Harvey (2007)	54,184	80,785
Dodge MacKnight Fund (1964)	232,761	347,029
Charles M. Macy Fund (1925)	21,643	32,268
Nolan, Robert & Marjorie (2003)	33,115	49,372
Nathaniel Nye Fund	1,519	2,265
Sophia and William Weston Fund (1907)	44,702	66,648
TOTAL ALL FUNDS	\$ 556,457	\$ 829,637

uwdo kwgf,

Geoffrey F. Lenk, Chairman; Peter N. Conathan, Jonathan Hagenstein, Trustees

**Report of the
DIRECTOR OF GOLF OPERATIONS SANDWICH
HOLLOWS GOLF CLUB
FY 2014-2015/ calendar year 2015**

Sandwich Hollows Golf Club is an 18-hole municipal golf facility overlooking Cape Cod Bay. Calendar year 2015 marked the sixteenth year of ownership and management of Sandwich Hollows Golf Club by the Town of Sandwich.

All phases of successful club operations are largely dependant on increasing our total number of rounds on a yearly basis. All efforts - marketing, staffing, capital improvements and policy planning are analyzed and executed with this goal in mind, and with an eye toward FY '16, Sandwich Hollows is confident this progress will continue.

The Clubhouse Sports Bar & Grilled opened its doors. Open for breakfast, lunch, & dinner seven days a week. If you are planning an event please check out the Bay View room. 508-888-0800 . We are pleased to announce that they will be here for the next ten years.

Modest course renovations took place in 2015, including the addition of several golf cart paths, along with some minor tree management.

Spring of 2016 the executive gold course will open. It's a par 64 with nine par 3's, eight par 4's and one par 5 total yardage is 3618.

Impact of new policies affected all facets of golf operations. Most notably, increased attention toward and the establishment of discounted rates for Sandwich charity golf outings. Relationships forged between community leaders and the golf club were extremely productive for all parties involved. Outings have become and will continue to play a significant role in the success of this golf course, with local charitable outings leading the way.

Some of the local groups who held substantial golf functions at Sandwich Hollows in 2015 were:

**SANDWICH FIRE DEPARTMENT
SANDWICH POLICE DEPARTMENT**

Many other groups, most new to the club, participated in holding outings or weekly leagues, or both, in 2015.

The Sandwich Hollows Golf Advisory Committee (GAC) continues to advise management in important areas of both short and long term planning. New GAC Chairman, John Tzimirangas, is currently assisted by the following: Patty Piva, Mike Regan, Norm Theriault, Vic Devine, Bill Gulotta and Paul Washburn.

The Sandwich Board of Selectmen have instituted periodic reviews throughout the year with management regarding general

department policies, accomplishments, goals, planning for the future and accountability of existing management.

The recent success of Sandwich Hollows could not have been achieved without the ever-present assistance of Town Manager Bud Dunham, Assistant Town Manager Doug Lapp, and many other department heads that lent a helping hand when requested. Ted Hamilton, Director of Public Facilities, has been generous with his time and helpful with many projects at the club.

Please visit our website, www.sandwichhollows.com.

Respectfully Submitted,

John R. Johnson Jr.
Director of Golf Operations

Report of the VISITOR SERVICES BOARD

The Visitor Services Board is funded by a percentage of the local occupancy tax. The mission of the Board is to allocate such funds “for programs and projects that enhance the beautification, recreational resources, public safety, promotional and marketing activities, events, services and public improvements which are of clear mutual interest to the residents and visitors of the town of Sandwich, and which strengthen said town as an attractive center for tourism, conventions and related purposes of the visitor industry”

(MA Session Laws, Acts of 1997, Chapter 227).

During 2015 funds were granted for:

The Traffic Island Beautification Program, acquisition of new cork backing material for the “Town Crier” boards, the Sandwich Arts Alliance “Fall for the Arts” program, the Sandwich Chamber of Commerce Winterfest Train event and Welcome Center upkeep, the Canal Region Chamber of Commerce Welcome Center operations fund, the Sandwich Walking Guide and the Sandwich Garden Club (for sustainable plantings under historic signs and planting daffodil bulbs for town beautification).

Report of the GLASS TOWN CULTURAL DISTRICT

The Glass Town Cultural District was established by a partnership between the Town and the Massachusetts Cultural Council in 2012. The GTCD is managed by a collaborative effort of eleven volunteer members who are appointed to a Steering Committee by the Board of Selectmen. The Cultural District's goals are to:

1. Attract artists and cultural enterprises
2. Encourage business and job development
3. Preserve and re-use historic buildings
4. Enhance property values
5. Foster local cultural development

The Cultural District receives its funding from the Massachusetts Cultural Council, which requires matching. This has been accomplished by grants from the Town and other local organizations, plus through fund raising. The Cultural District established a Friends of Glass Town Cultural District in 2015 with 501 ©3 status to help facilitate its fund raising efforts.

One of the highlights of 2015 was the installation of a free Trolley service in the historic and downtown areas during the summer months, complete with narrators. The project was a

huge success and GTCD looks forward to bringing it back in 2016. GTCD also helped the Sandwich Arts Alliance kick-start its programming and a partnership has been formed with them. Other significant sponsorships in 2015 included SandwichFest, the Talk of the Town lecture series, First Night and the Cape Cod Chorale. The Cultural District also continues to support the Sandwich Chamber in making the area a major destination for tourists.

We look forward to providing signature grants and being involved in policy issues furthering the economic and cultural development of Sandwich in 2016.

Report of the SANDWICH HOUSING AUTHORITY

The Sandwich Housing Authority is an independent governmental entity administered by a Board of Commissioners consisting of four members elected by the voters of Sandwich and a fifth member appointed by the Governor of the Commonwealth.

The mission of the Sandwich Housing Authority is to provide safe and affordable housing for low and moderate income persons, encourage self-sufficiency, and continuously pursue opportunities for the expansion of affordable housing units whenever financial or regulatory opportunities may exist.

The Authority currently provides housing for families, senior citizens and people with special needs at properties located on George Fernandes Way and at Hansen Village on Tom's Way.

These properties include:

- 28 units of state-funded Section 667 elderly housing
- 8 units of state-funded Section 667 congregate housing
- 13 units of state-funded Section 705 family housing
- 12 units of state-funded Section 689 special needs housing
- 3 units of CPC-funded rental housing

The Authority also administers State and Federal rental vouchers which can be utilized at non-SHA rental properties throughout the area including:

- 22 state-funded MRVP vouchers for low-income families and individuals
- 23 state-funded AHVP vouchers for low-income & disabled individuals
- 28 HUD Section 8 vouchers for low-income families and individuals.

2015 was both a challenging and an exciting year for the Sandwich Housing Authority.

As with housing agencies across the Commonwealth, the SHA continued to see a growing demand which far exceeded its supply of available housing. Fortunately, SHA was the recipient of 15 additional vouchers (both MRVPs and AHVPs) to provide more subsidized housing opportunities for the residents in our community. 2015 was also the year that the Department of Housing and Community Development began implementation of the Local Housing Authority Act of 2014. The bill includes sweeping changes to the oversight, governance, and operation of local housing authorities, but also provides innovative strategies designed to assist authorities with capital improvements, purchasing, unit turn over, wait list management and interagency collaborations. Sandwich Housing Authority looks forward to the increased efficiencies and funding opportunities that will allow us to deliver more housing and services to our community.

Sandwich RAP Program –Three Sandwich families now occupy homes that were acquired and renovated using a portion of the RAP funds which were approved by the Community

Preservation Committee (CPC) and Town Meeting. Under this program, CPC funds are used by the SHA as a down payment to acquire and renovate an existing housing unit for a qualified family. The income generated through the rental of the unit is then used to fund the monthly mortgage payment to a local bank. The SHA continues to review available properties and may acquire additional units in the future.

Expansion of George Fernandes Way -- The Authority continues to work with its development team to create 24 new units of affordable housing on SHA-owned land adjacent to George Fernandes Way (GFW). The Community Preservation Committee originally awarded \$1.85 million toward this project; as a result of the 2013 Fall Town Meeting, \$450,000 of this award is now available to preserve the existing 12 units at GFW. This money has been matched by a \$450,000 grant that the Housing Authority received under the Massachusetts Department of Housing and Community Development (DHCD) High Leverage Asset Preservation Program (or HLAPP). Renovation and preservation work is underway, and is expected to be completed in the spring of 2016.

The Board would like to thank our Executive Director and Staff for all of their continued efforts during the year as well as their ability to find a positive side to almost every situation!

The Authority would also like to thank Town Manager Bud Dunham, the Board of Selectmen, the Police & Fire Departments, the Department of Public Works, the Council on Aging, the Board of Health, the Town Planner and all the other town agencies for their continued assistance, cooperation and support throughout the year.

Regular public meetings of the Board of Commissioners are scheduled for the first Thursday of each month at 6:00 PM in the Community Room at Hansen Village, 20 Tom's Way. To confirm meeting times, or for more information on eligibility or unit availability, please contact the Sandwich Housing Authority at (508) 833-4979.

For more information, please visit our website at www.sandwichhousing.org

Report of the PUBLIC HEALTH NURSE

As in the past several years, viruses have once again been high on the Public Health concern list. H3N2, H1N1, H7 and H5 viruses, Ebola, Mers, Dengue, Chikungunya, and now Zika virus are in the news frequently and public health experts from around the world are paying closer attention to their spread. Viral and bacterial contamination of food products resulting in enteric disease and food recalls have been a public health problem this year. A disease causing problems in any country can now become our problem within 24 hours. Furthermore, the implication for travel, trade, humanitarian aid, and the political stability of countries is real. The Center for Disease Control and Prevention, State Public Health and local Public Health agencies share information, sometimes daily, in order to monitor and prevent major public health problems.

This year, using the Massachusetts Virtual Epidemiologic Network (Maven), Sandwich Public Health Nursing has received 153 suspect, probable, and/or confirmed cases of reportable diseases in Sandwich. There were 76 reported tick borne diseases, with only babesiosis, anaplasmosis, and ehrlichiosis requiring follow up with the patient. There were enteric illnesses such as Salmonella, C. Difficile, Campylobacter, and Yersinia which required follow up. We had Tb, Streptococcus Pneumoniae, Group B Strep, and Norovirus which required contacting the patient and obtaining information. Other diseases such as Hepatitis C, Influenza, and Lyme Disease were identified and were indicative of public health problems, but did not require additional information. Some diseases require information based on question packages relevant to each disease. With this information MDPH and CDC can track outbreaks and focus on control and prevention.

This department gave over 600 flu shots in multiple clinics held in the Human Services Building as well as at Shawme Heights, Hansen Village and the police and fire departments.

Ninety immunizations were given during the monthly shot clinics which are held the 2nd Tuesday of each month.

I administered:

- 45 Prevnar (for the prevention of pneumococcal pneumonia)
- 2 Pneumovax 23 (for the prevention of pneumococcal pneumonia)
- 13 Tdap (tetanus, diphtheria, and pertussis)
- 7 Zostavax (for the prevention of shingles)
- 6 Hepatitis A
- 11 Hepatitis B
- 3 MMR (mumps, measles, and rubella)
- 1 Varicella (chickenpox)
- 2 Typhim Vi (typhoid)

Fortunately, we were able to bill insurances for many of these immunizations. I also administered 61 B12 injections to those patients with doctor's orders. I did Tb testing on 32 residents and read them 48-72 hours later. All immunizations (except for Tb testing and B12) are entered into the

Massachusetts Immunization Information System. Immunization billing is done through the University of Massachusetts Center for Health Care Financing.

I have done over 104 blood pressures on an as needed basis. This may also include medication counselling, dietary counselling, and speaking with primary care physicians.

I made 21 home visits for medication administration and refills, cognitive issues, immunizations, and assessments. There were 85+ medical calls and walk ins. Some walk ins required: dressing changes; treatment of abrasions; suture removal; tick removal; evaluation of rashes and bites; dietary teaching; medication review; and evaluation of immunization history.

The durable medical equipment shed had over 364 visits where residents were able to borrow equipment such as wheelchairs, walkers, shower benches and chairs, commodes, bed rails, canes and crutches. The equipment can be borrowed free of charge for as long as a resident of Sandwich requires it. Hours are 8:30AM-4:30PM.

Ticks caused multiple health problems on the Cape. There is information on tick prevention available in this office. This past year, residents on the Cape were able to send ticks to The Laboratory of Medical Zoology at the University of Massachusetts, Amherst and have ticks tested free of charge. For the coming year ticks can be tested for a \$15 fee. Please visit www.TickReport.com for information on testing. I routinely checked with local hardware stores to make certain that permethrin and deet were being stocked and also did a presentation on tick borne disease prevention. At this summer's Human Services Association I distributed tick removal kits as well as information on disease prevention, immunizations, and healthy diets.

Our website *Sandwich Public Health Nursing.com* has clinics posted as well as relevant public health information. The latest posts include information on Zika virus, Human papilloma virus, and flu clinics.

I am grateful to our nursing and administrative volunteers who worked at and supported the flu clinics. Carol Queenan RN, Maureen Schneider RN, Sue Selby RN, and our two "students" Thomas Griffin and Marieh Azari were both professional and energetic as they administered flu vaccine. Addie Finn, Rosemary Rhoades, Joanne Heatley, Joan Foley, Gerry Selby, Marilyn Bassett, and Patricia Young all provided excellent administrative assistance. My thanks once again to Jeannette Scalese for her help in keeping the office running.

Respectfully submitted,

Joanne Geake MPH, BSN, RN

Report of the SANDWICH COUNCIL ON AGING

FY 2015

The mission of the Council on Aging is to 1) advocate on behalf of Sandwich elders in addressing their needs by identifying and developing resources of assistance; 2) provide information, referral, outreach, nutrition and health services, in cooperation with other Town Departments and area agencies; 3) enhance quality of life for seniors and the community by providing educational, recreation, cultural programs and activities; and 4) set policy for operation of the Senior Center.

Our senior citizen population (age 60+) is 5,719 (29% of the population) FY14 was 5,881 – 28%. **We know there will continue to be a dramatic increase in the numbers of residents turning 60 – in 2025 the projected number is 9,420 – 47% of the population (based on numbers in 2015 census).** Your Council on Aging staff and Board of Directors as well as our Friends of Sandwich Council on Aging are aware and concerned regarding this growth trend and will continue to advocate to ensure your Council on Aging is able to serve this growing population.

Our **Outreach Program** is vital to the safety, security and well being of our senior citizens and their families. Living independently and safely in one's own home as long as possible is important to most senior citizens and our Outreach Program is crucial to that goal. We work closely with many local, state and federal agencies to leverage as much assistance as possible. We continue to try to meet the challenge to supplement funding cuts to programs that are important to senior citizens. Much of the help we receive comes from donations and the willingness of Sandwich citizens of all ages to assist in so many ways.

We provide programs to address outreach needs and/or concerns, information and referrals, advocacy for senior citizens and their family members. In FY 15, our Outreach Program assisted 275 senior citizens plus assisted an additional 88 with applications for fuel assistance. We also assisted 56 community members under age 60 and provided fuel assistance intake assistance for 44 families age 59 and under in Fiscal 2015.

As a service to community members of all ages, we continue to oversee the Global Petroleum Oil donation of 1,200 gallons of home heating oil. Eight residents age over 60 and five families under age 60 benefited from this donation to the community. We also continue to be an intake site for the State Fuel Assistance Program through South Shore Community Action for all members of the community. We encourage residents of any age struggling with heating bills to contact us at 508-888-4737 to inquire about program guidelines.

Our **Volunteer Program** is crucial to our operation. Talented and dedicated volunteers deserve most of the credit for the success of the work of the Council on Aging. If you are interested in helping out please contact our Volunteer Coordinator at 508-888-4737. **You do not have to be over age 60 to volunteer!** Our volunteers make possible many programs

such as: Reception Desk coverage, Seminars, Tai Chi, Friendly Visitors, Handyman Repair Program, Telephone Reassurance, Intergenerational Programs, Transportation and our Newsletter collating. Our Board Members are also volunteers as are the Friends of Sandwich Council on Aging Board. In FY 15, our 121 volunteers gave 7,324 hours valued at \$146,480. Our volunteers are vital not only to the Council on Aging but to all Sandwich residents. We honor them each year with a recognition luncheon made possible with State Formula Grant funds.

Our Transportation Program: The Council on Aging has two vehicles – 12 passenger van as well as a bus we received through a grant award from the Cape Cod Regional Transit Authority in February, 2010. We operate our passenger vans to transport seniors to medical appointments, grocery shopping, pharmacy, banks, area malls, and errands such as the library, town offices, hair dressers, barbers as well as to programs at the Council on Aging. We also transport to Sight Loss Support Group once a month. The users of this service pay a donation to support this program and necessary maintenance costs.

The Town of Sandwich has acknowledged the need and has supported funding two part-time Bus Drivers which greatly improves our ability to provide necessary transportation to our senior citizens. We continue to supplement requests with our dedicated volunteer drivers.

We also have volunteer drivers available to drive seniors to medical appointments. This program is critical, as many seniors can no longer drive.

Other Programs: We provide many social, educational and wellness programs and we encourage you to explore our offerings.

Staff or volunteers responded to 27,478 Telephone calls (28,009 in FY14) for general information and referral, transportation, educational seminars, social programs, outreach requests, fuel assistance, financial assistance, health issues/screenings, and insurance counseling—SHINE (Serving the Health Information Needs of Elders).

Participation at our programs during FY 15 was 19,101* (20,237 in FY14) in areas such as our many classes, seminars, socials, day trips, luncheons, transportation to medical appointments, grocery shopping, appointments for lawyers, tax preparation, health screenings, support groups and wellness programs. Evening and Saturday fitness programs continue to be very popular.

THE NEWSLETTER: Our newsletter is published 10 months (December/January and July/August are combined) and is made possible with the support of local merchants who advertise in our Newsletter. *We receive no town funds.* They make possible the printing and mailing of our Newsletter (13,918 mailed and 305 issues e-mailed) {14,949 in FY14} to businesses and residents. Additionally, the Council on Aging hand delivers over 200 to residents living in housing as well as library and town offices. In order to save postage costs, we do

encourage receiving via e-mail. This Newsletter communicates the programs and services being offered at the Council on Aging as well as information on health, legal and financial issues. As many as 20 volunteers address and collate the Newsletter each month. We thank our advertising sponsors for their ongoing support.

Many organizations provide support and assistance to the programs and services at the Council on Aging. They are: Friends of the Sandwich Council on Aging, many Home Health Care Agencies, Sandwich Cultural Council, American Legion Post #188, Lion's Club, Sandwich Women's Club, Shawme Heights Management, Inc. We thank them and ask you to support their fund raising efforts. We also thank private citizens who support us through their donations of funds and items such as craft items, supplies and services.

We continue to work closely with other Town Departments. These men and women are always ready to assist the Council on Aging and Sandwich Senior Citizens. We thank them and sincerely appreciate their support. We partnered with Sandwich Fire Department on the 'Community Wellness Program'. This pilot program assigned four specially trained EMT's to visit eight at risk seniors living alone. One goal was to reduce readmission to hospitals.

Eleven members comprise the Policy Making Board of the Council on Aging. The Board would like to thank the citizens of Sandwich and officials for their assistance and support during the year. ***The Board will continue to advocate for the need of a Senior Center to provide appropriate and adequate space and has made this their number one priority. We continue to remain hopeful that there will be encouraging news soon for a timeline for the building of our Senior Center.***

We are fortunate to have the services of a knowledgeable and caring staff. Town funded positions are Mary-Ellen Steeves, Administrative Assistant, who provides assistance and support in so many ways to the staff and program participants as well as coordinating the Tax Credit program, Transportation Program and Computer Classes; Rita Wahlstedt, Outreach Coordinator who provides social service work and advocates for services for clients; Patricia Ryan, Volunteer and Special Projects Coordinator who provides the much needed organization for our volunteer program as well as the coordination of some of our special programs; and our part-time Bus Drivers Al Nicalazzo and Michael Angelica. We receive State Formula Grant funding which enables us to fund Patricia Ryan, Volunteer/Special Projects Coordinator and Ginger McElhinney, Clerk who helps with transportation requests and data entry. We will continue to work to provide interesting and meaningful programs and services for you.

Sandwich Council on Aging appreciates the support received from our community and will continue to work to earn your support and trust.

GENERAL INFORMATION

School Committee Meetings:

Regular School Committee Meetings are held at 7:00 PM at the Town Hall on Wednesday evenings twice a month, as posted.

School Entrance Ages:

School Committee Policy states: "Children must be five (5) years of age by September 1st to be eligible for kindergarten and six (6) years of age by September 1st to be eligible for first grade."

Birth Certificate:

A birth certificate is required for all children registering as students.

Medical Requirements:

Medical requirements for school entrance are immunizations according to the General Laws of Massachusetts, certified by a doctor.

State Regulations:

The School Committee or Board of Health shall cause every child in the public schools to be separately and carefully examined by a physician duly registered in Massachusetts within six months before entrance to school or during the first year after entrance and at intervals of either three or four years thereafter.

No School Information:

Every effort will be made to have school whenever feasible. If the conditions are severe, school will be canceled. If conditions are almost safe but the Highway Department needs extra time to plow, the school day will be shortened. Under this alternative plan the opening of all schools and all bus pickups will be delayed two hours. You will receive an "Alert Now" message regarding no school announcements or a two hour delayed opening. Announcements will also be carried by radio stations WQRC 99.9 FM, CAPE 104, WCOD 106.1 FM, WXTK 94.9 FM, as well as television stations WBZ Channel 4, WCVB Channel 5, and WHDH Channel 7.

Report of the SUPERINTENDENT OF SCHOOLS

Forestdale School - 2015

Mission Statement

At the Forestdale School we grow readers. We are a family of learners. We are safe, have fun, are kind to one another and never give up.

The Forestdale School provides a safe and respectful environment for our family of students, parents, staff and volunteers. Our early learning campus is focused on meeting the needs of the Town's youngest students and supporting their families in the growth and development of their children. Fulfilling this mission for our PreK-2 school of 667 students is the shared responsibility of the school, home and community.

Students at the Forestdale School are taught by highly qualified and dedicated professionals. To ensure continued professional growth, all staff regularly participates in professional development. Literacy professional development is provided by several of our own staff and supported by our ongoing relationship with Lesley University and the Literacy Collaborative Program. They also receive regular professional development in either math or science that focuses on a deepened understanding of content standards and effective pedagogy. Lastly, the District supports teachers in their pursuit of individual targeted professional development that meets the specific needs of staff and the students they teach.

The students at Forestdale participate in a wide variety of extra-curricular, age-appropriate activities. These extra-curricular activities are available through a combination of staff led programs as well as partnerships with the Town's Recreation Department and our Sandwich Elementary PTA. Parents are kept up to date about events at the school through monthly newsletters, our website, the Virtual Backpack, our Twitter account and our Alert Now system.

The two elementary schools are supported by a very active PTA that supports the work of students and staff. The PTA helps support student activities and enrichment through their fundraising efforts, additionally they provide a variety of other supports to the students and staff through their consistent volunteerism. There is also a strong home-school partnership that contributes to a positive school environment and a family atmosphere.

Forestdale School begins the day with Music Everyday, a program brought to us from the Cape Cod Symphony. Each week a different composer is featured. Daily, students are read a short paragraph about the composer and one of his/her compositions. They then listen to the concerto or movement by the composer.

The continued success for the Forestdale School is a result of well developed relationships and a strong collaborative partnership between students, staff and parents. Each member

positively contributes to a culture of support, trust and high expectations that define the Forestdale School Family

Oak Ridge School - 2015

During 2015, the Oak Ridge school transitioned between a school that served 533 kindergarten through grade 6 children, to one that serves over 900 students in grades 3 through 6. Through a reconfiguration of our school, we unified all of our Town's children in a program designed to meet the unique needs of the intermediate aged child.

Through the process of coming together with teachers parents and children, our school crafted a school focused on the theme of "Exploring the 7C's". These ideals begin with an emphasis on the 21st Century Skills of Collaboration, Communication, Critical Thinking and Creativity that all students need to be successful in careers of the future. Character, Curiosity and Community add to this foundation of beliefs that shape the Oak Ridge school into an Intermediate Learning Campus.

The focus on the 7C's is infused into all subject areas and is even the focus of one of our Enrichment opportunities for students. Exploring the 7C's is a course built upon these values and gives students the opportunity to live the mission of the school. Students in the 7C's class explore engineering and design, collaborative learning and outreach to their community. The overarching question of this course is "What does it mean to be part of a Community?" As students progress in the grade levels, their lens of viewing this question broadens from their school community, to their town, to their nation and ultimately toward their role in a global community.

In order to support these values, Oak Ridge renewed its dedication to Responsive Classroom (RC) and utilizes these techniques through Morning Meeting, classroom interactions, lunch and recess. The RC model guides our social interactions between staff and students and among the student population.

The Oak Ridge School collaborates with Superintendent Canfield and administrators in aligning our school improvement efforts to carry out the district mission, vision, values and goals and in implementing the Massachusetts Framework Standards in all curriculum areas. Our schools have developed professional learning communities through our Curriculum Coordinators to examine curriculum data in Language Arts, Mathematics, and Science to enhance teaching and learning. We are working diligently to map district curriculum and to align to changes in standards influenced by the Common Core Standards and the Next Generation Science Standards.

Additionally in 2015 we continued our work toward the implementation of Standards Based Report Card moving into grades 3-6. The process began in 2013 and involved teachers, Curriculum Coordinators, administrators, and parent focus groups. This project was supported through on-going input and professional development for staff as well as on-going feedback from parents. The project initiated with grades K-2 in 2014 and

continues into grades 3-6 with a planned implementation in the 2016-2017 school year.

Our elementary schools provide on-going literacy professional development led by school-based literacy teachers and our coordinators. We are a Literacy Collaborative School and enjoy a long standing relationship with Lesley University's Literacy Collaborative and Reading Recovery Center. We support our teachers through Literacy Coaches. Our students engage in guided reading, writing workshop, language, and word study through their work with teachers. We also use a multi-tiered system of support to address individual student needs in mathematics. Our Math Coach and the Mathematics Interventionists, support teaching and learning in all grades.

Beyond core academics, our mission seeks to develop the whole child. To accomplish this, our school offers Music, Wellness (Combining Health and PE), Art, and Technology classes for all students in grades 3-6. Beginning in grade 4, students have the option in participating in instrumental music, chorus or general music. Students in grades 5 and 6 experience Graphic Art and also have an additional option of Violin as one of their Instrumental Music choices.

In addition to the exposure to technology in their Specials class, technology is embedded in all classrooms through the use of Smart Boards, document cameras, and increased access to technology using Chrome Book carts. In addition, we have a Technology support person and a Tech Integration Teacher.

Beyond the school day, we provide our students a variety of clubs and activities. Through our partnership with Sandwich Recreation students participate in Craft Clubs, Mad Science, Ball Games and Running Clubs to name a few. In addition, our staff run before school dance clubs, before school band, and after school Chess, Art and Drama opportunities. Our students also have a strong commitment to community service and take part in on-going community service projects, 5th and 6th grade Student Council and Recycling and Gardening Clubs.

We share this passion to support the whole child with our parent partners. The newly formed Sandwich Elementary Schools PTA is a dynamic group that supports students and staff in both the Forestdale and Oak Ridge Schools. Our teachers and parents bring evening activities for students and families including Family Movie Nights, Fall & Holiday Fairs, as well as informational nights for parents. They also provide enrichment activities during the school day such as Anti-bullying Messages, author visits, and many field trips such as trips to Green Briar, Plymouth Plantation, Harwich Junior Theater, and Heritage Museum and Gardens Outdoor Adventure Center

Our strong home-school partnership contributes to a positive school environment and we are all working toward a common goal in the best interests of our children. Teachers and parents also participate in the Respect for Human Differences Committee comprised of parents and teachers who work diligently to help students recognize and celebrate both their uniqueness and their community, and empower students to support others in the world community.

Our schools also work closely with the Police and Fire Departments to enhance our Emergency Response, including practicing multiple on-site evacuations and lockdowns, increasing security measures throughout the school, and providing additional safety information for substitute teachers, volunteers, and all parents. Internally we train and support our own Building Emergency Response Team (BERT) to enhance relationships between staff, students and emergency personnel. Finally, as we complete the unification of the District, increased communication and parent engagement is a focus. Through the PTA and School Improvement Council parents are given a voice and an opportunity to impact the direction of the school. Shared Leadership through fostering teacher leaders is also a focus. The creation the Collaborative Design Team (CDT), Team Leaders, Scheduling Committee, BERT, and Literacy Leadership gives teachers a voice as well. These teams engage in projects such as enhancements to the facility and how to achieve each school's Mission and Vision. In addition, Oak Ridge uses on-line newsletter formats, and contributes to the Districts on-line newsmagazine, *Sandwich Learns Together*. We also use Twitter as a way to share the many exciting things going on at Oak Ridge day to day. To follow news specific to Oak Ridge please go to <http://orprincipal.weebly.com> or for District News to <http://sandwichlearnstogether.org>. To follow us on Twitter please go to @OakRidge_SPS

Sandwich High School/ STEM Academy – 2015

When the doors to Sandwich High School/ STEM Academy opened in September, 2015, it was immediately clear to all that the new configuration put into place the prior year had achieved its anticipated results. On the first day of school this fall, over 1200 students arrived exuding a sense of positive expectancy as they moved through the halls with an easy ebb and flow that signaled the arrival of eager learners. The excellent attendance at all orientation events proved to be a harbinger of an exceptionally smooth opening. The spirited anticipation defining the second year of SHS/ STEM Academy set the tone for the entire semester.

The culture at Sandwich High School and STEM Academy is defined by Blue Knight Pride. The definition of BKP involves treating people the way you wish to be treated and always placing team before self. BKP is evidenced in all areas of academics, arts, and athletics.

Rising to the high expectations set by the preceding graduating class; the Class of 2015 was a source of great pride. Students were accepted at the most prestigious colleges and universities throughout the country including Massachusetts Institute of Technology (MIT) Brown, Boston College, Drexel University, NESAC schools including Colby, Middlebury, Trinity, Tufts, and Williams. Crediting our increased focus on STEM based education; SHS graduates studying Rensselaer Polytechnic Institute, Worcester Polytechnic Institute and Wentworth Institute of Technology are unanimous in their appreciation of the level of preparation they received at Sandwich High School.

Last year began, and this year continues, a deliberate and intentional effort to ensure that students graduate from Sandwich High School with the requisite skills and attitudes about learning that will prepare them for jobs of the future. The research confirms that rapid advances in innovation and technology have eliminated structured traditional jobs from the economy leaving millions of young Americans at risk. Companies want to hire creative problem solvers who will invent ways to add value to an organization. It is incumbent upon today's high schools to prepare students for 21st century career opportunities. To do so requires major shifts in curriculum, pedagogy, and assessment practices. Sandwich High School and STEM Academy have evolved into learning environments largely defined by project-based learning and authentic demonstrations of mastery.

STEM is a mindset that permeates all aspects of academic disciplines. Perhaps the most visible change in Sandwich High School is its extension of Project Lead the Way (PLTW). Sandwich is joining 6500 other high schools throughout the nation in adopting PLTW pathways in Engineering, Biomedical Science and Computer Science. Our Program of Studies has been contemporized as we set a new direction reflective of new and emerging current career paths. Sandwich High School continues to expand its PLTW offerings to include required courses in grade 9 and expanded electives in Engineering and Biomedical Sciences.

Our dedication to fulfilling our urgent obligation to prepare students for a rapidly and largely undefined future is balanced by measures of existing excellence. Sandwich High School achieves Level One Status based on academic indicators of success for the 2014-2015 school year. Among these indicators were high MCAS scores, high percentage of students enrolling in Advanced Placement courses, and an impressively low drop-out rate of less than 1% coupled with an equally impressive high graduation rate of 97% of students graduating on time with their peers.

We have continually expanded and contemporized academic opportunities which now include Advanced Placement Statistics and Advanced Placement Computer Science while not losing sight of our long standing success in the Humanities. In the area of theater and music, the Knights Theater Company and Sandwich Soul continue to amaze and entertain the entire community of Sandwich and beyond. Under the inspired direction of Melinda and Kevin Lasit, these groups continue to provide professional quality performances each year.

Looking back on the 2014-2015 school year and the first semester of the current school year, it is clear that the arrival of the STEM Academy has energized the hallways, invigorated the classrooms while providing a welcome catalyst for positive changes at Sandwich High School. The shared commitment grades 7-12 to providing a rich and robust array of programs united in their goal of enhancing student engagement is a formula for success for the young people of Sandwich. Informed by best practice and guided by evidence based research, Sandwich High School is at an exciting juncture. We, like all excellent districts, are re-imagining schools in ways that give every child a chance to find meaning in, contribute to, and

prosper in their rapidly evolving futures. We are grateful for the support and confidence of the community as we guide the journey of life-long learners.

Sandwich STEM Academy - 2015

The 2015-16 school year for the Sandwich STEM Academy opened with a renewed commitment to academic excellence and increased opportunities for middle school students. The approach to teaching has redefined STEM(Science, Technology, Engineering, Mathematics) to include Arts and Humanities through **Strategies That Engage Minds**. Opening week included a keynote presentation from undersea explorer Barry Clifford who shared his interdisciplinary, world experiences with students. After a successful opening year the STEM Academy continues to be structured in teams using project-based learning as the primary mode of instruction.

All students take classes in the core subject areas of English, mathematics, science, and social studies. In addition they may choose a foreign language from French, Spanish, Mandarin, or Latin. All students are enrolled in the highly successful Project Lead the Way engineering program in both 7th and 8th grades as well as an enhanced art curriculum. Health and physical education are also required and students continue to select from a wide array of courses in all departments for elective courses including new classes in architecture, Model United Nations, and game design.

The students are given 1:1 technology in the form of chrome books which are used in every class. Much of the curriculum uses online resources. Inquiry methods and authentic problem solving skills are emphasized in a block schedule that allows time in each class for in depth study, research, and understanding.

The STEM Academy has been fortunate to have many professional volunteers assist in the programs through guest speakers, field trips, and class projects. Some of the organizations that have worked with the students include the Manomet Center for Conservation Sciences, the Cotuit Center for the Arts, the Waquoit Bay National Estuarine Research Center, the Harwich Junior Theater, the Sandwich Department of Natural Resources, and the Institute for Marine Innovation, Research, and Sustainability. Members of the advisory boards (science, arts and humanities) have given students additional opportunities to participate in community projects. The STEM Parents Group has sponsored several student activities including the popular Snack Shacks and the first movie night. In addition a successful Dessert and Discussion information series for parents was begun by the parents group.

The team approach to middle school education is an essential ingredient in the success of project-based learning, and this is modeled daily by an outstanding faculty, that continue to motivate and inspire their students through creativity and collaboration. The adoption of the core values by the stakeholders in the STEM Academy gave the school its vision and mission. The words **Share, Question, Understand, Investigate, Respect, Excel, and Service (SQUIRES)** are the

guiding ideas throughout the school. These are manifest in the classes, sports, clubs, and activities that make up the daily life of a middle school student in Sandwich.

And it is these students who continue to inspire all of us with their energy, enthusiasm, and excitement from food drives to art shows to robotics competition. We are truly fortunate to be educators in Sandwich and to work with this amazing group of young people.

Report of the UPPER CAPE COD REGIONAL TECHNICAL SCHOOL

To the citizens of Bourne, Falmouth, Marion, Sandwich, and Wareham:

ELECTED SCHOOL COMMITTEE REPRESENTATIVES:

TOWN OF BOURNE	MARY CROOK
	JULIE WING
TOWN OF FALMOUTH	THOMAS CORRIVEAU
	MARK MANCINI
TOWN OF MARION	ELIZABETH MAGAURAN
TOWN OF SANDWICH	MICHAEL DEGAN
	STEVEN CHALKE, TREASURER
TOWN OF WAREHAM	DOMINIC CAMMARANO
	ROBERT FICHTENMAYER, CHAIR
SUPERINTENDENT	ROBERT A. DUTCH

Upper Cape Cod Regional Technical School foundation enrollment, as of October 1, 2014 consisted of two hundred eleven (211) students from Bourne, one hundred twenty-eight (128) from Falmouth, thirteen (13) from Marion, one hundred twenty-seven (127) from Sandwich, and two hundred forty-three (243) from Wareham. The school also has a full-time, self-sufficient adult Licensed Practical Nursing program with both day and evening programs available to students. For several years now, the school remains enrolled beyond capacity with a large waiting list. Due to the success of quality career and technical education garnering praise on regional, statewide, and national, fronts, the interest in attending Upper Cape Tech is increasing while the number of school age children is decreasing. Due to our limited number of seats the number of applicants who cannot be afforded the opportunity of a career and technical education continues to be significant.

School spirit has increased dramatically as enrollment has increased. Participation in athletics and extra-curricular activities is at an all time high. The winter sports season brought the first year of a varsity hockey team for Upper Cape Tech after participating in a cooperative team with Mashpee High School for the past several years. Additionally, the girls' lacrosse team participated in their first season as a varsity team after an initial

year as a club team. The school year concluded with Upper Cape Tech students experiencing great success in several trade competitions. Thirteen students competed at the national level of the SkillsUSA competition in Louisville, Kentucky resulting in two gold and one bronze medal for Upper Cape Tech. Additionally, five Horticulture students fared well at the state Future Farmers of America state competition, qualifying them to participate in the national competition which will take place in Louisville in October of 2015, where last year Upper Cape Tech earned a gold in Nursery Landscape.

Upper Cape Tech continues to expand its offerings for adults and other out of school individuals. Adult tuition students, specialized afternoon and evening occupational programs, and summer programs are additional to the 722-pupil school day enrollment. Upper Cape Tech continues to offer valuable cost-effective services to its communities via its day and evening programs. During this fiscal year 1,719 adult students were enrolled in evening courses.

As the fiscal year concluded, several building projects were underway. In an effort to increase classroom availability for the increasing enrollment, construction was completed on an outside building for the Carpentry program. Construction began on a wastewater treatment plant and the Cosmetology shop underwent a complete renovation. Additionally, a STEM (Science, Technology, Engineering, and Mathematics) laboratory was created after the district was awarded a \$99,600 grant through the Massachusetts Life Sciences Center. A portion of that grant funding was also used to purchase portable wireless science lab equipment which allows the students to transmit data to their iPads from remote water and soil testing areas.

Upper Cape Tech staff and students are able to undertake much of the maintenance of the building, along with monitoring the facility's complex ventilation and heating, saving thousands of dollars in outside labor costs. Cost saving measures on the horizon include net metering credits for wind power and the installation of solar canopies on the Upper Cape Tech parking lot.

The Regional School District Committee extends its appreciation to the many advisory boards that assist us in developing and maintaining educational programs, various town and school officials who support our efforts, and school staff members. It is the combined effort of all of these individuals that has enabled the success of the school and its graduates for the benefit of our communities. We look forward to your continued support.

Respectfully submitted,

Robert A. Dutch, Superintendent

Meeting Schedule

This section is subject to change. Please check the Town's Website www.sandwichmass.org to confirm the date, time and location of meetings.

Board of Appeals

2nd & 4th Tues., 7:00 p.m., Human Services Building,
270 Quaker Meetinghouse Road
